INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Arteriors Home 401(k) Profit Sharing Plan
Carrollton, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Arteriors Home 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee and custodian of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, line 4i – Schedule of Assets Held for Investment Purposes at End of Year and Schedule H, line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2015 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Arteriors Home 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note 1 – Description of Plan

The following description of Arteriors Home 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by 4M Capital, Ltd. (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company.

All employees of the Company and any participating affiliates who complete three months of service are eligible to participate in the Plan. Upon satisfying the eligibility requirements, the employee may participate in the Plan on the first day of the following month.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as well as certain provisions of the federal income tax laws.

The Plan was amended on June 1, 2015 to comply with recent changes in the law and to enact an automatic enrollment feature. Participants should refer to the Plan Amendment for a more complete description of the Plan's changes.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral up to the maximum allowed by law. Participants direct the investment of their contributions into various investment options offered by the Plan. Eligible employees may elect to contribute up to 85% of eligible compensation into the Plan subject to certain limitations as established by the Internal Revenue Code.

At the discretion of the plan administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain IRAs. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are not to exceed the limits imposed by Section 402(g) of the IRC.

The Company makes a matching contribution equal to 50% of participants' elective deferrals and will match up to 4% of the participants' eligible earnings. The Plan made $80,273 in matching contributions during the year ended December 31, 2015. The matching contribution does not apply to "catch-up" contributions. Participants must make elective deferrals in order to receive the matching contribution.

Note 1 – Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocation of the Company's matching contributions, and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations may be charged based on either the size of the participant's account balance or equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, qualified matching (nonelective) contributions, and actual earnings thereon. The method for crediting vesting service for Company matching and profit sharing contributions is based on vesting periods of service. Participants are credited with a period of service for each Plan Year during which they earn credit for 1,000 hours of service. A participant is always 100% in their Company matching and profit sharing contributions if they are employed on or after their Normal Retirement Age or if they terminate employment on account of their death or disability. Participants are vested in Company matching and qualified matching (nonelective) contributions based on the following schedule:

Periods of Service	Percentage Vested
Less than 1 year	0%
At least 1 year, but less than 2	20%
At least 2 years, but less than 3	40%
At least 3 years, but less than 4	60%
At least 4 years, but less than 5	80%
5 years or more	100%

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At December 31, 2015 and 2014, forfeited accounts totaled $23,404 and $11,003, respectively. At any time when accounts are forfeited, these accounts will be used to reduce any matching contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $500 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. A participant may have one loan outstanding at any one time. Principal and interest on notes receivable from participants are repaid through payroll deductions and generally repaid within five years, or thirty years for loans used for the purchase of a primary residence.

Benefits Paid to Participants

Participants are entitled to receive an in-service distribution as either a lump-sum equal to the value of the participant's vested interest in their account balance or a payment in the form of a joint account and survivor annuity commencing upon the participant's attainment of the Normal Retirement Age; however, this distribution is not in addition to the participant's other benefits and will therefore reduce the value of the benefits received at retirement.

Participants may elect to receive a distribution from certain accounts prior to termination of employment provided they have attained the age of 59 ½, incurred a financial hardship, or incurred a disability. In the event of death before retirement while working for the Company, the participant's account balance is paid to the selected beneficiary.

Benefits paid to participants are recorded when paid. The Plan can cash a participant's entire vested account balance out of the Plan if a participant leaves the Company and the value of their vested account balance does not exceed $5,000. Under the Plan, if a participant is determined to be a cashout-eligible participant, the participant's entire vested account balance (excluding any outstanding loan) is greater than $1,000, and the participant has not elected to (a) receive their vested benefit in the form of a single lump-sum payment, or (b) has the payment paid as a "direct rollover" to an IRA or at another employer's tax qualified plan, the participant's vested account balance will automatically be rolled over to an IRA established by an IRA provided selected by the Company.

On termination of service, death, disability, or retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Plan Expenses

Certain administrative expenses are paid by the Plan as described in the Plan document and service agreements. The remaining expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

Note 1 – Description of Plan (Continued)

Termination of the Plan

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

Preparing the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification

Certain reclassifications have been made to the 2014 financial statement presentation to correspond to the current year's format. Total net assets available for benefits are unchanged due to these reclassifications.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Note 2 – Summary of Significant Accounting Policies

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. The Plan recognizes interest income from the notes receivable as earned.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events were evaluated through July 29, 2016, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investments certified by the Trustee, which included total investments as of December 31, 2015 and 2014, and the total investment income for the year ended December 31, 2015, and all information included in the supplemental schedule Form 5500, Schedule H, line 4i – Schedule of Assets Held for Investment Purposes at End of Year.

The following investment information was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Reliance Trust Company, the trustee and custodian of the Plan, as of December 31, 2015 and 2014 and for the year ended December 31, 2015:

	2015	2014
Investment values certified by the trustee	$ 1,336,423	$ 1,241,248

	Year ended December 31, 2015
Investment income certified by the trustee:	
Net appreciation (depreciation) in fair value of investments	$ (84,951)
Dividends	$ 53,754

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 provides a framework for measuring fair value under GAAP. FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. FASB ASC 820-10 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

Fair value accounting guidance requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the observability of the inputs employed in the measurement. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are observable inputs other than quoted prices included within Level 1 for the asset or liability, either directly or indirectly through market-corroborated inputs. Level 3 inputs are unobservable inputs for the asset or liability reflecting our assumptions about pricing by market participants.

