1. DESCRIPTION OF PLAN

The following description of the Pacific Life Insurance Company Retirement Incentive Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

GENERAL

The sponsor and administrator of the Plan is Pacific Life Insurance Company (Pacific Life or the Company), a stock life insurance company domiciled in the State of Nebraska. The trustee of the Plan is Principal Trust Company (the Trustee). Several entities affiliated with the Company are adopting employers of the Plan, and their agents or employees meeting the eligibility requirements listed below, also participate in the Plan.

The Plan is a defined contribution plan under which the Company and employees of the Company make contributions. The Plan is designed to qualify under Section 401(a) and 501(a) of the Internal Revenue Code (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

ELIGIBILITY

Generally, employees (collectively, the participants) who have one month of continuous employment are eligible to participate in the Plan the first of the month following one month of service. Terminated and retired employees have the option to leave vested account balances in the Plan unless the vested account balance is $1,000 or less, in which case an automatic payment will be made following 90 days of the termination date.

CONTRIBUTIONS

Participants may contribute 1% to 75% of their before-tax or after-tax qualifying compensation or commissions in each pay period. Each participant's contribution must be in cash and is nonforfeitable. For the year ended December 31, 2015, a participant's total calendar year contributions cannot exceed $24,000 ($18,000 plus $6,000 catch-up contributions for employees age 50 and over). Each participant shall be allocated a company-matching contribution at least equal to 75% of the participant's before-tax or after-tax contributions which are not in excess of 6% of the participant's qualifying compensation for each pay period. Company-matching contributions are made in cash. Plan participants are also credited cash contributions funded by the Company, which vary based upon attained years of service as of January 1, 2007 and qualified compensation. The Plan also allows for rollover contributions from other qualified retirement plans.

AUTOMATIC ENROLLMENT

All new employees are automatically enrolled in the Plan if the employee does not file with the Company an election to decline enrollment in the Plan. Any eligible employee who is automatically enrolled is deemed to have elected before tax contributions equal to 3% of their compensation. The 3% contribution rate will increase 1% in April of each year following the year the participant was enrolled until the contribution rate equals 10% of the participant's compensation. These contributions will be invested in the Vanguard Target Date Retirement Fund most appropriate for the participant's retirement age. At enrollment, participants have the ability to direct investment allocations.

PARTICIPANT DIRECTED INVESTMENTS

The Plan's investments are participant directed and consist of mutual funds, common collective trusts, and a stable value fund managed by an unrelated third-party (Note 6). If more than one investment option is selected, the allocation must be in whole percentages.

PARTICIPANT ACCOUNTS

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and withdrawals, as applicable, and allocations of: (a) Company contributions and (b) Plan earnings, and charged with withdrawals and allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest at 20% after two years, increasing by 20% in each year thereafter, and are 100% vested after six years of credited service.

PARTICIPANT NOTES RECEIVABLE

The Plan permits participants who are current employees to borrow certain amounts against their vested account balances. The maximum loan is $50,000 or 50% of their account balance at the origination of the loan, whichever is less. Such notes bear interest at the prime rate at loan inception, plus 1%, and are repaid to the participant's account in equal semimonthly installments over a period of not less than 6 months but not more than 54 months. Interest rates, on these notes outstanding as of December 31, 2015 and 2014, ranged from 4.25% to 8.75%. As of December 31, 2015, remaining maturities of outstanding notes range from January 2016 through December 2020. The notes are collateralized by the participant's vested balance in the Plan.

PAYMENT OF BENEFITS

On termination of service due to death, complete and total disability, extreme hardship, or the attainment of the normal retirement age, participants may elect the method of distribution of their vested interests in Plan assets from the following alternatives:

a. Purchase of an annuity available under a group annuity contract
b. Payment of a single distribution
c. Combination of lump-sum payment and annuity purchase
d. Mandatory single disbursement if vested interest is $1,000 or less
e. Transfer the taxable portion to an IRA or other eligible employer plan

