INDEPENDENT AUDITOR'S REPORT

To Participants and Cameron Benefits Committee
of **Cameron International Corporation Retirement Savings Plan**

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cameron International Corporation Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2015 financial statements based conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements.

Basis for Disclaimer of Opinion on the 2015 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T. Rowe Price Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's assets and execute investment transactions. The Plan Administrator has obtained a certification letter from the Trustee as of and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion on the 2015 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2015 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matters

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2015 Financial Statements paragraph, we do not express an opinion on the supplemental schedule.

Change in Accounting Policy

As discussed in Note 2 to the financial statements, in 2015 the Plan adopted new accounting guidance related to the Plan's investments. Prior year disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our opinion is not modified with respect to this matter.

Report on the 2014 Financial Statements

We have audited the accompanying financial statement of Cameron International Corporation Retirement Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and in our report dated June 25, 2015, we expressed our opinion that such financial statement presents fairly, in all material respects, net assets available for benefits of the Plan as of December 31, 2014, and the changes in net assets available for benefits for the year ended December 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2015 Financial Statements

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United State of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Plan Description

General

The Cameron International Corporation Retirement Savings Plan (the Plan) is a defined contribution plan of Cameron International Corporation (the Company, Plan Sponsor or Cameron). The Plan is intended to qualify under section 401(a) of the Internal Revenue Code (IRC) as a profit sharing plan with a 401(k) feature. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan has an undivided interest in the Cameron International Corporation Master Trust (Master Trust) as of December 31, 2015. The Plan was one of two plans utilizing the Master Trust as of December 31, 2014.

The Company and Schlumberger Limited (Schlumberger) created OneSubsea LLC, a joint venture to manufacture and develop products, systems and services for the subsea oil and gas market. In connection with the formation of the joint venture, a new plan, OneSubsea LLC Retirement Savings Plan (OneSubsea Plan) was established. For the year-ended December 31, 2015, movement of employees between Cameron and OneSubsea resulted in $5,375,551 of transfers into the Plan from the OneSubsea Plan and transfers of $1,323,813 out of the Plan to the OneSubsea Plan.

The following brief description of the Plan is provided for general information purposes only and is as of December 31, 2015, unless otherwise noted. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

Administration of the Plan

T. Rowe Price Trust Company serves as the Trustee and record keeper of the Plan. Among other duties, the Trustee receives contributions, holds and invests the fund assets in accordance with the directions of the participants, and makes disbursements as directed by the Plan’s Administrator.

Eligibility

All employees of the Company are eligible to participate in the Plan.

Contributions

Employees may make voluntary contributions of 1% to 50% of eligible compensation on a before-tax basis, subject to IRC limitations. Participants who are or will attain age 50 years old or older before the close of the Plan’s year are eligible to make a catch-up contribution in accordance with section 414(v) of the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may direct their contributions into Cameron stock, a stable value fund, and mutual funds with various investment objectives and strategies.

Continued

Note 1 - Plan Description (Continued)

Contributions (Continued)

The Company matches 100% of the employee contributions up to a maximum of 6% and provides an additional nondiscretionary retirement contribution equal to 3% of each eligible employee's pay. The matching contributions and nondiscretionary retirement contributions are invested in accordance with the participant's existing investment elections.

Contributions to the Plan are made in cash.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Allocations are based on each participant's earnings or account balance, as defined in the Plan Agreement. Each participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee, rollover and Company matching contributions, plus actual earnings thereon. Vesting in the nondiscretionary retirement contributions and discretionary profit sharing contributions is attained upon completion of three years of service.

Forfeitures

Forfeited amounts are used to reduce Employer contributions or pay expenses of administering the Plan. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $1,854,208 and $1,334,499, respectively. During fiscal year 2015, Employer contributions were reduced by $2,990,836 and administrative expenses of $125,228 were paid from forfeited non-vested accounts.

