SAVINGS AND SECURITY PLAN
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Richards Electric Supply Company, Inc. (the Company) Savings and Security Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all employees of the Company who have six months of service and are age twenty and a half or older. Employees of Richards Energy Services, LLC (RES) are also included in the Plan. RES is a separate legal entity that has adopted the provisions of the Plan due to common ownership with the Company. Employees have the opportunity to become a participant on the first "entry date", February 1, May 1, August 1, and November 1 of each year, once that employee satisfies those requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Each year participants may contribute up to limits as defined by the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document. Participants direct the investment of their account into any combination of various investment options offered by the Plan. For all participants who entered the Plan on or after May 2, 2011, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Employer Contributions

Employer contributions are at the discretion of Richards Electric Supply Company, Inc. and Richards Energy Services, LLC. Each company contributes to the Plan an amount authorized by its Board of Directors. For the year ended January 31, 2016, the Board of Directors of Richards Electric Supply Company, Inc. authorized employer matching contributions to the Plan of \$150,000, while for the year ended January 31, 2015, they authorized a profit sharing contribution to the Plan of \$125,000. No employer contributions were authorized by Richards Energy Services, LLC for either of the years ended January 31, 2016 or 2015. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the employee's elective deferrals and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Generally, notes are repayable through payroll deductions. The notes are collateralized by the balance in the participant's account and bear interest at a fixed rate of 1% above the prime rate, as published on the first business day of the month in which the loan was requested.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their 401(k) elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service as defined in the Plan. Vesting begins upon the completion of the second year of service, and a participant is 100% vested after six years of credited service.

Forfeitures

Forfeitures on non-vested account balances will be used to pay Plan expenses. Remaining forfeitures shall be allocated among the participants' accounts in the same manner as the employer's discretionary contributions.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the vested portion of the value of their account, or any other form of payment included in the Plan document. However, participants automatically receive a distribution equal to the vested portion of the value of their account, if the value does not exceed \$5,000. Otherwise, a participant may receive the value of the vested interest in his or her account as requested, or may remain a participant in the Plan, but they may not make additional contributions.

Administrative Expenses

A portion of the administrative expenses, which includes audit fees, are paid by the Plan's sponsor. Expenses paid by the Plan's sponsor are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments held by defined contribution plans are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The process of preparing financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive contracts, which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, the trustee, and other sources (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payments of Benefits

Payments of benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when they are incurred. No allowance for credit losses has been recorded as of both January 31, 2016 and 2015. If a participant ceases to make loan repayments, and the Plan administrator deems the note receivable to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Net Assets Available for Benefits

Net assets available for benefits at both January 31, 2016 and 2015 include \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in the earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving this opinion letter. A determination letter has not been received specific to the Plan. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under federal statutes of limitations and remain subject to review and change. Neither the Plan nor the Company are currently under audit nor have either the Plan or the Company been contacted by any taxing authority.

Adoption of ASU 2015-12

In July, 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Part 1 – Fully Benefit-Responsive Investment Contracts, Part II – Plan Investment Disclosures, and Part III – Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investment by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management as elected to adopt Parts I and II early.

Subsequent Events

Plan management has evaluated subsequent events through August 9, 2016, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, provided a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at either January 31, 2016 or 2015.

Mutual Funds – Valued at the Net Asset Value (NAV) of shares held by the Plan at year end as reported by the fund.

The previously described method may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at January 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ <u>5,425,992</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>5,425,992</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at January 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ <u>5,662,489</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>5,662,489</u>

For both the years ended January 31, 2016 and 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 – INVESTMENT IN COLLECTIVE TRUST

The Plan invests in a collective trust fund, the Wells Fargo Stable Return Class C Fund (the Fund), which has invested all of its assets in the Wells Fargo Stable Return Class G Fund as of December 31, 2015. The Class G Fund invests in investment contracts and security-backed contracts issued by insurance companies and other financial institutions and carries its investments at contract value. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The investment in common/collective trust is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the fund at January 31, 2016 and 2015 was \$934,177 and \$668,176, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition or competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material representation. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5 - LIMITED SCOPE AUDIT

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at January 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years then ended was obtained or derived from information supplied to the Plan administrator, and certified as complete and accurate by Alerus Financial N.A., the trustee of the Plan.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 - FORFEITURES

For the years ended January 31, 2016 and 2015, forfeitures of \$-0- and \$1,916, respectively, were reallocated to existing Plan participants. For the years ended January 31, 2016 and 2015, forfeitures of \$9 and \$-0- were used to pay plan expenses. As of January 31, 2016 and 2015, there were \$-0- and \$8, respectively, in unallocated forfeitures.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Alerus Financial N.A. is the trustee as defined by the Plan. Fees for services and administrative expenses paid by the Plan to the Plan's trustee include \$19,157 and \$19,475 for 2016 and 2015, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

For 2016 and 2015, investment income per the audited financial statements is reflective of the contract value for the fully benefit-responsive investment contract while the Form 5500 is reflective of fair value.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.