FORFEITED ACCOUNTS

Any amount of a participant's account attributable to Company contributions not vested at termination of employment is forfeited if the participant does not resume employment with the Company prior to incurring five consecutive one-year breaks in service. Accumulated forfeited nonvested accounts totaled $76,795 and $65,765 at December 31, 2015 and 2014, respectively. Administrative expenses paid by the Company were reduced by $124,611 from forfeited nonvested accounts in 2015. Forfeited nonvested accounts may be used to restore Company contribution accounts and Company retirement contributions of rehired participants, reduce Company contributions and Company retirement contributions, or pay reasonable expenses for the administration of the Plan. Company contributions and Company retirement contributions paid by the Company were reduced by $1,155,309 from forfeited nonvested accounts in 2015. Certain administrative expenses of the Plan are paid by the Company; others are paid by the Plan.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The Company has evaluated events subsequent to December 31, 2015 and through August 4, 2016, the date the financial statements were available to be issued, and has concluded that no events have occurred that require disclosure or adjustment to these financial statements.

RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, which modifies the Accounting Standards Codification's (Codification) Fair Value Measurement Topic. This ASU requires a reporting entity to exclude any investments for which fair value is measured using net asset value (NAV) as a practical expedient from the fair value hierarchy disclosures. In 2015, the Company early adopted this ASU and applied it retrospectively. This guidance only impacted financial statement disclosures (Note 3) and had no impact on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, which modifies the Codification's Plan Accounting Topics including Defined Contribution Pension Plans. Under this ASU, fully benefit-responsive investment contracts (FBRICs) such as certain investments in the Stable Value Fund are measured, presented and disclosed only at contract value. As of December 31, 2015, the Company early adopted this ASU and applied it retrospectively which resulted in a change in presentation of the Stable Value Fund on the statements of net assets available for benefits and the statement of changes in net assets available for benefits. The adoption resulted in the reclassification of the adjustment from fair value to contract value for the Stable Value Fund in the statements of net assets available for benefits. Additionally, this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Certain historical disclosures that are no longer required were removed.

INVESTMENT VALUATION

The Plan's investments are stated at fair value and contract value. Shares of mutual funds are valued at quoted market prices, which represent the NAV of shares held by the Plan at year end.

Common collective trusts are valued at the NAV of units of a bank collective trust. The NAV as provided by the Trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The Stable Value Fund has investments in guaranteed interest contracts (GICs) issued by Pacific Life, security-backed investment contracts, separate account guaranteed investment contracts and common collective trusts. All GICs had matured as of December 31, 2015. GICs, security-backed investment contracts, and separate account guaranteed investment contracts are considered FBRICs and thus are valued at contract value in accordance with the Codification's Plan Accounting – Defined Contribution Pension Plans Topic. Contract value represents contributions made under the contract, plus earnings, less withdrawals.

The common collective trusts invested in by the Stable Value Fund are valued using the NAV of units of a bank collective trust. See Notes 6 and 7.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded as earned on an accrual basis and dividend income is recorded on the ex-dividend date.

Included in the statement of changes in net assets available for benefits is the net appreciation or depreciation in the fair value or contract value of the Plan's investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan provides for investment in any combination of mutual funds, common collective trusts, and a stable value fund. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts

reported in the statements of net assets available for benefits as of December 31, 2015 and 2014, and the statement of changes in net assets available for benefits for the year ended December 31, 2015.

PARTICIPANT NOTES RECEIVABLE

Participant notes receivable are carried at the aggregate unpaid principal balance of notes outstanding plus any accrued but unpaid interest, and are collateralized by the participants' vested account balances.

BENEFITS PAYABLE

Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were zero and $289 as of December 31, 2015 and 2014, respectively.

3. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Codification's Fair Value Measurements and Disclosures Topic establishes a hierarchy that prioritizes the inputs of valuation methods used to measure fair value for investments that are carried at fair value. The determination of estimated fair value requires the use of observable market data when available. The hierarchy consists of the following three levels that are prioritized based on observable and unobservable inputs.

Level 1 Unadjusted quoted prices for identical instruments in active markets. Level 1 investments include securities that are traded in an active exchange market.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in inactive markets; and model-derived valuations for which all significant inputs are observable market data.

Level 3 Valuations derived from valuation techniques in which one or more significant inputs are not market observable.

The following tables present, by fair value hierarchy level, the Plan's investments that are carried at fair value as of December 31, 2015 and 2014. Discussion on determining fair value of the Plan's investments is included in Note 2.

