401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS
OCTOBER 31, 2015

NOTE 1 – Description of the Plan

The following description provides only general information of the Morrow Meadows Corporation (the Company) 401(k) Plan (the Plan). Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all full-time employees of the Company who have at least three months of service and are age twenty or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the trustee of the Plan who reports to the Board of Directors.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and a common/collective trust as investment options for participants. The Company will contribute an amount of matching contributions to the Plan as determined by the Company at its discretion. An additional profit-sharing contribution may also be contributed by the Company at its discretion. The Advisory Committee will allocate the profit-sharing contributions on the basis of the participant's eligible compensation, as defined by the Plan. The matching and profit-sharing contributions are invested as directed by the participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – Description of the Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions on earnings on the contributions. Vesting in the Company's contributions is 20% after two years and 20% per year thereafter. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Withdrawals by participant from their accounts are permitted in accordance with the Plan's provisions.

Forfeited Accounts

At October 31, 2015 and 2014, forfeited nonvested accounts totaled $41,384 and $13,379, respectively. These accounts will be used to pay administrative expenses or to reduce future Company contributions. In 2015, there were no forfeitures used to reduce employer contributions or pay administrative expenses.

NOTE 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – Summary of Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of October 31, 2015 or 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value investments.

Change in Accounting Principle

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07), which eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured using net asset value per share as a practical expedient. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan's management has elected to early adopt ASU 2015-07 and the adoption of ASU 2015-07 is reflected in the fair value hierarchy table in Note 4 where the investment valued using net asset value per share as a practical expedient is excluded from categorization in the fair value hierarchy. Such adoption has been applied retrospectively to all years presented.

NOTE 2 – Summary of Accounting Policies (Continued)

Change in Accounting Principle (Continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

Reclassification

Certain amounts in the 2014 financial statements have been reclassified to conform to the 2015 financial statement presentation.

Subsequent Events

The Plan has evaluated subsequent events through August 12, 2016, the date the financial statements were available to be issued.

NOTE 3 – Information Prepared and Certified by the Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Great-West Trust Company, LLC (Great-West) held the Plan's investment assets and executed investment transactions as of and for the year ended October 31, 2015. Putnam Fiduciary Trust Company (Putnam) held the Plan's investment assets as of ended October 31, 2014. Accordingly, Great-West and Putnam, the trustees of the Plan, have certified the following data included in the accompanying financial statements and supplemental schedule, is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest, dividends and other income
- Schedule of assets held at the end of the year

The plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

NOTE 4 – Fair Value Measurements (Continued)

Level 2 Inputs other than quoted prices included within the Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Net Asset Values (NAV) are obtained directly from the fund or a second pricing source, such as Interactive Data Corporation (IDC). The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. Participant transactions (purchases and sales) may occur daily.

NOTE 4 – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2015 and 2014:

	Fair Value Measurements at October 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 31,344,271			$ 31,344,271
Common/Collective Trust (1)				11,344,671
Total assets at fair value	$ 31,344,271	None	None	$ 42,688,942

	Fair Value Measurements at October 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 29,303,758			$ 29,303,758
Common/Collective Trust (1)				11,713,004
Total assets at fair value	$ 29,303,758	None	None	$ 41,016,762

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 – Common Collective Trust

At October 31, 2015 and 2014, the Plan invested in the Putnam Stable Value Fund, a fully benefit-responsive investment contract, that maintains its contributions in a common/collective trust.

This contract is invested in indirect investments in fully benefit-responsive investment contracts and, therefore, is reported at fair value, which is its NAV. The contract's NAV is based on contract value, as contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West during the year ended October 31, 2015 and Putnam during the year ended October 31, 2014 and, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issue or otherwise. The contract value, and NAV, of the investment contract at October 31, 2015 and 2014, was $11,344,671 and $11,713,004, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero. Such interest rate is reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: complete or partial plan termination or merger with another plan, bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan. The plan administrator believes that any events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – Related-Party Transactions and Party-In-Interest Transactions

Putnam and Great-West Lifeco Inc., the parent company of the Plan's trustee Great-West, combined retirement businesses in May 2014. During the years ended October 31, 2015 and 2014, the Plan was invested in shares of mutual funds and a common/collective trust managed by Great-West Trust and Putnam, respectively. Putnam and Great-West are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Putnam provides certain administrative services to the Plan pursuant to a service provider payment agreement (SPPA) between the Company and Putnam. Putnam receives revenue from mutual fund and collective trust fund service providers for services Putnam provides to the funds. This revenue is used to offset certain amounts owed to Putnam for its administrative services.

If the revenue received by Putnam from such mutual fund or collective trust fund service providers exceeds the amount owed under the SPPA, Putnam remits the excess to the Plan's trust on an annual basis. Such amounts may be used as provided by the plan document. At October 31 2015, there was a total of $39,043 in excess which will be used in future periods.

NOTE 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – Tax Status

The Company utilizes a Prototype Non-Standardized Profit Sharing Plan, which obtained a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. Although the Plan has been amended since adopting the Prototype Non-Standardized Profit Sharing Plan, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2012.

NOTE 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
