Anthony's Pizza Holdings Company LLC 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of Anthony's Pizza Holdings Company LLC 401(k) Plan (the "Plan") provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Anthony's Pizza Holdings Company LLC 401(k) Plan was created on April 1, 2013. The Plan is a single employer defined contribution plan covering all eligible employees of Anthony's Pizza Holding Company LLC., (referred to as the "Company" or "Sponsor"). Participants, age twenty one or older, are eligible to participate in the Plan after completion of the third month following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination

During 2015, the Company decided to terminate and liquidate the existing Plan and transfer all of the Plan Assets to their payroll provider. The Plan was terminated on October 12, 2015 and then fully liquidated by October 12, 2015. As a result of the liquidation, all participants were immediately vested in their matching contributions.

Contributions

Participants were able to elect to have their employer make salary reduction contributions, including regular salary and wages, overtime pay, bonuses and commissions. Contributions cannot exceed the limitation contained in Section 402(g) of the Internal Revenue Code (\$18,000 in 2015 and \$17,500 in 2014).

Participants who have attained age 50, or are projected to attain age 50 before the close of the calendar year, could have made pre-tax contributions up to an additional limit of \$6,000 for 2015 and \$5,500 for 2014.

A participant was able to transfer contributions (rollover) from one or more tax-qualified retirement plans to the Plan.

The Company contributed for each participant a discretionary matching quarter of one percent of a participant's elective contributions. These contributions and their related earnings thereon were subject to certain participant vesting provisions. As a result of the liquidation, all participants were immediately vested in their matching contributions. The Company could also make profit sharing contributions at its discretion.

Participants' Accounts

Each participant's account was credited with the participant's salary reduction contribution and an allocation of (a) the Company's contributions and (b) Plan earnings and losses. Allocations of the Plan's earnings or losses in each investment option were made to the individual participant's accounts based on the ratio of each participant's current account balances in the respective investment option to total Plan participants' account balances in the respective investment option. The benefit to which a participant were entitled is the benefit that can be provided from the participant's vested account.

Anthony's Pizza Holding Company LLC 401(k) Plan

Notes to Financial Statements

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on continuous service. Prior to the termination, a participant vested in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than a year	0%
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

Notes receivable from participants

The Plan allowed participants to borrow from their fund accounts an amount not less than \$1,000 up to a maximum amount, which is equal to the lesser of 50 percent of their vested account balance or \$50,000. Loan repayments could not exceed 5 years unless the loan proceeds are used to purchase a primary residence, for which the period could not exceed 10 years. The loans are secured by the vested balance in the participant's account and incurred interest based on prevailing interest rates. Participants could only have one (1) loan outstanding at any given time. In the event of default, disability, or termination of employment, the entire outstanding principal and accrued interest was immediately due and payable. Notes receivable totaled \$0 and \$9,244 in the Plan as of October 12, 2015 and December 31, 2014, respectively.

Notes receivable from participants were measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes receivable were reclassified as distributions based on the terms of the Plan document.

Excess Contribution Payable

In the event that participant contributions exceeded contribution limitations of the Plan, corrective distributions were required according to the terms of the Plan document. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions refundable were \$96,754 as of December 31, 2014. These excess contributions were distributed to the applicable participants prior to April 15, 2015.

Payment of Benefits

Each participant could have a distribution in the form of a single sum cash payment or rollover at normal retirement age (attainment of age 65).

Upon termination of service, a participant was able to elect to receive either a lump-sum amount equal to the value of his or her account or a lump sum amount at the normal retirement age, depending on the amount of the participant's vested interest.

Anthony's Pizza Holding Company LLC 401(k) Plan

Notes to Financial Statements

Forfeitures

Forfeitures of the non-vested account balances of participants were used by the employer first to pay administrative expenses. Any remaining amounts will be used to reduce future contributions to the Plan. There were no forfeitures used in the period ended October 12, 2015.

Plan Administrator and Trustee

The Plan was administered by the Company and the Plan's assets were maintained by Acensus Trust Company, (the "Trustee"). Acensus was the record-keeper.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update ("ASU") 2013-07, *Liquidation Basis of Accounting*. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan on October 12, 2015. Under liquidation basis of accounting, an entity shall recognize assets and liabilities that it expects to sell in liquidation or amounts to pay to settle liabilities, as estimated by fair value.

Recently Issued Accounting Pronouncement

In July 2015, the FASB released ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contributions Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965). This amendment removes the requirement to report fully-benefit responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully-benefit responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose (i) individual investments that represent 5% or more of net assets available for benefits, (ii) net appreciation (depreciation) by individual investment type, and (iii) investment information disaggregated based on the nature, characteristics and risks. Early application is permitted. Plan management has adopted this ASU effective January 1, 2015.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and changes therein and disclosure of contingent assets and liabilities in the financial statements and accompanying notes. Actual results could differ from those estimates.

Anthony's Pizza Holding Company LLC 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well held during the year.

Administrative Expenses

The Plan pays the Trustee short term trading fees, loan origination fees and service fees. For the period January 1, 2015 through October 12, 2015 there were \$329 paid in administrative fees. Investment related expenses are included in net appreciation in the fair market value of investments. All other fees are paid by the Company.

Note Receivable from Participants

Note receivable from participants represents loans that were recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on note receivable from participants is recorded when it is earned and is reflected as interest income on note receivable from participants on the accompanying statement of changes in net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of October 12, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan is reduced and a benefit payment is recorded. During 2015, there were no amounts recorded as a deemed distribution.

Benefit Payments

Benefits were recorded when paid.

Risks and Uncertainties

The Plan provided for various investment options. These investments were exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company (formerly known as Frontier Trust Company), the Trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable reflected on the accompanying statements of net assets available for plan benefits as of October

Anthony's Pizza Holding Company LLC 401(k) Plan

Notes to Financial Statements

12, 2015 and the related investment income reflected in the statement of changes in net assets available for plan benefits for the period January 1, 2015 through October 12, 2015.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included the financial statements and supplemental schedule.

4. Fair Value Measurements

ASC 820, Fair Value Measurement and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth, by level within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2014.

Investment Assets at Fair Value as of December 31, 2014 (Liquidation Basis)

Investment Option	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 204,863	\$ -	\$ -	\$ 204,863
Total investment assets at fair value	\$ 204,863	\$ -	\$ -	\$ 204,863

Mutual Funds

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the quoted net asset values.

Notes to Financial Statements

5. Related-Party Transactions and Party-in-Interest

Certain Plan investments are shares of mutual funds managed by Acensus, a related party of the Plan's Trustee and, therefore, the transactions qualify as party-in interest transactions. For the period January 1, 2015 to October 12, 2015 certain administration fees were paid by the Plan Sponsor.

6. Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been recorded.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax position taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely or not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of October 12, 2015 and December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or an asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Non-Exempt Transactions

During the Plan period January 1, 2015 through October 12, 2015 employee withholdings in the amounts of \$15,389 respectively were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and has taken the appropriate steps to correct the situation. Estimated interest assessed on these amounts was \$18. The Company has chosen to correct this without use of the Voluntary Fiduciary Contribution Program. Furthermore, the Company does not believe that these prohibited transactions will have a material impact on the accompanying financial statements.

8. Subsequent Events

Management has evaluated subsequent events for potential recognition or disclosure in the financial statements through August 15, 2016 the date upon which the Plan's financial statements were available for issuance.
