Independent Auditors' Report

To the Plan Administrator of
Quick Solutions, Inc. Employee Stock
Ownership and 401(k) Plan
Westerville, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of Quick Solutions, Inc. Employee Stock Ownership and 401(k) Plan ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

As discussed in the notes to the financial statements, the Plan has been terminated and all assets of the Plan have been distributed. In accordance with accounting principles generally accepted in the United States of America, the Plan's financial statements have been prepared using the liquidation basis of accounting.

EMPLOYEE STOCK OWNERSHIP AND 401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Plan Description

The following description of the Quick Solutions, Inc. (the Company) Employee Stock Ownership and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. The Plan is a continuation of the Quick Solutions, Inc. 401(k) Plan.

In the past, the Plan purchased Company common stock using the proceeds from bank loans, guaranteed by the Company, and held the stock in a trust established under the employee stock ownership component of the Plan (ESOP). The borrowings were repaid over different five year periods by Company contributions to the trust. As the ESOP made each payment of the principal and interest, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code of 1986, as amended (Code). The borrowings were collateralized by the unallocated shares of stock and were guaranteed by the Company. The lenders had no rights against shares once they were allocated under the ESOP. As of December 31, 2013 all shares were allocated to the ESOP. On October 31, 2014, the Company elected to purchase all of the ESOP's rights, title, and interest in and all of the Company's stock owned by the ESOP which consisted of 326,007.02 shares of the Company stock. The Company paid the ESOP \$3,070,000 or \$9.4170 per share for the redemption of shares.

General

The Plan is a defined contribution plan covering substantially all employees of the Company and also contains an ESOP feature. There are no age or service requirements to become eligible to participate in the Plan. Effective January 1, 2010, the Plan was amended to automatically enroll participants at 3% of eligible compensation at the first quarterly enrollment date. Effective January 1, 2014, the Plan was amended to increase automatically enrolled participant's deferral percentage by 1% increments on the participant's enrollment anniversary date. The automatic deferral percentage increment increase is capped at 8%. There is an annual service requirement of 1,000 hours and a requirement to be employed on the last day of the Plan year to be eligible to share in employer matching and non-elective contributions. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Plan may reimburse the Company for the administrative expenses of the Plan.

Plan Termination

On October 31, 2014, the Company signed a resolution to terminate the Plan effective October 31, 2014.

Plan Description (continued)

Contributions

Each year, participants may contribute up to 80% of their pretax annual compensation. Participants may also contribute amounts consisting of distribution from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Board of Directors of the Company has the discretion to cause the Company to contribute additional funds to the Plan as a matching contribution up to 6% of each participant's compensation. Additional amounts may be contributed at the option of the Company's Board of Directors as a non-elective contribution. However, the non-elective employer contribution for each plan year shall never be less than the amount required to enable the trust to discharge any indebtedness in connection with the financed purchase of Company stock. The employer contributions may be made to the Plan in the form of Company stock, cash or any combination thereof, as the Board of Directors determines.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) the Company's contribution, b) forfeitures of terminated participants' non vested accounts of the Company stock, c) shares of the Company's common stock released by the Trustee from the unallocated account and d) plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Due to the Plan termination, participants are 100% invested in their accounts effective October 31, 2014. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant is 100% vested in the Company's matching and discretionary contribution portion of their accounts at normal retirement age of 65.

Plan Description (continued)

Investment Options

A Participant may direct all non-employer stock contributions into any of the investment options as allowed by the Plan.

Participants may change their investment options at any time.

Participant Notes Receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and will bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. The interest rates on participants' notes are 4.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, distributions of the balances in a participant's elective contribution account, profit sharing account and rollover account will be made in cash. The balance in a participant's Company stock account and other investment account will be distributed either in whole shares of Company stock, in cash or in any combination thereof, as decided by the Trustee.

Voting Rights

Shares of Company stock held in the Trust shall be voted by the Trustee in most instances. In certain extraordinary situations, such as a corporate merger, Treasury Regulations may require pass-through of voting rights in Company stock which has been fully paid for to Plan participants and beneficiaries.

