1. Description of the Plan

The following description of the Hudson Scenic Studio, Inc. Theatrical Protective Union ("TPU") Local #1 Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility
The Plan is a defined contribution plan covering all full-time employees that belong to the TPU Local #1 Union of Hudson Scenic Studio, Inc. (the "Company"). There are no age or service requirements in order to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions
Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. The Plan also permits Roth elective deferrals. A participant's total contribution in any year may not exceed the maximum amounts for that year as specified in Sections 401(k) of the Internal Revenue Code and regulations thereunder. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may also make a discretionary contribution in an amount to be determined from year to year. The Company matched 100% of employee contributions up to a maximum of 7% of their annual eligible compensation during both of the years ended December 31, 2015 and 2014. Contributions are subject to certain limitations.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or annuity contracts. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Accounts
Each participant account is credited with the participant's contributions, the Company's discretionary matching contributions and investment earnings thereon. Contributions to the Plan are invested by the Custodian as directed by the participants. Each participant may elect from one or more of the investment options offered pursuant to the provisions of the Plan. The benefit to which a participant is entitled is the vested benefit in the participant's account.

Vesting
Participants are vested immediately in their contributions and all Company contributions, if any, plus actual earnings thereon.

Notes Receivable from Participants
Participants are limited to one outstanding loan at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. Loan terms are generally up to five years and loans are secured by the balance in the participant's account. Interest rates are determined by the Plan administrator by reference to the prevailing interest rates charged by commercial lenders under similar circumstances on the date the loan is made. Principal and interest are paid ratably through monthly payroll deductions or by direct repayments from the participant if the participant is temporarily laid-off.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits
Benefits are recorded when paid.

Changes in Accounting Policy
In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures and Part III Measurement Date Practical Expedient. The three-part standard update is intended to simplify employee benefit plan reporting. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively; part III should be applied prospectively, with early adoption permitted.

Management has elected to early adopt Part II. Accordingly, the amendment was retrospectively applied to all periods presented. Parts I and III are not applicable to this Plan.

Reclassifications
Certain reclassifications have been made to the 2014 financial statement presentation to correspond to the current year's format. Total net assets available for benefits and changes in net assets available for benefits are unchanged due to these reclassifications.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Interest and dividends earned by the funds are included in the unit value and, accordingly, are included in net appreciation (depreciation) in fair value of investments which includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events
The Plan has evaluated events and transactions for potential recognition or disclosure through June 24, 2016, the date the financial statements were available to be issued.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, Fair Value Measurement, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 – Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available.

Level 2 – Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly. Level 2 investments of the Plan consist of a collective investment trust which is valued at net asset value (NAV) based on the fair value of the underlying investments held by the collective investment trust at year end. Unlike shares of registered investment companies, the NAV of collective investment trusts is not publicly available.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014:

- Mutual funds: valued at quoted prices reported in an active market at year end.

- Stable value collective trust fund: composed primarily of fully-benefit responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probably that the fund will sell the investment for an amount different from the report net asset value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period of twelve months is applicable only to the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31,:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,622,213	$ -	$ -	$ 9,622,213

4. Investments

The Plan's financial statements as of December 31, 2015 and 2014 and for the year ended December 31, 2015, were prepared and derived from information provided by Fidelity Management Trust Company ("Fidelity"), (the "Custodian" of the Plan), and furnished to the plan administrator.

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Custodian has certified as complete and accurate all the investment information included in the accompanying financial statements and the supplemental schedule. Information included in the accompanying financial statements relating to investment and income derived there from was prepared by or derived from information prepared by the Custodian of the Plan, and furnished to the Company. The Company has obtained certifications from the Custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that such information is complete and accurate. Such information includes investments at fair value, notes receivable from participants, interest income on notes receivable from participants, dividend income, interest income, and net depreciation in fair value of investments as shown in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

The Union Bond & Trust Company Stable Value Fund, a stable value collective trust fund, invests in fully benefit-responsive investment contracts (as defined in FASB ASC 962), including primarily guaranteed and synthetic investment contracts issued by banks, insurance companies and other issuers.

5. Party-in-Interest Transactions

Some of the Plan's investments are money market funds or shares of mutual funds managed by Fidelity. Certain administrative expenses for the Plan are paid directly by the Company. Certain services are rendered to the Plan by the Company at no cost to the Plan. Additionally, record keeping fees for the Plan are paid to Fidelity directly from mutual fund companies whose investments are included in the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of both December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Concentrations

The Plan had five and four investments that accounted for 68% and 53% of net assets available for benefits as of December 31, 2015 and 2014, respectively.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation between the statement of net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31,:

	2014
Total net assets per the financial statements	$ 9,603,013
Plus: 2014 adjustment to contract value	2,833
Net assets available for benefits per Form 5500	$ 9,605,846

The following is a reconciliation between additions shown in the statement of changes in net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31,:
