Independent Auditors' Report

To the McCain Inc. 401(k) Retirement Committee
McCain, Inc. 401(k) Profit Sharing Plan
Vista, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **McCain, Inc. 401(k) Profit Sharing Plan** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company and Principal Trust Company, collectively the custodian and trustee of the Plan ("Custodian"), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Custodian as of December 31, 2015 and 2014 and for the years then ended, that the information provided to the Plan administrator by the Custodian is complete and accurate.

MHM

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2015, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of the Plan

The following description of the **McCain, Inc. 401(k) Profit Sharing Plan** ("Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established and sponsored by **McCain, Inc.** ("Company"). The Plan was established on January 1, 1989, as most recently amended and restated on January 1, 2012, to enable eligible employees to share in the Company's earnings and permit employees to make pre-tax contributions to the Plan; thereby, providing employees with an opportunity to accumulate funds for their retirement. The Plan is subject to the provisions of the Employee Retirement Act of 1974 ("ERISA").

The Plan is administered by the McCain Inc. 401(k) Retirement Committee ("Retirement Committee"), which has overall responsibility for the operation and administration of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's custodian and trustee, Principal Life Insurance Company and Principal Trust Company ("Custodian").

Eligibility

The Plan covers substantially all employees who have reached age 21 and have completed three consecutive months of service. Employees are eligible to participate in the Plan on the first day of the month following eligibility. Newly eligible employees are automatically enrolled at 4% of the employee's compensation unless the employee affirmatively elects otherwise.

Contributions

Each participant may contribute from 1% to 50% of their annual pre-tax compensation subject to an annual limitation imposed by Internal Revenue Service ("IRS") regulations.

The Plan provides that the Company may elect to make matching contributions. In 2015, the Company matched 25% of each participant's contribution based on participant contributions of up to 4% of each participant's compensation. The Company contributed $84,933 to the Plan in 2015. The Company may also elect to make discretionary contributions to the Plan. There were no discretionary contributions in 2015.

Participant investment account options

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers 28 mutual funds and one collective investment trust. There are no non-participant directed investments.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings or losses, and is charged with an allocation of the Plan's administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

The portions of the participant's account attributable to elective deferral contributions and rollover contributions are 100% vested and non-forfeitable.

Employer contributions vest 20% after two complete years of service, as defined in the Plan Document, and an additional 20% for each complete year of service thereafter until fully vested.

Forfeitures

At December 31, 2015 and 2014, there were $3,974 and $5,896 forfeited unvested accounts, respectively. Unvested amounts forfeited by terminated employees may first be used to pay Plan administrative expenses and any remaining amounts are applied to reduce employer contributions. In 2015, the Company's matching contributions were reduced by $9,689 using forfeited funds.

Notes receivable from participants

The Plan allows participants to borrow against their vested balances. Loans may not be made for less than $500 and may not exceed the lesser of $50,000 or 50% of a participant's vested balance. Loan repayment periods may not exceed five years except for loans used to acquire a principal residence. In such case, a reasonable repayment period, not to exceed ten years, shall be established. The loan interest rate is based on rates available for similar loans as determined by the Company. Principal and interest are paid ratably through after-tax payroll deductions. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Benefit payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, an annuity distribution, or flexible payment as described in the Plan Document. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Participants may withdraw any or all of their elective deferral account balances at any time during the Plan year provided certain hardship conditions, as defined in the Plan Document, have been met. Benefits are recorded when paid.

Administrative expenses

Expenses related to the audit of the Plan are paid by the Company. All other costs and expenses related to the operation and administration of the Plan are paid by the Plan. In 2015, the Plan paid $33,211 of administrative expenses.

Plan termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan Document, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, the Plan Document provides that participants would become fully vested in their accounts.

Amendments to the Plan Document

Effective September 1, 2015, the Plan was amended to remove the restriction requiring a 12 month waiting period between loans made to participants. No other changes were made to the Plan document during 2015.

(2) Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with standards generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expense during the reporting period. Accordingly, actual results could differ from those estimates.

New accounting pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value ("NAV") per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Plan management is currently evaluating the impact of ASU 2015-07 and does not expect the adoption of this ASU to have a material impact on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part Ill) Measurement Date Practical Expedient.* Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of plan. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end.

New accounting pronouncements, cont'd

The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. Plan management is currently evaluating the impact of ASU 2015-12 and does not expect the adoption of this ASU to have a material impact on the Plan's financial statements.

Fair value measurement

The FASB establishes authoritative guidance on fair value measurements which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 – Valuation is based upon unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – Valuation is based upon other significant observable inputs (including quoted prices for similar assets or liabilities in active markets, identical or similar assets or liabilities in inactive markets, and inputs other than quoted prices that are observable for the asset or liability). If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Valuation is based upon significant unobservable inputs, including the reporting entity's own assumptions in determining the fair value of investments.

