LOGAN'S PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Logan's Profit-Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of Shelbyville Laundry, Inc. and Logan's Uniform Rental, Inc. (the Companies) who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of ERISA. The Plan Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies may contribute as a matching contribution an amount equal to a percentage of the amount of each participant's salary reduction contribution. This percentage will be determined by the Companies annually. For both 2014 and 2013, the Companies elected to contribute an amount equal to 50% of the first 5% contributed by the participants. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with the participant's contribution and Companies' matching contributions, as well as allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies' matching contribution portion of their accounts is based on years of continuous service as outlined in the following table:

<u>Years of Service</u>	<u>Percent of Non-Forfeitable Interest</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits:

Upon termination of service due to death, disability, retirement, or termination of employment, the vested balance in the participant's account is paid to the participant or his or her beneficiary in a lump sum payment. The Plan specifically restricts the timing and method of benefit payments based upon the participant's age, length of service, account value and reason for termination.

Forfeited accounts:

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$322 and \$4,444, respectively. These accounts will be used to reduce future employer contributions. In 2014 and 2013, employer contributions were reduced by \$8,976 and \$2,027 respectively, from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of Logan's Profit-Sharing Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

NOTES TO FINANCIAL STATEMENTS

Basis of presentation:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has significant investments in mutual funds held by State Street Bank & Trust Company. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Excess contributions refundable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15 of the following year.

NOTES TO FINANCIAL STATEMENTS

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain administrative expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments as they are paid through revenue sharing, rather than a direct payment.

Subsequent events:

Subsequent events have been evaluated through October 9, 2015, which is the date the financial statements were available to be issued.

Note 3. Plan Trustee and Investments (Unaudited)

On July 1, 2014, the Companies elected to transfer the funds held at Commonwealth Bank and Trust to State Street Bank & Trust Company. The trustee has custody of all of the Plan's assets, executes transactions therein, receives contributions from the employers, and disburses funds according to the trust agreement.

The following is a summary of the Plan's financial information and data certified by the trustee in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting Disclosure under ERISA. Investments that represent 5% or more of the Plan's net assets are separately identified by an asterisk.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

Money market funds and mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	<u>2014</u> <u>Level 1</u>	<u>2013</u> <u>Level 1</u>
Mutual funds:		
Equity funds	\$3,552,557	\$2,835,017
Fixed income funds	<u>163,853</u>	<u>620,712</u>
Total mutual funds	3,716,410	3,455,729
Money market funds	<u>262,062</u>	<u>287,398</u>
Total assets at fair value	<u><u>\$3,978,472</u></u>	<u><u>\$3,743,127</u></u>

Note 5. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6. Income Tax Status

The Plan is a prototype plan offered by ADP Retirement Services, Inc. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 Related Party Transactions

ADP Retirement Services, Inc. is the recordkeeper of the Plan and therefore, transactions with ADP qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$500 for the year ended December 31, 2014.

During the years ended December 31, 2014 and 2013, certain Plan investments were shares of a money market fund managed by Commonwealth Bank & Trust. Commonwealth Bank & Trust was the Trustee as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

Note 8. Reconciliation of Financial Statements to Form 5500
