REPORT OF INDEPENDENT AUDITORS

To the Audit Committee of the Board of Directors
Green Dot Corporation 401(k) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Green Dot Corporation 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company (Fidelity), the trustee of the Plan and Great-West Life & Annuity Insurance Company (Great West) the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity held the Plan's investment assets and executed investment transactions as of December 31, 2015 and 2014 and for the year ended December 31, 2015 and Great West held investment assets and executed investment transactions as of December 31, 2015 and for the period from September 1, 2015 through December 31, 2015. The plan administrator has obtained certifications from Fidelity and Great West as of December 31, 2015 and 2014 and the year ended December 31, 2015, that the information provided to the plan administrator by the trustee and the custodian is complete and accurate.

***Disclaimer of Opinion***

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph on the financial statements, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Report on Supplemental Schedule

The supplemental Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee and the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

GREEN DOT CORPORATION 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Plan Description and Related Information (continued)

Company Matching Contributions – The Company may make discretionary matching contributions on behalf of each eligible participant. For the plan year ended December 31, 2015, the Company matched 25% of Participant pretax contributions up to 5% of eligible compensation.

Contributions are subject to regulatory limitations.

Participant accounts – Participant accounts are credited with the Participant's pretax and rollover contributions, Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's account.

Participant and Company matching contributions, and the income earned on those contributions, are generally not taxable to the Participant until withdrawn. As required by law, Participant accounts are held in a trust.

Vesting – Participants are vested immediately in their contributions and Company matching contributions plus actual earnings thereon.

Investments – Participants direct the investment of their pretax contributions and Company matching contributions in multiples of 1% to any of the investment options offered by the Plan. Participants may change their deferral percentage or investment elections at any time.

Notes receivable from participants – Participant loans are available under the Plan. The maximum amount of any loan, when added to the balance outstanding on all other loans to the Participant, may not exceed the lesser of (1) \$50,000, less the Participant's highest outstanding loan balance in the preceding 12 months or (2) 50% of the Participant's total account balance in the Plan. The minimum loan is \$1,000. The loan interest rate is the prime lending rate established by the Federal Reserve on the business day preceding the issuance of the loan plus 1%. The interest rates for notes receivable from participants at December 31, 2015, ranged from 4.25% to 5.25%.

Participant loans are generally payable over one to five years, unless such loans are used for the purchase of a primary residence under the Plan. As of December 31, 2015, participant loans outstanding mature through March 2044. Repayments are generally made through biweekly payroll deductions and are immediately allocated to the funds based on the Participant's investment elections. Loans may be repaid in full at any time.. Terminated employees shall repay the loans to the employer and the loan must be repaid in full on the maturity date. If a loan is not repaid within its stated period, it becomes a taxable distribution

GREEN DOT CORPORATION 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Plan Description and Related Information (continued)

Benefit payments – Upon disability, death, retirement, or termination, Participants or their beneficiaries are eligible to receive a distribution of the full value of their accounts. Participants may elect to receive their account balance as a lump-sum amount or as installment payments. Distributions from all funds are made in cash. If the Participant's balance is less than \$1,000, the Participant may receive an immediate lump-sum distribution.

While employed, a Participant may make withdrawals from his or her account, as allowed under the Internal Revenue Service (IRS) regulations, subject to certain restrictions as described in the Plan. Certain restrictions associated with withdrawals may be waived in the event a Participant demonstrates financial hardship.

Administrative expenses – Trustee, record-keeping and certain investment management fees are netted against investment returns for each participant. Loan establishment and maintenance fees are paid directly by the participant. Certain of the Company's officers and employees are involved with Plan administration and are not compensated by the Plan for such services.

Termination – Although the Company has not expressed any intent to do so, it reserves the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, accounts will be distributed as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principle generally accepted in the United States of America (U.S. GAAP), using the accrual basis of accounting.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and uncertainties – The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the financial statements, accompanying notes and supplemental schedule.

Investment valuation and income recognition – Investments are reported at fair value. The Plan's custodian, Great-West, certifies the contract value of the guaranteed investment contract as of December 31, 2015 and the trustee, Fidelity, certifies the fair market value of all other investments as of December 31, 2015 and 2014. If available, quoted market prices are used to value investments.

GREEN DOT CORPORATION 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. Refer to Note 3 for additional information.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are allocated based upon participant account holdings on the record date and are recorded on the dividend payment date. Net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from Participants are measured at the unpaid principal balance plus any accrued but unpaid interest. No allowance for estimated uncollectible amounts has been recorded as of December 31, 2015 and 2014, as the notes receivable from Participants are secured by the Participants’ account balances. Delinquent Participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit payments – Benefit payments to Participants are recorded upon distribution.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- | | |
|----------------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

GREEN DOT CORPORATION 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: The Plan invests in the Wells Fargo Stable Value Fund Class M, which is a collective trust fund (CT). Units held in the CT are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CT is calculated based on a compilation of primarily observable market information. There are no redemption restrictions and unfunded commitments as of December 31, 2015.

The following tables provide the amounts and corresponding level of hierarchy for the Plan's investments that are measured at fair value as of December 31, 2015 and 2014:

Fair Value Measurement at December 31, 2015				
	Level 1	Level 2	Level 3	Total

GREEN DOT CORPORATION 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 – Guaranteed Investment Contracts with Insurance Company

On September 1, 2015, the Key Guaranteed Portfolio Fund (Pooled Fund) was merged into the Plan from another plan. The Pooled Fund is managed by Great-West Life & Annuity Insurance Company (Great-West) and held in the general account of Great-West. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The Pooled Fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Pooled Fund is benefit responsive for participant-initiated transactions but prevents the immediate and full payout of the contract value for plan-initiated transactions. The Pooled Fund is considered fully benefit responsive and contract value is the relevant measurement because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contracts. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 – Exempt Party-in-Interest Transactions

The Plan holds certain investments managed by Fidelity and its affiliates and Great-West. Fidelity is the trustee and Great-West is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

Note 6 – Tax Status

The underlying volume submitter plan has received a favorable opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2013-6 and Announcement 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan advisory letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax exempt. As a result, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

Note 7 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, and Great-West, the custodian of the Plan, as of December 31, 2015 and for the period from September 1, 2015 through December 31, 2015, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.
- Net depreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Investments reflected on the schedule of assets (held at end of year).
