INDEPENDENT AUDITORS' REPORT

Plan Administrator and Trustees
Charles Ross and Son Company
401(k) Plan
Hauppauge, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Charles Ross and Son Company 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Financial Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

NOTE 1 - Plan Description

The following description of the Charles Ross and Son Company 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Ross Mixing, Inc. and Ross Engineering, Inc. and Charles Ross and Son Company (a New York corporation), and its wholly-owned subsidiary, Ross Systems and Controls LLC, (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility - Employees must be at least 21 years of age and have completed six months of service, as defined in the Plan document, in order to participate in the Plan.

Contributions - Participants may contribute up to 100% of their annual eligible compensation not to exceed the contribution limits established by the Internal Revenue Service for the contribution period. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings.

The Company may make discretionary matching contributions at amounts to be determined annually by the Company. Such contributions, if any, are recorded for the year to which the contribution applies. There were no discretionary profit-sharing contributions made during the year ended December 31, 2015.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Vesting - Participants are immediately vested in their voluntary contributions and rollovers plus actual earnings thereon. Vesting in the Company contributions is based on years of service. A participant becomes 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service and 100% vested after six years of service.

Participant accounts - Each participant's account is credited with the participant's contributions, allocation of the Company's contribution, if any, an allocation of net Plan earnings (losses), and is charged with an allocation of administrative expenses. Such accounts are invested in available investment options in accordance with the participant's direction and the Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their account balance. The notes are secured by the participant's vested balance and are payable through payroll withholdings. Such notes bear a fixed rate of interest at the prime rate at the time the note is issued. The notes must be repaid to the Plan within a maximum five year period, unless the note is used for the purchase of a residence, in which case the note term may be longer. A participant may have only one note outstanding at a time.

NOTE 1 - Plan Description (cont.)

Payment of benefits - Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. A participant may also elect to receive an annuity payment or installment payments based upon the participant's vested account balance, which are paid over certain periods as defined in the Plan.

Forfeitures - The Plan allows for forfeitures of nonvested account balances to be used to reduce employer contributions and pay administrative expenses. There were no forfeitures applied to reduce employer contributions or to pay administrative expenses during the year ended December 31, 2015. At December 31, 2015 and 2014, the balance of forfeited nonvested accounts, and earnings thereon, available to offset future employer contributions and pay administrative expenses totaled approximately $7,000 for each of the years then ended.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Benefit payments - Benefits are recorded when paid. Upon termination of service due to death, disability, retirement, or separation, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance or installment payments under various options.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Administrative fees - To the extent that administrative expenses of the plan are not paid by the Company, such expenses may be paid out of the Plan provided that the payments are consistent with ERISA regulations. These expenses include, but are not limited to, expenses for recordkeeping services and other administrative and direct costs incurred with respect to the Plan.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Recent accounting standards - In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *"Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)"*. ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value practical expedient in Accounting Standards Codification 820. ASU 2015-07 requires retrospective application and is effective for fiscal years beginning after December 15, 2015 with early adoption permitted. Management has elected to early adopt the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In July 2015, the FASB issued ASU No. 2015-12, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - Part I - Fully Benefit-Responsive Investment Contracts, Part II - Plan Investment Disclosures, and Part III - Measurement Date Practical Expedient"*. Part I requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5% or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Part I and Part II require retrospective application amendments within Part III should be applied prospectively. Management has elected to early adopt the provisions of Part I and Part II of this new standard. Accordingly these provisions were retrospectively applied.

Reclassifications - Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Evaluation of subsequent events - Plan management has evaluated subsequent events through July 22, 2016, the date the financial statements are available for issuance, for inclusion or disclosure in the financial statements.

NOTE 3 - Certified Financial Information

The Plan's assets are invested in various funds. Investments totaling $10,235,017 and $10,052,850, and cash and cash equivalents totaling $23,753 and $7,368 at December 31, 2015 and 2014, respectively, were certified by Transamerica Financial Life Insurance Company ("Transamerica") as complete and accurate based on the records that it maintains in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income totaling $65,867 during the year ended December 31, 2015 was also certified by Transamerica Financial Life Insurance Company as complete and accurate based on the records that it maintains.

NOTE 4 - Fair Value Measurements

"Fair Value Measurements" establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Pooled separate accounts - Valued at the net asset value ("NAV") of shares held by the Plan at year end, which are based on the fair market value of the underlying securities or investments in the funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015	2014
Investments Measured, at net asset value (a)	$ 6,487,542	$ 6,336,375
Investments, at fair value	$ 6,487,542	$ 6,336,375

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

NOTE 4 - Fair Value Measurements (cont.)

The following table summarized investments for which fair value is measured using NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2015			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 6,487,542	N/A	Daily	N/A

	December 31, 2014			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 6,336,375	N/A	Daily	N/A

NOTE 5 - Investment Contract with Insurance Company

The Plan holds an investment contract that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value by investment contract:

	2015	2014
Transamerica Stable Value Fund	$ 3,747,475	$ 3,716,475

The traditional investment contract held by the Plan is an investment in the general account of Transamerica and the value is guaranteed by Transamerica as a going concern. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. Prior to January 1st and July 1st, the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate for the Transamerica Stable Value Fund. The contract does not have a scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 - Investment Contract with Insurance Company (cont.)

Certain events might limit the ability of the plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition of competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or sign-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probably of occurring that might limit the ability of the Plan to transact a contract value with the contract issuers and that also would limit the ability of the plan to transact a contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 6 - Reconciliation of Financial Statements to Form 5500

The differences between the information reported in the financial statements and the information reported in the Form 5500 arise primarily from presenting the financial statements on the accrual basis of accounting.

The following is a reconciliation of net assets available for benefits at December 31, 2015 and 2014:

	2015	2014
Net Assets Available for Benefits per the Financial Statements	$ 10,469,302	$ 10,292,480

Net Assets Available for Benefits per Form 5500	$ 10,470,437	$ 10,294,278

NOTE 6 - Reconciliation of Financial Statements to Form 5500 (cont.)

The following is a reconciliation of the changes in net assets available for benefits during the year ended December 31, 2015:

	Amount
Changes in Net Assets Available for Benefits per the Financial Statements	$ 176,822
Contribution Payable Reflected in the Prior Year	(1,798)
Contribution Payable Reflected in the Current Year	1,135
Changes in Net Assets Available for Benefits per Form 5500	$ 176,159

NOTE 7 - Administration of Plan Assets

The Plan's assets are administered under a contract with Transamerica Financial Life Insurance Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income, and makes distribution payments to participants.

NOTE 8 - Tax Status

The Plan adopted a prototype plan, which received a determination letter from the Internal Revenue Service ("IRS") dated May 30, 2008, in which the IRS stated that the restated prototype Plan document was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has since been amended. However, the Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 9 - Related Party Transactions

Certain Plan investments are shares of funds managed by Transamerica Asset Management. Plan recordkeeping and administration services are provided by Transamerica Retirement Services Corporation, an affiliated entity. These transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employees receive compensation from the Plan.

NOTE 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2015 and 2014, the Plan had investments of $5,906,708 and $4,841,584, respectively, that were concentrated in 3 and 2 funds, respectively.

NOTE 11 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 12 - Delinquent Participant Contributions

For the year ended December 31, 2015, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $684, were corrected through the Department of Labor Voluntary Fiduciary Correction Program in 2016. Additionally, the Company has compensated participants for lost earnings resulting from the delay in contributions.
