Independent Auditor's Report

Plan Administrator
Wismettac Asian Foods 401(k) Profit Sharing Plan

We were engaged to audit the financial statements of Wismettac Asian Foods 401(k) Profit Sharing Plan (the Plan), which comprise the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits as of and for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on concluding the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph below, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Fidelity Management Trust Company (Fidelity), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that Fidelity holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity, the trustee of the Plan. Their report, dated September 14, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Wismettac Asian Foods 401(k) Profit Sharing Plan (the Plan), formerly known as Nishimoto Trading Co., Ltd. 401(k) Profit Sharing Plan, provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Wismettac Asian Foods, Inc. (the Company). Effective December 4, 2015, the Plan name changed from Nishimoto Trading Co, Ltd. 401(k) Profit Sharing Plan to Wismettac Asian Foods 401(k) Profit Sharing Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). During 1991, the Company adopted the deferred compensation election under Section 401(k) of the Internal Revenue Code. The Plan is administered by a retirement committee (Plan Administrator), consisting of four members appointed by the Board of Directors of the Company.

Eligibility and Contributions: All employees of the Company (collectively, Employees) are eligible to participate upon attaining age 18 and completion of 1/4 year of service. Unless a participant elects otherwise, the Company automatically enrolls new employees with a 3% pretax contribution. The 3% automatic deferral election will, in general, become effective the first pay period of the month after attaining eligibility. Employees may change their contribution rate at the beginning of each payroll period and may contribute between 1% and 75% of eligible pay on a pretax basis. Such contributions may be tax deferred at the Employee's option subject to the annual limits of the Internal Revenue Code (the Code). Employees may also stop contributing to their account at any time by changing the contribution rate to 0%. Employees over age 50 are permitted to make catch-up contributions, subject to the annual limits of the Code. The Employer may make discretionary matching contributions determined annually by a Board of Directors Resolution. To be eligible for discretionary matching contributions, Employees are required to make employee pretax deferral contributions or Roth 401(k) after-tax deferral contributions. The Plan will match based on the combined total of these contributions up to the matching limit. For the purpose of determining the matching contributions under the Plan, the pretax contribution will include catch-up contributions made by employees over age 50, described above. For the year ended December 31, 2015, the Company made a discretionary matching contribution of 50% for each dollar contributed up to 6% of each participant's contribution.

Investment: Participants' and Employers' contributions are invested, as designated by the participants, in one or any combination of the 26 investment options offered by the Plan. Investments are made and funds are allocated on the date of receipt of the contribution.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer matching contributions and allocation of the Plan's earnings (losses) and is charged with an allocation of administrative expenses (as defined). Allocations are based on the participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants' contributions and income thereon are fully vested at all times. The Employers' contributions and income thereon are 20% vested after two years of service. Vesting increases 20% for each year of service thereafter, with full vesting occurring after six years of service, upon death or total and permanent disability, or upon retirement at or after age 65. For hardship reasons, a participant may withdraw amounts up to the participant's cumulative contribution.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or within a reasonable period of time that is longer than five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loans bear interest at prime plus 1% as reported in *The Wall Street Journal*, and are automatically deducted from your pay through after-tax payroll deduction. The employee is allowed to have one loan outstanding at one time. A loan fee is paid to Fidelity Investments by the participant and is deducted from the participant's account.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Plan Termination: The Company anticipates and believes that the Plan will continue without interruption, but reserves the right to terminate the Plan. In the event of termination, each affected participant will become fully vested, and the assets will be distributed to the participants in accordance with the terms of the Plan and requirements of ERISA.

Forfeitures: Upon termination of employment, participants forfeit their nonvested balances. Unallocated forfeitures of terminated nonvested account balances at December 31, 2015 and 2014, totaled $759 and $79,732, respectively. These amounts are available to offset employer cash contributions or pay plan expenses in accordance with the plan agreement. Total forfeitures of $133,249 were used to reduce employer contributions for 2015.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Concentration of Risk: The Plan's concentration of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference. Due to the level of risk associated with certain investment securities and the level of uncertainty to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Party-in-Interest Transactions: Plan assets include investments in funds managed by the trustee or affiliates of the trustee. These transactions with the trustee qualify as party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management and administrative services amounted to $6,597 for the year ended December 31, 2015. Participant loans also qualify as party-in-interest transactions.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value: Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides a framework for measuring fair value that requires an entity to determine fair value based on the exit price in the principal market for the asset or liability being measured. Fair value is defined as the exchange price that would be received on the measurement date to sell an asset or the price paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The guidance also establishes a three-level fair value hierarchy that describes the inputs used to measure assets and liabilities.

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

    - Quoted prices for similar assets and liabilities in active markets
    - Quoted prices for identical or similar assets or liabilities in markets that are not active
    - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity) Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Investments in mutual funds are valued at fair value, as determined by Fidelity Management Trust Company, based on quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan's financial instruments subject to fair value measurement and/or disclosure are summarized in Note 3.

Administrative Expenses: Expenses incurred by the trustee in connection with its administration of the trust are paid by the Plan, unless paid by the Company at its option. Administrative expenses incurred were $6,597 for the year ended December 31, 2015.