Benefit Payments

Benefits are payable from participant account balances, subject to certain restrictions, upon termination of employment, retirement, reaching the age of 59½ , or by incurring a death, disability or financial hardship, as defined in the Plan Agreement. Participants elect the method of distribution which may be either in the form of a direct rollover to an eligible retirement plan, lump sum payment as defined in the Plan Agreement. Participants may elect that their portion of account balances invested in Cameron common stock be distributed in-kind.

Continued

Note 1 - Plan Description (Continued)

Unless timely election is made, participants with a vested account balance less than or equal to $1,000 will automatically receive a lump sum cash distribution and participants with a vested account balance less than or equal to $5,000 but larger than $1,000 will automatically receive a direct rollover to an IRA designated by the Sponsor.

Notes Receivable from Participants

A participant may obtain a loan from his or her separate account balance. Each loan is evidenced by a promissory note and may not be less than $1,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with commercial prevailing rates as determined by the Sponsor. Provisions of the Plan require the loan not to exceed the lesser of $50,000 or 50% of the participant's vested account balance. Repayment terms for loans are not to exceed five years and principal and interest is paid ratably through payroll deductions. A participant may only have one loan at a time.

Plan Termination

Although no interest has been expressed, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their nondiscretionary retirement contributions and discretionary profit sharing contributions. Participant contributions and Company matching contributions are always 100% vested.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on an accrual basis and present the net assets available for benefits and changes in those net assets in accordance with U.S. generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan participates in only certain investment accounts of the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the specific interests that it has in each of the underlying participant-directed investment accounts.

Continued

Note 2 - Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

The Plan's interest in the Master Trust is stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Net investment gain from the Master Trust includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest on notes receivable from Plan participants is recorded on the accrual basis.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred in connection with the purchase or sale of securities are charged against the investment funds whose assets are involved in such transactions. Loan fees are paid by the borrowing participant. Certain administrative costs of the Plan are paid by the Employer.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contributions Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminated the requirements that employee benefit plan measure the fair value of fully benefit-responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. Part II eliminated the requirements to disclose the net appreciation/depreciation in fair value of investments by general type and the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits. Part II also simplified the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Part III is not applicable to the Plan.

Note 2 - Significant Accounting Policies (Continued)

Recent Accounting Pronouncements (Continued)

ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted and retrospective application required. Plan management reviewed ASU 2015-12 and decided to early adopt the standard in order to simplify Plan accounting and investment presentation in the financial statements. As such, the accounting and disclosures in these financial statements and notes follow ASU 2015-12.

Note 3 - Unaudited Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, T. Rowe Price Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Plan interest in the Cameron International Corporation Master Trust and notes receivable from participants as shown in the statement of net assets available for benefits as of December 31, 2015 and notes to financial statements.

- Net investment gain from the Cameron International Corporation Master Trust and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015 and notes to financial statements.

- The supplemental schedule of assets (held at end of year) as of December 31, 2015.

Note 4 - Cameron International Corporation Master Trust

The Plan's investments are held by the Master Trust. The purpose of the Master Trust is the collective investment of the assets of participating employee benefit plans of the Company. Master Trust assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions, participant loan transactions, benefit payments and certain administrative expenses) which can be specifically identified and by allocating among all plans, in proportion to the fair value of the assets assigned to each plan, the income and expenses resulting from the collective investment of the assets. As of December 31, 2015, the Plan has an undivided interest in the Master Trust. As of December 31, 2014, the Master Trust includes assets of other employee benefit plans of the Company.

Note 5 - Fully Benefit-Responsive Investment Contracts

The Cameron International Corporation Master Trust Stable Value Fund (Stable Value Fund) is a master trust investment account managed by AMVESCAP National Trust Company, an affiliate of INVESCO Institutional (N.A.), Inc., the trustee of the INVESCO Group Trust for Retirement Savings, a Common Collective Trust, in which the assets of multiple qualified plans are invested. The Stable Value Fund invests in actively managed synthetic bank and insurance company investment contracts (SICs) and in guaranteed investment contracts (GICs). These contracts have varying yields and maturity dates and are fully benefit-responsive. These contracts are stated at contract value which represents cost plus accrued income. Although it is management's intention to hold the investment contracts until maturity, certain investment contracts provide for adjustments to contract value for withdrawals made prior to maturity.