The inputs or methodology used in valuing securities are not necessarily an indication of risk associated with investing in those securities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at fair value based on unadjusted quoted prices for identical assets on active markets at the respective year end.

Fair value measurement, cont'd

Pooled separate accounts: Valued at estimated fair value as determined by the issuer of the pooled separate account based on the fair market value of the underlying investments at the respective year end.

Common/collective trust: Valued at fair value based on the NAV of units held by the Plan at the respective year end.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2015 and 2014, respectively:

Common/ Collective Trust	Contract Value	Fair Value	Unfunded Commitments	Redemption Frequency
Stable value fund	$880,871	$883,192	n/a	Daily

Stable value fund	$687,248	$694,552	n/a	Daily

Investment valuation and earnings

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are stated at fair value. Fair value has been measured using unadjusted quoted market prices in an active market on the last day of the respective year. Separate accounts and the stable value fund are stated at fair value based on the NAV of units held by the Plan at the respective year end.

The Plan invests in a fully benefit-responsive investment contract through the Stable Value Fund which is a common/collective trust that holds synthetic guaranteed investment contracts and short-term securities. Units of a common/collective trust are stated at NAV which is based

Investment valuation and earnings, cont'd

on the aggregate fair value of the underlying assets of the trust in relation to the total number of units outstanding. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The average yields on such contracts were 0.26% and 0.77%, for 2015 and 2014, respectively. The contract value of the Stable Value Fund at December 31, 2015 and 2014 was $880,871 and $687,248, respectively.

The fixed income separate account's fair value is determined by a valuation consultant and account management. Determination of estimated fair value involves subjective judgment because the actual fair value of real estate can be determined only by negotiation between parties in a sales transaction. The valuation consultant performs an appraisal on the assets held in the account giving consideration to the income, cost, and sales comparison approaches of estimating property value.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at year end when the carrying values of the related investments are adjusted to their estimated fair market value. Purchase and sales of securities are reflected on a trade-date basis.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Earnings or losses on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on upon terms of the Plan Document.

(3) Information Certified by the Plan's Custodian (Unaudited)

The Plan administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Custodian has certified the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Custodian

All Plan assets are held by the Plan's Custodian, who is responsible for the maintenance of all accounting records and the preparation of reports of activity related to those assets. The Custodian has certified to the Plan administrator the completeness and accuracy of the financial information and data presented below.

Notes receivable from participants were $273,469 and $156,130 as of December 31, 2015 and 2014, respectively.

Dividend income

Dividend income was $68,664 for 2015.

Interest income on notes receivable from participants

Interest income on notes receivable from participants was $11,951 for 2015.

Net appreciation in market value of investments

During 2015, the fair value of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $36,968 as follows:

Investment		**2015**
Mutual funds	**$**	**154,715**
Pooled separate accounts		**(125,826)**
Common/collective trust		**8,079**
	$	**36,968**

(4) Tax Status

The Plan obtained its latest determination letter on July 22, 2003, in which the IRS stated that the Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC") and therefore, tax-exempt. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain position that more likely than not would not be sustained upon examination by the IRS. The tax positions taken by the Plan have been analyzed and, as of December 31, 2015, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability, asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years prior to 2012.

(5) Party-In-Interest Transactions

Certain Plan assets are invested in Custodian accounts. Members of the Plan's Retirement Committee are officers of the Company and current participants in the Plan. An officer of the Company serves as Plan administrator and is also a participant in the Plan. These transactions qualify as party-in-interest transactions.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(7) Excess Contributions Payable

During 2015, the Plan failed certain of its nondiscrimination tests. As a result, refunds of excess contributions were required to be paid out to participants in order for the Plan to meet compliance testing requirements. An accrual was made for these excess contributions amounting to $19,606 as of December 31, 2015.

(7) Excess Contributions Payable, Cont'd

During 2014, the Plan passed all required nondiscrimination tests; therefore no accrual was made for the year ended December 31, 2014. Refunds are paid in the year subsequent to the year in which the excess contribution occurred.

(8) Form 5500

The following is a reconciliation for the adjustment of fair value to contract value as of December 31, 2015 as reported in the financial statements to the Schedule H on Form 5500:

Net appreciation of investments per financial statements	$	36,968
Less current year fair value adjustment		2,321
Add prior year fair value adjustment		(7,304)
Net appreciation of investments per Form 5500	$	31,985

The following is a reconciliation of net assets available for benefits per the financial statements to net assets reported per Schedule H on Form 5500:

Net assets available for benefits per financial statements	$	8,018,237
Less current year fair value adjustment		2,321
Less excess contributions payable		19,606
Net assets available for benefits per Form 5500	$	8,040,164

(9) Subsequent Events

Effective June 8, 2016, the Plan was amended and restated to incorporate amendments executed subsequent to the last Plan restatement. The restatement did not have an impact on Plan assets for 2015.

The date through which subsequent events have been considered for these financial statements is the financial statement issuance date, August 18, 2016.
