NOTE 1. DESCRIPTION OF PLAN

The following description of the Hoerbiger U.S. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Hoerbiger America Holding, Inc., Hoerbiger Corporation of America, Inc., Hoerbiger Service Latin America, Inc., Hoerbiger Automotive Comfort Systems, LLC, Hoerbiger Service, Inc., Altronic, Inc. Altronic Controls, Inc. and IEP Technologies, LLC, (collectively, the "Company") who have three months of service and are age 20½ or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their initial deferral rate set at 6% of eligible compensation and annual automatic 1% increases of their deferral rate up to 10%. Their contributions are invested in a target date fund based on their retirement age until changed by the participant. The Company contributes 65% of the first 6% of eligible compensation that a participant contributes to the Plan. The Company, at its discretion, may declare and fund a retirement plan contribution, (RPC) amount. The Company declared a retirement plan contribution of $1,315,609 and $1,402,141 for the 2015 and 2014 Plan years, respectively. Contributions are subject to certain limitations.

Contributions from participants are recorded when payroll deductions are made. The Plan is required to return contributions received during the Plan year in excess of the Internal Revenue Service ("IRS") limits. Participants' pre-tax contribution limit is $18,000 and $17,500 for 2015 and 2014, respectively. Participants who have attained the age of 50 during the calendar year are eligible to make catch-up contributions to the Plan. The IRS limit for the catch-up contribution amount is $5,500 for 2015 and 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan's investment results. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon distribution of the account to a participant who separates from service before vesting, the portion of the account attributable to the Company's contributions is forfeited. Forfeited balances of participants' nonvested accounts are used to reduce future Company contributions or pay administrative expenses of the Plan.

Investment Elections

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance contract as investment options for participants. A participant may change such allocation at any time directly with the Plan's record keeper. All employer contributions are allocated in the same allocation percentages as the employee's contribution.

NOTE 1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributed portions of their account plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after completion of two years, and 100% vested after the completion of three years of credited service.

Notes Receivable From Plan Participants

Notes receivable from participants consist of participant loans that are secured by the balance in the participant account. A participant is only entitled to make a withdrawal from his or her account prior to separation from service if the participant qualifies for a hardship withdrawal or a participant loan. Each participant may have only one loan outstanding at any give time. The Plan's loan feature allows participants and beneficiaries to borrow up to a maximum amount equal to the lesser of $50,000 or 50% of their accrued vested benefit. The loans bear interest at rates ranging from 4.25% to 4.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loan terms range from 1 to 5 years or may exceed 5 years for the purchase of a primary residence.

Participants pay certain administrative expenses associated with the loan, including document preparation and filing fees. If any scheduled loan repayments remain outstanding for greater than 90 days, the participant loan will be placed in default, at which time the participant can elect from certain remediation options, including distribution. If no remediation occurs, the loan is reported as a deemed distribution. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

A participant's vested account balances are payable upon termination, retirement, disability, death, approved hardship, or no later than April 1st following the participant's attaining age 70-1/2. Participants have several options for receiving benefits, including a lump-sum payment, installment payments, or an annuity.

Forfeited Accounts

Forfeitures of nonvested participant account balances are included in the unallocated account of the Plan and can be used to pay administrative expenses of the Plan and/or to reduce contributions otherwise required of the employer. At December 31, 2015 and 2014, unallocated forfeited accounts totaled $139,296 and $205,740. Forfeitures totaling $213,553 were used to reduce required Company matching and RPC contributions during 2015.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") and presents the net assets available for Plan benefits as of December 31, 2015 and 2014 and changes in net assets available for Plan benefits as of December 31, 2015.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Payments of administrative expenses of the Plan are primarily paid from forfeited account balances. The Plan Sponsor may, at its sole discretion, pay any such expenses, in whole or in part. During 2015, expenses of the Plan paid through forfeited amounts consisted of $3,288 for Plan administration, $60,000 for investment advisory and management fees, $19,417 for professional services, and $178,780 of transaction fees and charges.

Benefit Payments

Benefits are recorded when paid. At December 31, 2015 there were no amounts allocated to accounts of persons who had elected to withdraw from the Plan, but had not been paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Any gain or loss resulting from the sale of fund units is determined as the difference between the sale proceeds and the cost of units sold. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3. RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. The amendments in this accounting standard update also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy along with the related required disclosures. The amendments in this accounting standard update are to be applied retrospectively and are effective for fiscal years beginning after December 15, 2015. The amended guidance permits early adoption, which the Plan elected. The Plan's early adoption of this guidance in 2015 was applied retrospectively and certain changes have been made to the 2014 financial statement disclosures.

NOTE 3. RECENT ACCOUNTING PRONOUNCEMENTS (continued)

In July 2015, FASB issued AUS No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* This three-part standard amended authoritative guidance associated with plan accounting comprised of three parts. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for direct investments in fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investment by nature, characteristics, and risks. Further, the disclosures of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The amended guidance permits early adoption, which the Plan elected. The Plan's early adoption of this guidance in 2015 was applied retrospectively and certain reclassifications have been made to the 2014 financial statement to conform to the 2015 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value and also establishes the following three levels of inputs that may be used to measure fair value:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market date by correlation or other means;

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- *Mutual funds*: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Personal Choice:* Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

- *Common collective trust funds*: Valued at the net asset value per unit, as a practical expedient, as determined by the common collective trust as of the valuation date. The net asset value of the fund is calculated daily and distributions from net investment income and net realized gains are retained by and reinvested by the fund. The investments in the common collective trusts are primarily comprised of indirect investments in fully-benefit responsive contracts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the Plan's net assets at December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 64,923,194	-	-	$ 64,923,194

Investments at Fair Value	$ 60,362,666	$ -	$ -	$ 76,880,227

(a) In accordance with Accounting Standard Codification ("ASC") Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the trustee:

	2015	2014
Investments, at fair value:

Total net depreciation in fair value of investments		$ (709,717)
Investment expenses		$ 178,780
Administrative expenses		$ 82,705

NOTE 6. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments include units of a collective trust and cash reserve account managed by Transamerica Retirement Service Corporation. Transamerica Retirement Service Corporation is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan was assessed transaction fees/charges and administrative expenses of $178,780 and $3,288, respectively, during the year ended December 31, 2015. The Plan incurred $60,000 in investment advisory fees to an independent advisor and $19,417 of professional fees.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9. TAX STATUS

The Company adopted a prototype 401(k) plan as provided by Diversified Investment Advisors. The prototype plan received a favorable determination letter from the Internal Revenue Service dated March 31, 2006, stating that the Plan is designed in accordance with the applicable provisions of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the financial statements. The Plan administrator believes it is not longer subject to income tax examinations for years prior to 2012.
