NOTE 1. PLAN DESCRIPTION

The following description of the Venbrook Insurance Services 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees who have attained 21 years of age and have been employed for at least one month by Venbrook Group LLC (the "Plan Sponsor") and participating employers (collectively, the "Company"). Employees must be employed for at least one year in order to be eligible for discretionary Company profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may make pre-tax and Roth contributions of up to 100 percent of eligible compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions. For the year ended December 31, 2015, the Company matched each participant's deferral at the rate of 50 percent of the first six percent of the participant's deferral. The Company matching contribution was $221,229, net of forfeitures utilized of $3,297, for the year ended December 31, 2015. The Company may also make discretionary profit sharing contributions to participants that complete 1,000 hours of service during the Plan year. For the year ended December 31, 2015, the Company did not make a discretionary profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company profit sharing contribution portion of their accounts is based on years of service. Participants are vested in Company profit sharing contributions at 20 percent after two years of service and an additional 20 percent each year thereafter until 100 percent vested upon six years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

NOTE 1. PLAN DESCRIPTION (Continued)

Forfeitures

Forfeitures of Company contributions must be first used to pay Plan administrative expenses and then be used to reduce Company contributions. During the year ended December 31, 2015, forfeitures of $3,297 were utilized to reduce Company matching contributions. As of December 31, 2015 forfeitures of $384 are available for future use.

Payment of Benefits

On termination of service for any reason, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, as permitted under the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America, primarily from data provided by Massachusetts Mutual Life Insurance Company in its capacity as administrative services agent for contracts issued by Hartford Life Insurance Company (the "Custodian").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are valued daily and interest is recognized on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Through participant direction, approximately 38 percent of the Plan's net assets are invested in the Fixed Account. The viability of the Fixed Account is dependent upon the continued viability of Hartford Life Insurance Company, among other factors.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Custodian and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

Pooled Separate Accounts – Valued at the net asset value ("NAV") of units of a pooled separate account ("PSA") maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The PSA NAV is not a publicly-quoted price in an active market, therefore, the PSA are classified as Level 2 within the valuation hierarchy.

The primary investment objective of the PSA is to allow participants to achieve to same rate of return as the underlying mutual funds, less fees charged by the insurance company. The PSA do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

All of the Plan's investments measured at fair value are Level 2 and the following table sets forth the Plan's investments at fair value as of December 31:

	2015	2014
PSA	$ 3,468,346	$ 3,050,022
Total investments at fair value	$ 3,468,346	$ 3,050,022

Recent Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. ASU 2015-07 is effective for plan years beginning after December 15, 2016. Plan management does not expect this pronouncement to have a material impact on the Plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. ASU 2015-12 simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and provides for a measurement date practical expedient. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part (I) and Part (II) are to be retrospectively applied and Part (III) is not applicable to the Plan. Plan management has elected early adoption and it has been fully implemented as of December 31, 2015 and 2014.

NOTE 3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional investment contract with Hartford Life Insurance Company ("Hartford") that meets the fully benefit-responsive investment contract criteria. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Hartford is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the investment contract. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Hartford or otherwise. The crediting interest rate is based on a formula agreed upon with Hartford, but may not be less than three percent. Such interest rates are viewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Hartford. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The investment contract does not permit Hartford to terminate the agreement prior to the scheduled maturity date.

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 5. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5. FEDERAL INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.

b. Net depreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015.

c. Investments, fully benefit-responsive investment contract, and participant loans as of December 31, 2015 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held and managed by the Custodian. Transactions with the Custodian qualify as party-in-interest transactions for which exemptions exist. The Custodian received direct fees of $10,405 for administration fees, all of which was paid by the participants through the Plan. In addition, the Plan utilizes a broker that received indirect compensation of $25,356 and the Plan's third party administrator received indirect fees of $2,536.

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loan interest rate is set at two percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at 5.25 percent. Principal and interest are paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. DELINQUENT PARTICIPANT CONTRIBUTIONS

One contribution for one participant in 2014 was not remitted timely to the Custodian as required by the Department of Labor's regulations. This late remittance and the related earnings restitution are detailed in the attached Schedule of Delinquent Participant Contributions.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2015	2014
Net assets available for benefits per the financial statements	$ 5,831,407	$ 5,014,432

Net increase in net assets available for benefits per the Form 5500	$ 817,233

NOTE 11. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred through July 29, 2016, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
