NOTE 1 – DESCRIPTION OF PLAN

The following description of The Sullivan's Administrative Managers, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. The Plan sponsor is Sullivan's Administrative Managers, LLC (the Company or Plan Sponsor). Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer defined-contribution plan covering all full-time employees of the eligible and participating companies. The eligibility requirements vary between the different companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Transamerica Life Insurance Company (TLIC) is the appointed trustee, and Transamerica Retirement Solutions, LLC – Emerging Markets provides both the processing services and record keeping services for the Plan.

Contributions

Participants were allowed to contribute up to $18,000 and $17,500 for the years ended December 31, 2015 and 2014, respectively, with additional pre-tax "catch-up" contributions for participants who had attained the age of 50, up to $6,000 and $5,500, at December 31, 2015 and 2014, respectively. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan is maintained by Transamerica Retirement Solutions, which tailors the investment options to each employer. The different employers in the Plan have different matching contribution specifications as defined in the multiple-employer agreement. The matching contributions are invested based on the same investment options as the participant contributions. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting requirements vary per employer and are noted in the multiple-employer agreement. Vesting is based on the term of continuous service. The vesting period varies between zero to six years, depending on the employer.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments until the balance is depleted. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the rate of 4.25 percent, which corresponds with prevailing rates determined by Transamerica Retirement Solutions. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled $17,452 and $19,323, respectively. These accounts will be used first to pay Plan expenses and then to reduce future employer contributions. In 2015, Plan fees in the amount of $198 and employer contribution reductions of $1,921 were provided by the forfeited non-vested account.

Investment expenses

Certain investment expenses, including investment fees and commissions, are paid by the Plan as allowed by the Plan document. All other expenses are paid by the Plan Sponsor.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Investment contracts held by a defined-contribution Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks, including a concentration of investment in a single entity risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assists and have the highest priority. Level 2 inputs consist of observable inputs other than quoted process for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 fair value measurements

The fair value of pooled separate accounts (mutual funds) is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 fair value measurements

The fair value of pooled separate accounts not classified under level 1 are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

Description	12/31/2015	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Pooled separate accounts	$ 4,800,464	$ 2,336,877	$ 2,463,587

Description	12/31/2014	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Pooled separate accounts	$ 5,744,053	$ 2,918,250	$ 2,825,803

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2015 are reported in net appreciation in value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2015, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan currently holds a fully benefit-responsive guaranteed investment contract with TLIC. TLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by TLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2015 and 2014, was $1,023,492 and $896,218, respectively. As of December 31, 2015 and 2014, the crediting interest rate on this contract was 1.25 percent and 1.35 percent, respectively. Such interest rates are reviewed on a monthly basis for resetting.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)
Certain events limit the Plan's ability to transact at contract value with TLIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include: (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 – RELATED PARTY TRANSACTIONS
Plan investments are shares of pooled separate accounts managed by the trustee, TLIC, for the years ended December 31, 2015 and 2014. TLIC was the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management fees and bookkeeping services amounted to approximately $72,000 for the year ended December 31, 2015.

Approximately $15,000 was paid to cover insurance fees and commission services carried out by a related party to the Plan Sponsor on behalf of the Plan for the year ended December 31, 2015.

NOTE 6 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
During the current year, there are no reconciling items between what is reported per the financial statements for the year ended December 31, 2015 and Schedule H of the Form 5500.

NOTE 7 – PLAN TERMINATION
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8 – TAX STATUS

The Plan obtained its latest determination letter on August 16, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States of America. As of December 31, 2015, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities as of December 31, 2015. The Plan's federal tax returns generally remain open for the previous three years.

NOTE 9 – PROHIBITED TRANSACTIONS

As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2015, certain employee withholdings were not remitted by the Company to the Plan within the time period as defined by ERISA. These transactions constitute prohibited transactions. Management transmitted the delinquent participant contributions in 2015 and intends to remit lost earnings to the Plan in 2016 and file form 5330, *Return of Excise Taxes Related to Employee Benefit Plans.*