The Stable Value Fund's key objectives are to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan.

To accomplish the objectives outlined above, the Stable Value Fund invests primarily in investment contracts such as GICs and SICs. In a traditional GIC, the issuer takes a deposit from the Stable Value Fund and purchases investments that are held in the issuer's general account. The issuer is contractually obligated to repay the principal and a specified rate of interest guaranteed to the Stable Value Fund.

With regard to a SIC, the underlying investments are owned by the Stable Value Fund and held in trust for Plan participants. The Stable Value Fund purchases a wrapper contract from an insurance company or bank. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the Stable Value Fund for the underlying investments). The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest.

Continued

Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)

In certain circumstances, the amount withdrawn from the wrapper contract would be payable at fair value rather than at contract value. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the Company elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract.

Examples of events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments (or in the case of a traditional GIC, at the hypothetical market value based upon a contractual formula).

The following represents the total contract value of each type of investment contract held by the Master Trust as of December 31:

	2015	2014
Synthetic investment contracts	$ 144,189,877	$ 141,218,266
Traditional investment contract	10,053,256	7,158,336
Total fully benefit-responsive investment contracts	$ 154,243,133	$ 148,376,602

Note 6 - Fair Value Measurements

FASB ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are open-ended and are registered with the SEC, whereby they are required to publish their daily net asset value (NAV) and transact at that price. The funds held by the Plan are deemed to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Continued

Note 6 - Fair Value Measurements (Continued)

The Plan's policy is to disclose transfers between levels based on valuations at the end of the reporting period. There were no transfers between Levels 1 and 2 as of December 31, 2015 and 2014.

The following table sets forth by level, within the fair value hierarchy, the investments of the Master Trust measured on a recurring basis at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 737,918,800	$ -	$ -	$ 737,918,300
Cameron stock	168,572,743	-	-	168,572,743
Total assets at fair value	$ 906,491,543	$ -	$ -	$ 906,491,543

The following table sets forth by level, within the fair value hierarchy, the investments of the Master Trust measured on a recurring basis at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 867,937,189	$ -	$ -	$ 867,937,189
Cameron stock	166,015,606	-	-	166,015,606
Total assets at fair value	$ 1,033,952,795	$ -	$ -	$ 1,033,952,795

Note 7 - Federal Income Tax Status

The Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. A determination letter was filed on January 30, 2015 seeking exemption from taxation and was received on March 24, 2016. The Internal Revenue Service stated in the determination letter that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Sponsor believes the Plan has been operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Continued

Note 8 - Risks and Uncertainties

The Master Trust provides for investment in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014:

Net assets available for benefits per the financial statements	$ 1,166,634,042
Fully benefit-responsive investment contract adjustment	4,012,306
Net assets available for benefits per the Form 5500	$ 1,170,646,348

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2015:

Net decrease in net assets available for benefits per the financial statements	$ (81,920,866)
Less: Adjustment to contract value, December 31, 2014	(4,012,306)
Net decrease in net assets available for benefits per the Form 5500	$ (85,933,172)

Note 10 - Related Party and Party-in-Interest Transactions

Certain Master Trust investments are in Cameron common stock. The Plan's transactions involving Cameron common stock qualify as party-in-interest transactions. However, these transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

During the year ended December 31, 2015, the Plan paid, through the Master Trust, direct compensation to the Trustee of $746,557 related to recordkeeping and administration services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) was paid to the Trustee of 0.57% of the balance of certain investment funds. The Plan has entered into a revenue sharing agreement with the Trustee, through the Master Trust, with such amounts used to pay certain administrative expenses of the Plan.

Note 11 - Subsequent Events

Effective April 1, 2016, Schlumberger closed its merger with Cameron in an exchange of cash and stock. Each Cameron stockholder received 0.716 shares of Schlumberger common stock and $14.44 in cash, in exchange for each Cameron share.

Management performed an evaluation of subsequent events through June 28, 2016, the date the financial statements were issued, noting no subsequent events requiring recognition or disclosure in the financial statements.