December 31, 2015:	Level 1	Level 2	Level 3	Total
Mutual funds	$539,427,017			$539,427,017
Investments measured at NAV [(1)]				146,544,429
Total	$539,427,017	$0	$0	$685,971,446

December 31, 2014:	Level 1	Level 2	Level 3	Total
Mutual funds	$531,228,547			$531,228,547
Investments measured at NAV [(1)]				123,655,562
Total	$531,228,547	$0	$0	$654,884,109

[(1)] In accordance with the Codification's Fair Value Measurement Topic, certain investments that do not have a readily determinable fair value are measured using the NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

For the years ended December 31, 2015 and 2014, there were no transfers in or out of Levels 1 and 2. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The table below presents a summary of the investments in which the estimated fair value is determined using a NAV per share:

December 31, 2015:	Fair Value	Redemption Frequency
Common collective trusts - target retirement funds	$109,748,695	Daily
Stable Value Fund Investments: [1]		
Common collective trusts - fixed income	36,795,734	Daily
Total investments measured at NAV	$146,544,429	

December 31, 2014:	Fair Value	Redemption Frequency
Common collective trusts - target retirement funds	$100,908,579	Daily
Stable Value Fund Investments: [1]		
Common collective trusts - fixed income	22,746,983	Daily
Total investments measured at NAV	$123,655,562	

[1] Excludes GICs, security-backed contracts and separate account guaranteed contracts held by the Stable Value Fund which are valued at contract value. See Note 6 and Note 7.

There are no unfunded commitments or other redemption restrictions and no redemption notice periods as of December 31, 2015.

5. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter, dated March 27, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the IRS determination letter. These amendments did not have a significant effect on the Plan's net assets.

The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. As a qualified tax exempt entity, the Plan's financial statements do not include a provision for income taxes.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2015, there were no uncertain tax positions taken or expected to be taken that would require recognition of an asset or liability or require additional disclosure in the financial statements.

6. STABLE VALUE FUND

The Stable Value Fund is managed by an unrelated third-party and is primarily comprised of investment contracts issued by financial institutions and cash equivalents. The types of investment contracts in which the Stable Value Fund invests include GICs, common collective trusts, security-backed investment contracts and a separate account guaranteed investment contract.

The GICs were issued by Pacific Life and guaranteed the return of principal and a stated rate of interest. The guarantee was backed by the general account of the Company. The Company was contractually obliged to pay the principal and specified interest rate that was guaranteed to the Plan. The crediting interest rate was based on a formula agreed upon with the issuer, but may not be less than 0%. All GICs matured in 2015.

Common collective trusts, security-backed investment contracts and separate account guaranteed investment contracts are comprised of two components: 1) a book value wrap contract issued by a financial institution and 2) an underlying investment grade quality portfolio of fixed income securities backing the contract whose market prices fluctuate. The wrap contract is the vehicle which allows participants to transact at book value (principal plus accrued interest) without experiencing the price fluctuations of the underlying securities.

The Stable Value Fund's investment in GICs, security-backed investment contracts, and separate account guaranteed investment contract are included in the financial statements at contract value as reported to the Plan by the Company, in accordance with the Codification's Plan Accounting – Defined Contribution Pension Plans Topic. The contract value of these investments was $262,674,313 and $277,955,421 as of December 31, 2015 and 2014, respectively. The Stable Value Fund's investment in common collective trusts, measured at fair value using the NAV per share, was valued at $36,795,734 and $22,746,983 as of December 31, 2015 and 2014, respectively.

Certain events such as premature termination by the Company may limit the ability of the Plan to transact at contract value. Plan management does not believe that the occurrence of events that would cause the Plan to transact at less than contract value is probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

7. RELATED-PARTY TRANSACTIONS

The Plan invests in GICs issued by Pacific Life. All GICs had matured as of December 31, 2015. The contract value as of December 31, 2014 was $25,942,799.

The Plan invests in the Principal Real Estate Securities Fund, which is operated by the Trustee.

The Plan permits participants who are current employees to borrow certain amounts against their vested account balances. See Note 1.

These transactions qualify as exempt party-in-interest transactions and therefore are not considered to be prohibited transactions under ERISA.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.