Put Options

Under the terms of the Plan before termination and Federal income tax regulations, any Company stock that is distributed and held by participants will include a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants. The put price is representative of the fair value of the stock. The Company can, in its discretion, pay for the purchase of the Company stock in a single sum or in installments with interest over a period not to exceed five years.

Forfeited Accounts

Company stock accounts that have been forfeited by participants who have terminated prior to becoming fully vested are allocated to participants. There were no forfeitures in 2015.

Notes to Financial Statements

Plan Description (continued)

Other amounts forfeited by participants who have been terminated prior to becoming fully vested are used to reinstate previously forfeited accounts, if any, and the remaining forfeitures are used to pay the administrative expenses of the Plan and reduce any employer matching and non-elective contribution. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$0 and \$4,693, respectively.

Summary of Significant Accounting Principles

Basis of Accounting

As a result of the termination, the Plan changed its basis of accounting from the accrual basis to the liquidation basis. There were no material changes to the financial statements as a result of this change in accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as determined by quoted market prices, except for the Company's stock, which is determined by an annual independent appraisal. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net (depreciation) appreciation in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in (depreciation) appreciation from one period to the next.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In July, 2015, the FASB released ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965). This amendment removes the requirement to report fully-benefit responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully-benefit responsive investment contracts are measured, presented, and disclosed only at contract value. This amendment is effective for fiscal years beginning after December 15, 2015. Early application is permitted. The Plan does not expect this amendment to have a material impact on the financial statements.

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of asset categorized within the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investment's that are eligible to be measured at fair value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this updated are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments must be applied retrospectively to all periods presented.

Investments in Common Stock of Plan Sponsor

At October 31, 2014, the Plan sold, assigned, transferred, and delivered shares of the Company's \$2.00 par value common stock to the Company with fair value of \$9.417 per share.

The investment in the Company's stock, at December 31, is presented in the following table:

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fair Value Measurements (continued)

Quick Solutions, Inc. Common Stock: Valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparable and estimated fair value of Company assets and liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Investments at fair value as of 12/31/15				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ -	\$ -	\$ -	\$ -
Common Stock	-	-	-	-
Total Investments	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Investments at fair value as of 12/31/14				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 7,817,351	\$ -	\$ -	\$ 7,817,351
Common Stock	-	-	-	-
Total Investments	<u>\$ 7,817,351</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,817,351</u>

There were no significant transfers between level 1 and level 2 investments during the year ended December 31, 2015 and 2014.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Balances, beginning of year	\$ -	\$ 2,829,741
Unrealized gains (losses) related to instruments still held at the reporting date	-	240,259
Purchases, sales, issuances and settlements (net)	-	(3,070,000)
Balances, end of year	<u>\$ -</u>	<u>\$ -</u>

Plan Termination

The Plan was terminated effective October 31, 2014. The Plan participants are fully vested in their accounts and the Trustee should pay all liabilities and expenses of the Plan. Plan benefits will be distributed as soon as administratively feasible. Distribution of the entire balance of each participant's accounts in the Plan will be made in a lump sum payment.

Tax Status

The Plan and Trust are intended to qualify as a qualified plan and a tax exempt trust. The Plan obtained its latest determination letter on January 27, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter to comply with technical requirements of the IRC. The Plan administrator believes that the Plan agreement has been drafted and is being operated in compliance with the applicable requirements of the IRC. On February 23, 2015, the Company submitted a request to obtain a determination from the Internal Revenue Service that the Plan and Trust upon termination is qualified for tax-favored status under applicable provisions of the IRC of 1986. The Plan received a favorable determination letter dated May 13, 2015, that the termination does not adversely affect its qualification for federal tax purposes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Tax Status (continued)

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. There are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2012.

Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Merrill Lynch. Merrill Lynch is the Trustee as defined by the Plan agreement and, therefore, these transactions qualify as party-in-interest transactions.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the accompanying 2015 statement of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through August 10, 2016, the date the financial statements were available to be issued.