Recent Accounting Pronouncements: In August 2014, the FASB issued ASU No. 2014-15—*Presentation of Financial Statements—Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*. This ASU provides guidance on determining when and how to disclose going concern uncertainties in the financial statements. The ASU requires management to evaluate whether there are conditions or events, when considered in the aggregate, that raise substantial doubt about an entity's ability to continue as a going concern within one year after the date the financial statements are issued, or available to be issued, and to provide the related disclosures. ASU No. 2014-15 applies to all entities and is effective for annual reporting periods ending after December 15, 2016, and interim periods thereafter, with early adoption permitted. The adoption of this ASU will not have a material impact on the Plan's financial statements.

In May 2015, the FASB issued ASU No. 2015-07—*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. This ASU eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient in FASB ASC 820, *Fair Value Measurement*. Reporting entities must provide sufficient information to enable users to reconcile total investments measured at fair value in the statement of financial position. Additionally, the scope of current disclosure requirements for investments eligible to be measured at NAV will be limited to investments to which the practical expedient is applied. ASU No. 2015-07 is effective for all entities except public business entities during annual reporting periods beginning after December 15, 2016, and interim periods thereafter, with early adoption permitted. The adoption of this ASU will not have a material impact on the Plan's financial statements.

On July 31, 2015, the FASB issued ASU No. 2015-12—*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The FASB simplified or eliminated some of the financial reporting and disclosure requirements for employee benefit plans with the issuance of ASU No. 2015-12. ASU No. 2015-12 simplifies employee benefit plan reporting with respect to fully responsive investment contracts and plan investment disclosures and provides for a measurement date practical expedient for plans with a fiscal year-end that does not coincide with a month-end. The guidance in this ASU does not apply to the financial reporting for the Plan Sponsor; it applies only to the Plan's financial statements. Prior to ASU No. 2015-12, GAAP required an entity to measure fully benefit-responsive investment contracts (i) at contract value for purposes of determining the net assets of an employee benefit plan and (ii) at fair value (measured under Topic 820) for purposes of presentation and disclosure and to provide an adjustment to reconcile fair value to contract value on the face of the plan financial statements when those measures differed. This ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. Contract value is considered relevant because that is the amount at which plan participants would transact. This ASU requires entities to disclose the contract value of each type of fully benefit-responsive investment contract (e.g., traditional, synthetic). The amendments under ASU No. 2015-12 are effective for fiscal years beginning after December 15, 2015, and earlier adoption is permitted. Plans are required to apply the amendments in Parts I and II retrospectively for all financial statements presented and should apply the amendments in Part III prospectively. When a part is adopted, it must be adopted in its entirety. The Plan adopted ASU No. 2015-12 in 2015.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events: The Plan has evaluated subsequent events through July 29, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments at fair value, by level within the fair value hierarchy, are as follows:

		Fair Value Measurements Using		
2015	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 26,236,937	$ 26,236,937	$ -	$ -
2014				
Mutual funds	$ 25,750,878	$ 25,750,878	$ -	$ -

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2015 and 2014 there were no transfers between levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Principal Fixed Account is a fully benefit-responsive group annuity contract issued by the Principal Life Insurance Company (PLIC). The methodology for calculating the interest crediting rate is defined in Article I, Section II of the contract under the term "Composite Crediting Rate." Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semiannual basis and will never be less than the Guaranteed Minimum Interest Rate. The methodology for calculating the Guaranteed Minimum Interest Rate is defined in Article I, Section II of the contract under the term "Guaranteed Minimum Interest Rate."

Changes in future interest credit rates will not affect the amount reported as an adjustment from the fair value to contract value on the statement of net assets available for benefits for the portion of net assets attributable to fully benefit responsive investment contracts. Fair value is considered book value less early withdrawal charge.

The Principal Fixed Account is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a Stable Value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

Average Yields for Principal Fixed Assets	2015	2014
Based on actual earnings	1.80%	2.25%
Based on interst rate credit to participants	1.80%	2.25%

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

By definition, the Principal Fixed Account is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Based on historical data, the probability of such defined events occurring to limit the Plan's ability to transact at a contract value with participants is remote.

As defined in the contract, there are circumstances under which the contract may be terminated by the Plan. The issuer, PLIC, has the right to no longer receive deposits under the contract. However, based on historical data, the likelihood of this occurring is also remote.

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 was $7,583,867 and $6,824,855, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%.

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain investments of the Plan are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $6,323 for the year ended December 31, 2015.

The Plan Sponsor provides certain accounting and administrative services to the Plan for which no fees are charged. These expenses constitute exempt party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their employer contributions, if any.

NOTE 7– TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended and restated, is qualified and the related trust is exempt.

NOTE 7– TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions for tax years for which applicable status of limitations have not expired; however, there are currently no audits for any tax periods in progress.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2015 and 2014, the financial instruments that potentially subject the Plan to a concentration of credit risk consist principally of investments and notes receivable from participants.

NOTE 9 – TRUSTEE CERTIFICATION

The investment balances, notes receivable from participants and related income information included in the financial statements, accompanying notes and supplemental schedule, summarized below, were derived from statements certified by Fidelity as complete and accurate in accordance with 29 CFR2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA.
