Independent Auditor's Report

To the Board of Trustees of
Community National Bank 401(k) Plan:

Report on the Financial Statements
We have audited the accompanying financial statements of Community National Bank 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the Unites States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets Held at End of Year as of December 31, 2015, referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the Unites States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Community National Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution pension benefit plan with a 401(k) feature covering all eligible employees of Midland Bancshares, Inc. (the Company). A new employee becomes eligible to participate in the Plan on the next entry date following the completion of six months of service and being eighteen years of age as defined in the Plan. Entry dates for the Plan are January 1st and July 1st of each year. If an eligible participant terminates employment and is later re-employed, that employee may become a participant upon re-employment after meeting the requirements in the Plan document. The Plan is established to comply with Internal Revenue Code Sections 401 and 501. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Participants can make elective contributions through salary deductions of their compensation based on their Plan year, not to exceed the maximum Internal Revenue Service (IRS) limits. The Company contributes a matching contribution equal to 100% of the participant's contributions not to exceed 5% of the base compensation. Rollover contributions are allowed if they meet certain requirements of the Plan. The Company may make additional discretionary nonmatching contributions to employees at the sole discretion of the Board of Directors of the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, allocation of the Company's discretionary nonmatching contribution, and earning from their investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant's vested interest in their account balance is determined using the following table except that a participant is 100% vested in the part of the account resulting from their contributions and from the matching contribution of the Company. The vesting schedule for the Company's discretionary contribution is shown below:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

NOTE 1: DESCRIPTION OF PLAN - continued

Notes Receivable from Participants

Loans to participants may be made up to $50,000 or 50% of their vested interest. The minimum loan is $1,000. Loan transactions are treated as a participant directed investment. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Trustees. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are recorded when paid. On termination of service a participant will receive a lump-sum distribution equal to the value of the participant's vested interest in his/her account. If the vested benefit upon termination of employment in the Plan does not exceed $5,000, then the balance will be distributed within a reasonable time period at the discretion of the Plan. Otherwise, distributions are made at the participant's election.

The normal retirement age is the date a participant attains 70½ years of age. If a participant has reached normal retirement age, distributions may be made, at the participant's election, from accounts that are 100% vested, without requiring the participant to terminate employment.

Forfeited Accounts

Forfeitures of Company matching contributions may be used to pay administrative expenses or may be allocated only to participants in the Plan in the current year, at the discretion of the Plan's Trustees. Forfeitures for the years ended December 31, 2015 and 2014 were not material.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. If the Trustee does not timely receive voting directions from a participant or beneficiary, the Trustee shall vote the shares on behalf of the collective best interest of the Plan participants and beneficiaries.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants is not readily tradable on an established market, is subject to trading limitations and includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, revenue is recognized when earned and expenses are recognized when incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements. The common shares of the Company are valued at fair value on December 31, 2015 and 2014. Fair value is determined by annual independent appraisals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan Management has evaluated all subsequent events through July 27, 2016, the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting*. This amendment clarifies that contract value is the relevant measure for fully benefit-responsive investment contracts (FBRICs), therefore eliminating the requirement to measure fair value and present related fair value measurement disclosures but, instead, present FBRICs at contract value. This amendment also simplifies the level of disaggregation for investments measured using fair value, eliminates the requirement to disclose the net appreciation or depreciation in fair value of investments by general type and eliminates the requirement to disclose individual investments with a value equal to or greater than 5% of net assets available for benefits. This new amendment will be effective for fiscal years beginning after December 15, 2015. However, early adoption is permitted and the Plan early adopted this amendment in 2015 and applied it retrospectively to years ended December 31, 2015 and 2014. This guidance did not have a significant impact to the Plan's financial statements.

NOTE 3: ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of pooled separate accounts, guaranteed investment contracts, and Midland Bancshares, Inc. common stock, are held by the Trustee of the Plan. Contributions are held and managed by the Trustee who invests cash and interest, and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4: FAIR VALUE MEASUREMENTS - continued

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts - Investments are reported at fair value utilizing Level 2 inputs. Great-West Life & Annuity Insurance Company (Great-West) uses the market approach which utilizes process and other relevant information generated by market transactions involving identical generated assets or liabilities. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from sources independent of Great-West.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Pooled separate accounts	$ -	$ 3,655,648	$ -	$ 3,655,648
Midland Bancshares, Inc. Common Stock	-	-	2,527,783	2,527,783
Total investments at fair value	$ -	$ 3,655,648	$ 2,527,783	$ 6,183,431

NOTE 4: FAIR VALUE MEASUREMENTS - continued

	Assets at Fair Value as of December 31, 2014			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Pooled separate accounts	$ -	$ 3,323,092	$ -	$ 3,323,092
Midland Bancshares, Inc. Common Stock	-	-	3,212,307	3,212,307
Total investments at fair value	$ -	$ 3,323,092	$ 3,212,307	$ 6,535,399

Midland Bancshares, Inc. common stock is not actively traded and significant other observable inputs are not available. Thus, the fair value of the Midland Bancshares, Inc. common stock is determined by independent appraisal. This valuation was based on a combination of the net asset value, transactions and capitalized earnings methods consistent with prior years. The valuation took into account historical cash flow and net income, market comparables and estimated fair value of company assets and liabilities.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2015 and 2014, respectively.

Fair Value Measurements Using Significant Unobservable inputs at December 31 (Level 3):

Midland Bancshares, Inc. Common Stock	2015	2014
Beginning balance	$ 3,212,307	$ 3,332,723
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	(933,342)	(332,854)
Purchases	247,213	212,438
Settlements	1,605	-
Ending balance	$ 2,527,783	$ 3,212,307
The amount of total gains or losses for the year included in net assets available for benefits attributable to the changes in unrealized gains or losses relating to assets held at the end of the reporting period	$ (933,342)	$ (332,854)

Unrealized gains/(losses) for the years ended December 31, 2015 and 2014 are reported in net appreciation in fair value of Midland Bancshares, Inc. stock in the Statements of Changes in Net Assets Available for Benefits.

NOTE 5: GURANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds an investment contract that meets the criteria for a fully benefit-responsive investment contract and is therefore reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rates were 1.2% at December 31, 2015 and 2014, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibition transaction exemption under ERISA. The plan administrator believes that there is low probability that any events would occur that would limit the Plan's ability to transact or contract value with participants.

NOTE 6: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments in pooled separate accounts are managed by Great-West, the Trustee of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. The Key Guaranteed Portfolio Fund is a fully benefit-responsive guaranteed insurance contract with Great-West. Great-West maintains the contributions in a general account. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Administrative expense paid by the Plan to Great-West for the years ended December 31, 2015 and 2014 amounted to $21,357 and $19,014, respectively.

Additionally, a portion of the Plan's assets are investments in Midland Bancshares, Inc. common stock which is the parent company of Community National Bank. As the Company is the plan sponsor, transactions involving Midland Bancshares, Inc. common stock qualify as party-in-interest transactions. At December 31, 2015 and 2014, the Plan held 28,450 and 26,417 shares, respectively, of Midland Bancshares, Inc. common stock, and the Plan received $54,867 and $51,251 in dividends from the stock for the years ended December 31, 2015, and 2014, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company contributions.

NOTE 8: TAX STATUS

The IRS has determined and informed the Plan by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and tax exempt.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of Company common stock, mutual funds, and common/collective trust offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
