(1) Description of the Plan

The following description of the OSG Bulk Ships, Inc. Money Purchase Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a money purchase pension plan for employees of OSG Ship Management, Inc. (the Company) working as Licensed Deck Officers aboard U.S. Flag vessels and who are not covered by a collective bargaining agreement unless the collective bargaining agreement expressly provides for participation. During the year ended December 31, 2015, there were no union employees participating in the Plan. Employees become eligible to participate in the Plan once they have completed thirty days of continuous service as defined in the Plan document. The Plan is sponsored by OSG Bulk Ships, Inc. (the Plan Sponsor), a sister company to the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On November 14, 2012, the Plan sponsor filed for Chapter 11 bankruptcy. The bankruptcy did not have any effect on the Plan as the Plan sponsor received approval from the court that payroll related items, including the Plan, continue as usual. On August 5, 2014, the Plan sponsor emerged from bankruptcy and there has been no effect on the financial statements.

(b) Contributions and Vesting

The Company makes monthly contributions to the Plan based on criteria outlined in the Plan document, which is equal to a flat rate per day for each day of employment and vacation plus 7% of base wages on board and on vacation. These contributions are allocated to the participants based on the proportion of each participant's Plan compensation, as defined, to the total Plan compensation. The Plan met the ERISA minimum funding requirements during the year ended December 31, 2015. Vesting in Company contributions plus actual earnings thereon begins after two years of service, and participants become fully vested at the completion of six years of service. Forfeited nonvested accounts remain in the Plan and are reallocated among all eligible participants or used to offset employer contributions. Forfeited nonvested accounts totaled approximately $153,000 and $584,000 at December 31, 2015 and 2014, respectively. For the year ended December 31, 2015, the Company used forfeitures of approximately $586,000 to reduce employer contributions. Additionally, the Company used forfeitures of approximately $70,000 to reduce employer contributions in transit at December 31, 2015.

Rollover contributions are accepted from other employers' qualified plans for new employees joining the Plan.

(c) Investment Options

Participants may elect to invest their funds in 1% increments in any of the investment options made available by the Plan. Asset transfers among these options are permitted daily.

(1) Description of the Plan - Continued

(d) Participant Accounts

Each participant's account is credited with allocations of the Company's contributions and Plan investment results. Each participant's account is reduced by any withdrawals or distributions and an allocation of administrative expenses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

(e) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from six months to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan sponsor (7% as of December 31, 2015). Interest and principal are paid ratably through quarterly payroll deductions.

(f) Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year or shorter period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

The Plan allows participants to withdraw from their account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need, but not in excess of the vested portion of the participant's individual account balance. The participant must qualify with respect to Plan provisions.

(g) Administration and Expenses

The Plan sponsor assists in administering the Plan, and all normal administrative costs of the Plan are paid by the Company, unless the Company elects to have such expenses paid by the Plan. Investment transaction costs are charged to the Plan and allocated among the participants based on their respective account value to total plan assets. For the year ended December 31, 2015, $1,232 in record keeping fees was paid by the Plan with all other administrative fees being paid by the Company.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(2) Summary of Accounting Policies - Continued

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are reported at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The net depreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

The Vanguard Retirement Savings Trust (Fund) is a common/collective trust stable value fund. The Fund invests principally in guaranteed interest contracts (GICs) issued by insurance companies, investment contracts issued by banks, synthetic investment contracts (SICs) issued by banks, insurance companies, and other issuers, and securities supporting such SICs, and other similar instruments which are intended to maintain a constant net asset value. The Fund is valued by Vanguard Fiduciary Trust Company (Vanguard) based on the unit value of the funds. Unit values are determined by dividing the fund's net assets, which represents the fair value of the underlying investments, by its units outstanding at the valuation dates. This common/collective trust has underlying investments in investment contracts which are valued at estimated fair value of the underlying investments and then adjusted to contract value.

(d) Risks and Uncertainties

The Plan provides for various investment options in a combination of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the valuation of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

(e) Unit Values

Individual participant accounts for the common collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' account are charged or credited with the number of units properly attributable to each participant.

(f) Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. The Plan's management is currently evaluating the impact of ASU 2015-07 and does not expect the adoption of this ASU to have a material impact on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of plan investments. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. Plan management has elected to early adopt ASU 2015-12 Parts I and II. Adoption of this standard resulted in the reclassification of $(60,083) from adjustment from fair value to contract value for investment in fully benefit-responsive contract to common collective trust on the statement of net assets available for benefits as of December 31, 2014. The statement of changes in net assets available for benefits of the Plan was not affected by the adoption of the new guidance. Part III is not applicable to this Plan.

(3) Information Certified by Vanguard Fiduciary Trust Company (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company (VFTC), the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Total investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2015 and 2014;
- Total investment income, net depreciation in fair value of investments, and related investment activity, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2015;
- The Schedule of Assets (Held at End of Year), as shown in the supplemental schedule, as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(4) Transactions with Parties-in-Interest

The Plan invests in shares of registered investment companies or common/collective trust funds managed by an affiliate of VFTC. VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Additionally, participants are permitted to borrow from their vested account balances (see Note 1(e)), which also qualify as party-in-interest transactions.

(5) Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated October 3, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2012.

(6) Fair Value Measurements

The Company uses a three-level hierarchy for disclosure of fair value measurements that gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs, as follows:

Level 1: Observable inputs such as quoted prices in active markets for identical assets or liabilities;

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data; if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities; this includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The categorization of an asset or liability within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for assets within the Plan measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

Registered Investment Companies

These investments are valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year end.

Common/Collective Trust

The Vanguard Retirement Trust is a common collective trust which is valued based on the underlying unit value reported by the Vanguard Retirement Savings Trust.

(6) Fair Value Measurements - Continued

Plan assets have been classified in their entirety within a level of the fair value hierarchy based on the lowest level of input that is significant to the estimated fair value measurement, as set forth below:

Total investments at fair value	$ 22,550,224	20,592,955	1,957,269	-

(7) Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(8) Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 15, 2016, the date the financial statements were available to be issued.
