NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

1. DESCRIPTION OF PLAN

The following description of Trion Solutions, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

MERGER

On January 1, 2013, the Trustee and Administrator approved the merger of the Total HR 401(k) Profit Sharing Plan ("Total HR Plan") into this Plan. As a result, investments in the amount of \$2,141,165 were transferred from the Total HR Plan into this Plan and are included in transfer of assets to plan on the statement of changes in net assets available for benefits.

On September 1, 2013, the Trustee and Administrator approved the merger of the E-Connect Multiple Employer 401(k) Plan ("E-Connect Plan") into this Plan. Investments in the amount of \$2,781,165 were transferred from the E-Connect Plan into this Plan and are included in transfer of assets to Plan on the statement of changes in net assets available for benefits. Due to the timing of the transfer, the majority of these assets are included in cash on the statement of net assets available for benefits as of December 31, 2013.

GENERAL

The Company, which is a "Professional Employer Organization" ("PEO"), established this voluntary defined contribution plan on January 1, 2013. As a PEO, the Company assumes the role of employer for other companies who wish to lease their workers (the "Participating Companies"). Therefore, the Plan includes multiple Participating Companies and is considered a multiple employer plan according to the Internal Revenue Code ("IRC"). The IRC requires that Plan discrimination testing be performed separately for each Participating Company as if its workers were not leased. The IRC thus also allows each Participating Company to have differing requirements for eligibility, matching contributions and vesting. The Company determines the aggregate matching contribution, safe harbor contribution and profit sharing contribution (if applicable) for all participants based on each Participating Company's matching provisions, and remits such amount to the Plan's investment custodian. Participants should refer to their applicable participation agreement with the Plan for specific details on eligibility and matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

December 31, 2014 and 2013

1. DESCRIPTION OF PLAN (continued)

PARTICIPANT CONTRIBUTIONS

Participants may contribute a portion of annual compensation on a pretax or after tax (Roth) basis up to the maximum amount allowed by law, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions from other qualified plans are also permitted at the discretion of the Plan administrator. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and a stable value fund held in pooled separate accounts as investment options for participants. Contributions are subject to certain Internal Revenue Service limitations.

PARTICIPATING COMPANY CONTRIBUTIONS

Aggregate Participating Company contributions (which vary by Participating Company as previously described) of \$140,725 and \$25,030 were made for the years ended December 31, 2014 and 2013, respectively. Participants direct the investment of such contributions as described above. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Contributions made by the Participating Companies, if any, vest at varying rates as noted above. Generally, Participating Company contributions vest under either "safe harbor" provisions of the Internal Revenue Code whereby such contributions are immediately vested to the participant or under a vesting schedule whereby the participant is 100% vested after five or six years of eligible service.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

1. DESCRIPTION OF PLAN (continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants of Participating Companies offering loans may borrow from their vested accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. No more than one loan may be outstanding at any time for any participant. Interest rates ranged from 3.25% to 6.77% per annum. Principal and interest are paid ratably through payroll deductions.

PAYMENT OF BENEFITS

Upon normal retirement, termination of employment, death, or disability, the entire vested balance of the participant's account becomes payable to the participant or the participant's beneficiary to be paid in a single lump sum payment. Withdrawals are also permitted for financial hardships under certain provisions of the Plan. However, an employee who makes a financial hardship withdrawal is prohibited from making any future voluntary contributions for six months.

FORFEITED ACCOUNTS

At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$40 and \$7,882, respectively. Forfeited nonvested accounts may be used to reduce administrative expenses or future employer contributions at the discretion of the Plan administrator. During 2014 and 2013, administrative expenses were reduced by \$7,645 and \$9,000, respectively, from forfeited nonvested accounts.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements are presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, when applicable. Contract value approximates fair value at December 31, 2014 and 2013; therefore, no adjustment has been included.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)**

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

EXCESS CONTRIBUTIONS PAYABLE

Some Participating Companies of the Plan failed the nondiscrimination test for the year ended December 31, 2014. Additionally, contributions were made for three participants prior to their eligibility date. Excess contributions related to these two items, amounting to \$14,549, are recorded as a liability in the accompanying schedule of net assets available for benefits and as corrective distributions for the year. The Plan returned these excess contributions to its participants during 2015.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through April 26, 2016, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

3. FAIR VALUE MEASUREMENTS (continued)

POOLED SEPARATE ACCOUNTS

Valued at the net asset value (NAV) of the units of the pooled separate accounts. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

4. INFORMATION PREPARED AND CERTIFIED BY INVESTMENT CUSTODIAN

The investment information and the notes receivable from participants information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified to be complete and accurate by John Hancock Life Insurance Company (U.S.A.) (JHLI) in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Investments representing 5% or more of the Plan's net assets available for benefits are as follows at December 31st:

	<u>2 0 1 4</u>	<u>2 0 1 3</u>
JH LIFESTYLE FUND		
AGGRESSIVE PORTFOLIO	\$ 623,761	\$ 463,788
JH LIFESTYLE FUND GROWTH PORTFOLIO ...	\$ 1,160,400	\$ 712,210
JH LIFESTYLE BALANCED FUND.....	\$ 729,048	\$ 264,802
JH STABLE VALUE FUND.....	\$ 784,395	\$ 153,829

5. INVESTMENT IN COLLECTIVE INVESTMENT TRUST

The Plan invests in a benefit-responsive common collective trust stable value fund with John Hancock. As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract.

Certain events limit the Plan's ability to transact at contract value with John Hancock. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

NOTES TO FINANCIAL STATEMENTS

6. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of units of pooled separate accounts managed by JHLI. JHLI is the investment custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Investment service fees of \$8,649 and \$3,600 were paid to JHLI in 2014 and 2013, respectively.

Processing and administration fees were paid to The Benefit Advantage, Inc., which qualify as party-in-interest. Fees paid by the Plan for these services amounted to \$1,125 and \$9,720 for the years ended December 31, 2014 and 2013, respectively,

8. TAX STATUS

The Company has adopted a prototype plan that relies on the opinion letter of the prototype document. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.
