BOSTON RED SOX 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

Note 1 Description of Plan

The following description of Boston Red Sox 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2000 by Boston Red Sox Baseball Club LP (the "Partnership"), for the purpose of providing eligible employees of the Partnership with certain retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2015, the Plan was amended and restated.

Transfer to related Plan

In January 2015, the Partnership established a related qualified defined contribution employee benefit plan for certain classes of employees. In connection with the establishment of this related plan, net assets of \$17,508,296 were transferred to the related plan.

Eligibility

All employees of the Partnership, other than employees covered by a collective bargaining agreement, employees eligible to participate in the Boston Red Sox Retirement and Savings Plan, nonresident aliens and leased employees are eligible to participate in the Plan upon attaining the age of 21 and completion of one year of service as defined in the plan document.

Participant contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 100% of eligible pre-tax annual compensation, limited to the maximum amount allowable under the provisions of the IRC (\$18,000 in 2015). Further, participants who are 50 years of age or older as of December 31, 2015 can contribute an additional "catch up" contribution (\$6,000 in 2015). In addition, the Plan enables participants to defer funds into a "Roth 401(k)". These deferrals are subject to income tax, and the maximum allowable combined contributions of the Roth 401(k) and pre-tax deferrals is \$18,000.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

BOSTON RED SOX 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015 and 2014

Note 1 **Description of Plan (continued)**

Employer contributions

The Plan provides for discretionary matching and profit sharing contributions. For the year ended December 31, 2015, the Partnership chose to match 25% of participant contributions up to 6% of eligible compensation, not to exceed \$1,000. In order to qualify for the matching and profit sharing contributions, the participant must satisfy the eligibility requirements, as defined in the Plan document, including completing one year of service and having attained the age of 21. The Partnership made matching contributions of \$9,637 for the year ended December 31, 2015. The Partnership did not make any profit sharing contributions for the year ended December 31, 2015.

Participants' accounts

Each participant's account is credited with their respective contribution and its allocation of (a) employer contributions and (b) Plan earnings or losses.

Vesting

Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Vesting in profit sharing contributions and any earnings thereon is based on the number of years of continuous service (as defined). Vesting occurs at the rate of 20% per year after two years of credited service, with full vesting completed after six years of credited service. In the event of death, disability or attainment of retirement (as defined), participants' accounts become fully vested.

Payment of benefits

Upon termination of employment, retirement, attainment of age 59 ½, death or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum, in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions. Further, withdrawals from the Plan before leaving the Partnership are available for special "hardship" reasons, and certain other conditions, as defined in the Plan document. Distributions to participants are recorded when paid.

Forfeitures

The Plan provides that forfeitures, the unvested portion of Partnership discretionary profit sharing contributions for terminated participants, will serve to reduce future Partnership contributions. As of December 31, 2015 and 2014, the forfeiture account had a balance of \$0 and \$361, respectively.

BOSTON RED SOX 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015 and 2014

Note 1 **Description of Plan (continued)**

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Loans are subject to approval by the plan administrator and the interest rate is set periodically to be in line with current market rates for similar types of loans. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through automatic payroll deductions.

Note 2 **Summary of significant accounting policies**

The following is a summary of the significant accounting policies followed by the Plan:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Change in accounting policy

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, and Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt the amendments issued under ASU 2015-12, Part II, early. ASU 2015-12, Parts I and III, are not applicable to this Plan.

BOSTON RED SOX 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015 and 2014

Note 2 **Summary of significant accounting policies (continued)**

Administrative expenses

Expenses incurred in the administration of the Plan are paid by the Partnership or by the Plan at the discretion of the plan administrator.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the trustee. Mutual funds and the money market fund are stated at fair value as determined by quoted market prices. See Note 7 for discussions of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the Plan year or at the time of purchase during the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Fair value

Accounting standards provide a common definition of fair value and establish a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial and non-financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (Note 7).

Subsequent events

The Plan has evaluated subsequent events through August 2, 2016, which is the date the financial statements were available to be issued.

BOSTON RED SOX 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015 and 2014

Note 3 **Information certified by the trustee (unaudited)**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Ascensus Trust Company, the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year):

	<u>2015</u>	<u>2014</u>
Mutual Funds	\$ 2,259,422	\$ 20,498,500
Money Market Fund	-	318,638
Notes Receivable from Participants	1,598	276,598

The trustee also certified to the completeness and accuracy of \$559,497 of net depreciation in fair value of investments and \$46,530 of interest and dividend income related to the aforementioned investments and notes receivable from participants for the year ended December 31, 2015.

Note 4 **Tax status**

The Plan is a non-standardized prototype plan sponsored by Ascensus, Inc. and adopted by the Partnership. The non-standardized prototype plan has received a favorable opinion letter from the IRS dated March 31, 2014, indicating that the non-standardized prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes and represents that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The FASB has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 **Plan termination**

The Plan may be amended or terminated, in whole or in part, by the Partnership, subject to the provisions set forth in ERISA. In the event of any termination of the Plan, the accounts of all participants immediately become fully vested and the Plan assets are distributed in accordance with the terms of the Plan.

Note 6 **Risks and uncertainties**

The Plan provides for various investment options in accounts which invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7 **Fair value measurements**

Accounting standards require that financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

Note 7 **Fair value measurements (continued)**

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's financial assets at December 31, 2015:
