NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Design Workshop, Inc. (the "Company" and/or "Employer") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Basic Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan established by the Company under the provision of Section 401(k) of the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is administered by Digital Retirement Solutions, and MG Trust Company, LLC is responsible for the custody and management of the Plan's assets.

The Plan was amended on May 21, 2015 effective January 1, 2015 to bring the plan in compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes (i.e., the 6-year pre-approved plan restatement).

Eligibility
An employee is eligible for participation in the Plan once he or she has reached 21 years of age and, entry date is the first day of each calendar quarter, for employee deferral contribution and employer safe harbor matching contributions.

Participant Contributions
Participants may choose to defer up to 75% of pretax annual compensation as defined by the Plan, and limited by the IRC. The limit amounted to $18,000 for 2015, plus an additional $6,000 "catch-up" contribution for participants age 50 and older for 2015.

Employer Matching and Discretionary Contributions
The Employer may also make matching contributions to eligible employees at its discretion. For 2015, the employer made safe harbor contributions that matched 100% of the first 5% contributed to the plan by participants at each pay period. For 2015, nonelective contributions were not made.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of Plan earnings and losses, the matching Employer contributions, the forfeitures of terminated participant's non-vested accounts, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the total amount of participant contributions and the amount that can be provided from the vested portion of the Employer contributions. Allocations of nonelective contributions are based on participant earnings or account balances, as defined by the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting
Participants are immediately 100% vested in their elective deferral and safe harbor employer matching contributions plus actual earnings thereon.

Payment of Benefits
Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum or installments equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The participant may also transfer his or her assets to another qualified plan, or if the participant's assets are greater than $5,000, may leave those assets in the Plan. Hardship distributions to participants are permitted up to 100% of the participant's elective contribution account balance.

The Plan was amended effective August 1, 2012 to allow for in-service payment of benefits for participants not separated from service upon attaining age 59½ years. Distributions under this provision are limited to the participant's fully vested account balances.

The Plan was amended effective January 1, 2014 for the employer to begin making safe harbor matching contributions. The Employer amended the Plan to contribute 100% of the first 5% of employee contributions.

Investment Options
Upon enrollment in the Plan, a participant directs contributions made on his or her behalf to any of the funds within the Plan. Participants' direct contributions, including employer matching contributions (if any), are allocated to specific investment funds as elected by the participant. Participants may change their investment elections at their own discretion.

Notes Receivable from Participants
Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to the lesser of (1) $50,000, reduced by (a) the applicant's highest outstanding loan balance from the Plan during the one year period ending on the day before the loan is made and (b) the applicant's outstanding loan balance from the Plan on the day before the loan is made, or (2) 50% of the present value of the participant's current vested account balance. The loans are secured by the participant's account balance and bear interest at a fixed rate equal to the current prime rate plus 1% at the date the application is approved. The interest rate on outstanding loans is 4.25%. Principal and interest are paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract-value basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document.

Administrative Expenses
The Plan Sponsor absorbs certain administrative expenses on behalf of the Plan. Expenses for the year ended December 31, 2015 totaled $27,945.

Payment of Benefits
Benefits are recorded when paid. As of December 31, 2015 and 2014, there were no benefits payable to participants who elected to withdraw from the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate and market risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Rollovers
Rollovers are recorded as contributions to the Plan.

Recently Issued Accounting Pronouncements
In April 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-04, *Compensation-Retirement Benefits (Topic 715): Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets* (ASU 2015-04). ASU 2015-04 specifies that for an entity with a fiscal year end that does not coincide with a month end, the amendments in this update provide a practical expedient that permits the entity to measure defined benefit plan assets and obligations using the month end that is closest to the entity's fiscal year end and apply that practical expedient consistently from year to year. The practical expedient should be applied consistently to all plans if an entity has more than one plan. The amendment is effective for public business entities for financial statements issued for fiscal years beginning after December 15, 2015. For all other entities, beginning after December 15, 2016, and interim periods within fiscal years beginning after December 15, 2017, earlier application is permitted. Management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements* (ASU 2015-10). The amendments in this update cover a wide range of topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting standards. The amendments in ASU 2015-10 will generally be effective for fiscal periods beginning after December 15, 2015. Early adoption is permitted, including adoption in an interim period. The adoption of immediately effective amendments was not significant to these financials. ASU 2015-10 has not yet been adopted. The Plan's management does not believe the adoption of this guidance will have any impact on the Plan.

