To the Board of Directors
Chemstress Consultant Company as Plan Sponsor and Administrator of
Chemstress Consultant Company Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Chemstress Consultant Company Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of October 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended October 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee of the Plan holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of October 31, 2015 and 2014, and for the year ended October 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employer Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Chemstress Consultant Company Retirement Plan
Notes to the Financial Statements
October 31, 2015 and 2014

A. PLAN DESCRIPTION

The following description of the Chemstress Consultant Company (the “Company”) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan with an Internal Revenue Service (“IRS”) Code Section 401(k) arrangement which allows plan participants to defer current taxation on a portion of their salaries by electing a percentage of their salary to be contributed to the Plan. These employee salary savings type contributions are hereafter referred to as employee salary deferrals.

The Plan covers all employees of the Company and its wholly-owned subsidiary, Chemstress Courtyard Management Corporation, who have completed one month of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the Plan’s administrator and has appointed the Plan trustees to receive and invest the funds in the trust in accordance with the Plan’s provisions.

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions. Each year, participants may contribute up to the maximum permitted by law and defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The types of employer contributions are as follows:

Discretionary Employer Matching Contribution

The Company’s Board of Directors annually declares a percentage of the employee salary deferral contribution that it will match and contribute to the Plan for each participant. The Plan limits the employee salary deferral contribution considered eligible for this matching contribution to six percent of each participant’s compensation. No discretionary employer matching contribution was declared for the year ended October 31, 2015.

Discretionary Profit Sharing Contribution

The Company’s Board of Directors may elect to make an additional discretionary contribution for all employees eligible to participate in the Plan. This contribution is allocated based on participant’s compensation. No discretionary profit sharing contribution was declared for the year ended October 31, 2015.

Qualified Employer Matching Contribution

The Company’s Board of Directors may elect to make a qualified matching contribution to comply with non-discrimination requirements of the Internal Revenue Code (“IRC”). A qualified matching contribution is allocated as a match of employee salary deferrals subject to plan limits. No discretionary qualified matching contribution was declared for the year ended October 31, 2015.

Qualified Non-Elective Contribution

The Company’s Board of Directors may elect to make a qualified non-elective contribution to comply with non-discrimination requirements of the IRC. A qualified non-elective contribution is allocated only to groups of non-highly compensated participants based on years of service and compensation. No qualified non-elective contribution was declared for the year ended October 31, 2015.

Annual employer contributions are subject to certain limitations.

Chemstress Consultant Company Retirement Plan
Notes to the Financial Statements
October 31, 2015 and 2014

Participant Accounts - The Plan maintains individual participant accounts which segregate the employee salary deferrals, employer matching, employer discretionary contributions and rollovers. Plan earnings are allocated to each individual participant's account based on individual account balances and the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct their contributions to any or all of the investment funds offered by the Plan, including a self-directed brokerage account. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Every participant has a non-forfeitable right to the accrued benefit in his individual account balance at all times.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the Plan document. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Payment of benefits is in the form of a lump-sum cash payment of the accrued benefit account.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability to an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investments advisors, custodian, and trustee. See Note D for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid or accrued.

Chemstress Consultant Company Retirement Plan
Notes to the Financial Statements
October 31, 2015 and 2014

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan agreement. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Recently Issued Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient as well as to remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair using the net asset value per share practical expedient. The guidance is to be applied retrospectively and is effective for annual periods beginning after December 15, 2015, with early application permitted.

In July 2015, the FASB issued ASU 2015-12, *Defined Contribution Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Part I removes the requirement to measure fully benefit-responsive investment contracts at fair value, with an adjustment to contract value and permits fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II removes the requirement to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The guidance in Part I and II is to be applied retrospectively. The guidance in Part III is to be applied prospectively. The guidance in Parts I, II and III is effective for annual periods beginning after December 15, 2015, with early application permitted.

Related Change of Accounting Methods and Presentation - Management has elected to apply the applicable sections of the guidance described above to the Plan's financial statements as of and for the years ended October 31, 2015 and 2014. As a result, certain reclassifications have been made to the October 31, 2014 financial statements to conform to the October 31, 2015 presentation. Such reclassifications had no effect on the previously reported net increase in plan assets available for benefits.

Subsequent Events - The Plan has evaluated subsequent events through August 11, 2016, the date that the Plan's annual financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected to restrict the scope of the auditors' examination with regard to statements or information prepared and certified by Fidelity, the trustee.

Fidelity has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of October 31, 2015 and 2014, and for the year ended October 31, 2015.

Fidelity has certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of October 31, 2015.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under the FASB guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2015 and 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Chemstress Consultant Company Retirement Plan
Notes to the Financial Statements
October 31, 2015 and 2014

Self-Directed Brokerage Account - The value of the account, as provided by the brokerage firm, is determined using external sources. Equities, corporate bonds and mutual funds are valued at the closing price reported on the active market on which the individual securities are traded. The fair value of certificates of deposit is estimated using yield curves and credit spreads, where available, and classified as Level 2 of the fair value hierarchy. The yield curves and spreads are from actively quoted market transactions. To the extent yield curves and credit spreads are not available; these securities are generally classified as Level 3. Money market accounts are valued based on a market approach using quoted market values.

Common Collective Fund - Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2015 and 2014:

Assets at Fair Value as of October 31, 2015			
	Level 1	Level 2	Total

October 31, 2015 and 2014

F. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Service Agreement (SA) between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the SA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

G. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. The participants are at all times 100% vested in their account balances (Note A). In the event of Plan termination, the trust fund would be liquidated and all remaining assets distributed to participants and former participants in proportion to their respective account balances.

H. TAX STATUS

The Chemstress Consultant Company Retirement Plan was originally adopted November 1, 1983 and restated as of August 31, 2010. The Plan has been amended since the prototype received an IRS opinion letter dated March 31, 2008. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America, require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in

Chemstress Consultant Company Retirement Plan
Notes to the Financial Statements

the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of additions per the Statement of Changes in Net Assets Available for Benefits to the Form 5500 for the year ended October 31, 2015:

Total additions per the financial statements	\$ 901,188
Less: Adjustment to fair market value for the common collective fund at 10/31/14	(4,431)
Plus: Adjustment to fair market value for the common collective fund at 10/31/15	<u>3,095</u>
