Susquehanna Bancshares, Inc. 401(k) Plan

Notes to Financial Statements

Period from January 1, 2015 through November 2, 2015 and the Year Ended December 31, 2014

Note 1 - Description of Plan

The following description of the Susquehanna Bancshares, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

Effective August 1, 2015, the plan sponsor was acquired by BB&T Corporation. All plan assets were transferred to the BB&T Corporation 401(k) Savings Plan effective November 2, 2015.

General

The Plan is a defined contribution plan covering substantially all employees of Susquehanna Bancshares, Inc. and its Affiliates (the Company) as of August 1, 2015 that have adopted this Plan and are not covered under a collective bargaining unit. Employees are eligible to begin making salary deferral contributions upon date of hire. Employees must complete one year of service to be eligible for the Company's matching contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of August 1, 2015, the plan sponsor adopted an amendment to the Plan which froze future participation in the Plan for employees hired after August 1, 2015.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan. Additionally, the plan document provides for voluntary after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants will be automatically enrolled in the Plan on the plan entry date, as defined in the plan document, unless they elect to opt out. Participants who are automatically enrolled will have 3% of their eligible compensation withheld and remitted to the Plan. For any participant deferring less than 3%, they will be auto re-enrolled annually at the 3% default elective deferral percentage. The automatic deferral rate increases annually at a rate of 1% per year until the automatic deferral percentage reaches 10%. Participants are given the option to discontinue participation, or change the deferral percentage, at any time.

The Plan utilizes a safe harbor matching contribution formula. The Company matches 100% of the first 3% and 50% of the next 2% of a participant's eligible compensation made as an elective deferral not to exceed 5% of eligible compensation.

Effective July 1, 2009, the Plan was amended to allow for an employer nonelective contribution due to the Company freezing certain benefits effective June 30, 2009 under the defined benefit plan sponsored by the Company. Employees who were hired before January 1, 2009, and who were not age 50 or who had not earned at least 15 years of vesting service as of December 31, 2009, became eligible for an automatic 2% employer nonelective contribution as of July 1, 2009, even if the employee is not contributing to the Plan. Employees who are hired on or after January 1, 2009 will be eligible for the automatic 2% employer nonelective contribution once they have met the eligibility requirements, even if the employee is not contributing to the Plan. As of January 1, 2014, all employees are eligible for the employer nonelective contribution on the first day of the following plan year after the employees' start date. An employee must be employed as of the end of the plan year in order to receive the contribution. For the period ended November 2, 2015, an employee must be employed as of July 31 in order to receive the contribution.

Note 1 - Description of Plan (continued)

Contributions (continued)

The Plan was amended on August 1, 2015 to freeze all contributions into the Plan effective August 1, 2015.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. A participant who requests a loan from the Plan is directly charged a processing fee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

As of January 1, 2014, participants are immediately vested in all contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2.00%, set two times per month. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments under a systematic withdrawal plan.

Forfeited Accounts

At November 2, 2015 and December 31, 2014, forfeited nonvested accounts totaled \$-0- and \$26,233, respectively. These accounts may be used to restore a participant's account upon re-employment, pay administrative expenses, and to reduce future employer contributions. Employer contributions were reduced by \$2 and \$1,589 during 2015 and 2014, respectively.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Expense Budget Account Arrangement

Effective May 1, 2010, the Plan entered into an agreement with Transamerica Retirement Solutions Corporation, recordkeeper, to create an Expense Budget Account (EBA). The EBA is a plan level unallocated account that may be credited with expected fund revenue in excess of the required revenue in accordance with the agreement. Revenues received from the arrangement were \$183,046 and \$730,891 for the period ended November 2, 2015 and the year ended December 31, 2014, respectively, and are reported in the Plan's financial statements in investment activities. These amounts can be used to pay plan related expenses or can be allocated to participants. Total plan expenses paid through the EBA amounted to \$81,986 and \$538,747 for the period ended November 2, 2015 and the year ended December 31, 2014, respectively, and are reported in the Plan's financial statements in administrative expenses. There was no allocation to participant accounts during 2015 and 2014.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual periods beginning after December 15, 2016 and interim periods within those fiscal years, with early adoption permitted. The Plan has adopted this standard effective November 2, 2015 and applied the amendments retrospectively to December 31, 2014.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

Note 3 - Information Certified and Provided by State Street Bank and Trust Company

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Under that section, no auditing procedures are required to be performed with respect to the information certified by State Street Bank and Trust Company, the trustee of the Plan. The trustee has certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statement of net assets available for benefits as of November 2, 2015 and December 31, 2014 and the related investment activity and interest income on notes receivable from participants reported in the statement of changes in net assets available for benefits for the period ended November 2, 2015 and the year ended December 31, 2014.

Note 4 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Susquehanna Bancshares, Inc. 401(k) Plan

Notes to Financial Statements

Period from January 1, 2015 through November 2, 2015 and the Year Ended December 31, 2014

Note 4 - Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 2, 2015 and December 31, 2014.

Registered investment companies are valued at the net asset value of shares held by the Plan at year end.

Temporary cash investments are valued at the carrying value which is a reasonable estimate of fair value for these short-term investments.

The common collective trust fund is valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Fair Value Measurements at December 31, 2014				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies	\$ 184,481,981	\$ -	\$ -	\$ 184,481,981
Temporary cash investments	26,233	-	-	26,233
	<u>\$ 184,508,214</u>	<u>\$ -</u>	<u>\$ -</u>	
Investments measured at net asset value ⁽¹⁾				<u>13,879,229</u>
				<u>\$ 198,387,443</u>

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Susquehanna Bancshares, Inc. 401(k) Plan

Notes to Financial Statements

Period from January 1, 2015 through November 2, 2015 and the Year Ended December 31, 2014

Note 4 - Fair Value Measurements (continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no significant transfers in or out of Level 3 for the period ended November 2, 2015 and the year ended December 31, 2015.

Note 5 - Tax Status

The Company adopted a nonstandardized prototype plan sponsored by Transamerica Retirement Solutions Corporation. The prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the prototype plan is qualified under the appropriate section of the Internal Revenue Code (IRC). The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2012.

Note 6 - Plan Transfer

Effective November 2, 2015, the Plan was merged into the BB&T Corporation 401(k) Savings Plan. As a result, net assets of \$203,464,546 were transferred to the BB&T Corporation 401(k) Savings Plan on November 2, 2015. The transfer does not impact participant benefits as the benefit provisions were incorporated into the BB&T Corporation 401(k) Savings Plan.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

Period from January 1, 2015 through November 2, 2015 and the Year Ended December 31, 2014

Note 8 - Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of registered investment companies and units of a common collective trust fund managed by Transamerica Partners Institutional Funds Group (Transamerica). Transamerica and Transamerica Retirement Solutions Corporation are commonly owned. Transamerica Retirement Solutions Corporation is an agent for State Street Bank and Trust Company, the trustee as defined by the Plan. Certain plan investments are shares of a temporary cash investment managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services in conjunction with processing loans and plan service fees amounted to \$289,650 and \$597,582 for the period ended November 2, 2015 and the year ended December 31, 2014, respectively.