NOTE 3 – INVESTMENTS CERTIFIED BY TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by the trustee, MG Trust Company, LLC, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the trustee that information provided to the Plan Administrator by the trustee related to the following investments and notes receivable from participants is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

* Denotes single investments representing more than 5% of the Plan's net assets available for benefits as of December 31, 2015 and 2014.

The trustee certified the completeness and accuracy of $500,402 of net depreciation in fair value of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) and $606,553 of dividend income. The net depreciation on investments is attributed entirely to mutual funds.

NOTE 4 – PLAN TERMINATION

Although it has not expressed such intent, the Employer, by action of its board of directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease, and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 5 – INTERNAL REVENUE SERVICE STATUS

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the IRC, and accordingly, the Plan's net investment income is exempt from income taxes. The Plan obtained a favorable tax determination letter from the Internal Revenue Service (IRS) on January 14, 1995 stating that the Plan, as then designed, was in compliance under Section 401 of the IRC.

The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America (GAAP) requires Plan management to evaluate the tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain tax position that is more likely than not to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements, respectively. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-tier hierarchy has been established that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels are defined as follows:

Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities as of the reporting date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly that include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Unobservable inputs that have little or no market data and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014, respectively.

Mutual funds	Valued at the quoted net asset value of shares held by the Plan at year end
Guaranteed investment contract	Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The Plan's investment assets at fair value, within the fair value hierarchy, as of December 31, 2015 and 2014 are as follows:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,601,343	$ -	$ -	$ 10,601,343
Guaranteed investment contract	-	-	99,928	99,928
Total	**$ 10,601,343**	**$ -**	**$ 99,928**	**$ 10,701,271**

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,103,019	$ -	$ -	$ 10,103,019
Guaranteed investment contract	-	-	94,510	94,510
Total	**$ 10,103,019**	**$ -**	**$ 94,510**	**$ 10,197,529**

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth a summary of changes in fair value of the Plan's Level 3 assets for the years ended December 31, 2015 and 2014:

	Guaranteed Investment Contract	
	2015	2014
Balance, beginning of year	$ 94,510	$ 88,867
Investment income	7,171	9,733
Expenses	(4,453)	(4,090)
Insurance premium transfer	2,700	-
Balance, end of year	**$ 99,928**	**$ 94,510**

The required disclosures regarding the significant unobservable inputs for the Guaranteed Investment Contract are:

Type	Fair Value at December 31, 2015	Valuation Technique	Significant Unobservable Inputs	Range
Custodial guaranteed fund contract	$ 99,928	Assumed proceeds at discontinuance	Composite crediting rate	6%

NOTE 7 – GUARANTEED INVESTMENT CONTRACT

In 1985, the Plan entered into a benefit-responsive guaranteed investment contract with GenAmerica Financial ("GenAmerica"). GenAmerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by GenAmerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The difference between fair value and contract value is not material.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 was $99,928 and $94,510, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 6 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any violation of any prohibited transaction under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 7 – GUARANTEED INVESTMENT CONTRACT (Continued)

Interest rates for the years ended December 31, 2015 and 2014 were as follows:

	2015	2014
Average yields:		
Based on actual earnings	6.00%	6.00%
Based on interest rate credited to participants	6.00%	6.00%

NOTE 8 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 28, 2016, which is the date the financial statements were issued. No subsequent events requiring disclosure were identified.
