Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Magna-Tech Manufacturing Company 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the eleven months then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the *Department of Labor's Rules and Regulations for Reporting and Disclosure* under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Sentry Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the eleven months ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at end of year and delinquent participant contributions as of December 31, 2015, are required by the *Department of Labor's Rules and Regulations for Reporting and Disclosure* under the *Employee Retirement Income Security Act of 1974* and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the *Department of Labor's Rules and Regulations for Reporting and Disclosure* under the *Employee Retirement Income Security Act of 1974*.

MAGNA-TECH MANUFACTURING COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of Magna-Tech Manufacturing Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Magna-Tech Manufacturing Company (the Company), who have met eligibility requirements and are not specifically excluded. The Plan became effective on February 1, 2015. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974 (ERISA)*.

Eligibility – Employees become eligible to participate when they attain the age of twenty-one and complete one hour of service within the six month time period following their date of hire.

Contributions – Participants may make voluntary contributions up to the maximum contribution limitations established annually by the Internal Revenue Service. The Plan allows for both pre-tax and Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions may be permitted at the discretion of the plan administrator. Participants direct the investment of their contributions, as well as all Company contributions, into various investment options offered by the Plan. The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferral each payroll period. The Company may also make a discretionary nonelective contribution annually. No discretionary matching or nonelective contributions were made during the period ended December 31, 2015.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company's matching contribution, the nonelective Company contribution, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their contributions and earnings thereon. A participant is 20% vested in his or her share of all Company sponsored contributions including earnings thereon after two years of credited service, increasing 20% annually thereafter. A participant is 100% vested after six years of credited service.

Benefit Distributions – Benefits generally are distributed upon the participant's termination, normal retirement, disability retirement, or death. Benefits are payable either in a lump sum in an equal amount to the sum of the participant's individual vested account, or installments equal to the sum of the participant's account. In-service and hardship withdrawals are also available subject to certain conditions and limitations.

MAGNA-TECH MANUFACTURING COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (continued)

Forfeitures – Forfeitures consist of the portion of employer contributions not vested as of a participant's date of termination. They are used to pay plan expenses first, with any remaining allocated as an additional discretionary nonelective contribution, an additional discretionary matching contribution, used to reduce any nonelective contribution, or used to reduce any matching contribution. There were no unallocated forfeitures as of December 31, 2015. During 2015, no forfeitures were used to pay plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Payment of Benefits – Benefits are recorded when paid.

3. PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions set forth in *ERISA*. In the event of Plan termination, participants would become fully vested in their employer contributions as of the termination date and payment of benefits would be made as provided in the Plan agreement.

4. GROUP ANNUITY CONTRACT

In 2015, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Sentry Life Insurance Company totaling \$180. Sentry maintains the contributions in a general account. The account is credited with earning on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate was 2% for 2015. The crediting rate is reviewed on an annual basis. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

MAGNA-TECH MANUFACTURING COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

4. GROUP ANNUITY CONTRACT (continued)

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Sentry, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC* and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

6. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2015
Investments, at fair value	\$ 643,986
Investments, at contract value	180
Investment loss	(7,658)

7. ADMINISTRATION EXPENSES

The expense of administering the Plan shall be paid either by the Company or by the Plan. For the eleven months ended December 31, 2015, the Plan incurred expenses of \$64 for fees. The Company also incurred expenses related to the administration of the Plan. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

MAGNA-TECH MANUFACTURING COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits, except for the Plan's contract with Sentry Life Insurance Company. See Note 4 for a discussion of that contract. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used when no Level 1 or Level 2 inputs were available.

Level 2 Fair Value Measurements – Pooled separate accounts are valued using the net asset value of a unit of participation held by the Plan at the end of period. Investments in the pooled separate accounts are valued at fair value which is generally determined by the quoted market price of the underlying investments.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