There are three general valuation techniques that may be used to measure fair value, as described below:

A) Market approach – Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades, or other sources;

B) Cost approach – Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and

C) Income approach – Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices and are classified within Level 1 of the hierarchy.

Note 4 – Fair Value Measurements (Continued)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the FASB ASC 820-10 fair value hierarchy levels:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,336,423	$ -	$ -	$ 1,336,423
	$ 1,336,423	$ -	$ -	$ 1,336,423

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,241,248	$ -	$ -	$ 1,241,248
	$ 1,241,248	$ -	$ -	$ 1,241,248

Gains and losses, realized and unrealized, for the year ended December 31, 2015 are reported under net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Note 5 – Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The excess contributions as of December 31, 2015 and 2014 were distributed by the Plan to the applicable participants in April 2016 and July 2015, respectively.

Note 6 – Transactions with Parties-in-Interest

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted with the Trustee, the Third Party Administrator (TPA), and the Company qualify as party-in-interest transactions.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Prohibited Transactions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. Due to staff turnover of those responsible for contribution remittance, contributions during 2014 were not remitted to and accepted by the trustee in a timely manner. Total employee and Company matching contributions for applicable pay periods were $238,871. Contributions for these pay periods are considered prohibited transactions. The Company made a contribution of $617 to compensate the Plan for lost investment earnings relating to this prohibited transaction. Due to the amount of the income restored and delinquent contributions, the Plan used the Self-Correction Program (SCP) under the Employee Plans Compliance Resolution Program (EPCRS) and restored the $617 income to the respective participants' accounts on August 12, 2015.

Note 9 – Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor of the prototype plan by a letter dated March 31, 2008, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan was drafted as a Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred Arrangement Plan (CODA). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 10 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2015 and 2014:

	2015	2014

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Arteriors Home 401(k) Profit Sharing Plan
Carrollton, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Arteriors Home 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee and custodian of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, line 4i – Schedule of Assets Held for Investment Purposes at End of Year and Schedule H, line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2015 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Arteriors Home 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note 1 – Description of Plan

The following description of Arteriors Home 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by 4M Capital, Ltd. (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company.

All employees of the Company and any participating affiliates who complete three months of service are eligible to participate in the Plan. Upon satisfying the eligibility requirements, the employee may participate in the Plan on the first day of the following month.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as well as certain provisions of the federal income tax laws.

The Plan was amended on June 1, 2015 to comply with recent changes in the law and to enact an automatic enrollment feature. Participants should refer to the Plan Amendment for a more complete description of the Plan's changes.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral up to the maximum allowed by law. Participants direct the investment of their contributions into various investment options offered by the Plan. Eligible employees may elect to contribute up to 85% of eligible compensation into the Plan subject to certain limitations as established by the Internal Revenue Code.

At the discretion of the plan administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain IRAs. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are not to exceed the limits imposed by Section 402(g) of the IRC.

The Company makes a matching contribution equal to 50% of participants' elective deferrals and will match up to 4% of the participants' eligible earnings. The Plan made $80,273 in matching contributions during the year ended December 31, 2015. The matching contribution does not apply to "catch-up" contributions. Participants must make elective deferrals in order to receive the matching contribution.

Note 1 – Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocation of the Company's matching contributions, and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations may be charged based on either the size of the participant's account balance or equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, qualified matching (nonelective) contributions, and actual earnings thereon. The method for crediting vesting service for Company matching and profit sharing contributions is based on vesting periods of service. Participants are credited with a period of service for each Plan Year during which they earn credit for 1,000 hours of service. A participant is always 100% in their Company matching and profit sharing contributions if they are employed on or after their Normal Retirement Age or if they terminate employment on account of their death or disability. Participants are vested in Company matching and qualified matching (nonelective) contributions based on the following schedule:

Periods of Service	Percentage Vested
Less than 1 year	0%
At least 1 year, but less than 2	20%
At least 2 years, but less than 3	40%
At least 3 years, but less than 4	60%
At least 4 years, but less than 5	80%
5 years or more	100%

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At December 31, 2015 and 2014, forfeited accounts totaled $23,404 and $11,003, respectively. At any time when accounts are forfeited, these accounts will be used to reduce any matching contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $500 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. A participant may have one loan outstanding at any one time. Principal and interest on notes receivable from participants are repaid through payroll deductions and generally repaid within five years, or thirty years for loans used for the purchase of a primary residence.

Benefits Paid to Participants

Participants are entitled to receive an in-service distribution as either a lump-sum equal to the value of the participant's vested interest in their account balance or a payment in the form of a joint account and survivor annuity commencing upon the participant's attainment of the Normal Retirement Age; however, this distribution is not in addition to the participant's other benefits and will therefore reduce the value of the benefits received at retirement.

Participants may elect to receive a distribution from certain accounts prior to termination of employment provided they have attained the age of 59 ½, incurred a financial hardship, or incurred a disability. In the event of death before retirement while working for the Company, the participant's account balance is paid to the selected beneficiary.

Benefits paid to participants are recorded when paid. The Plan can cash a participant's entire vested account balance out of the Plan if a participant leaves the Company and the value of their vested account balance does not exceed $5,000. Under the Plan, if a participant is determined to be a cashout-eligible participant, the participant's entire vested account balance (excluding any outstanding loan) is greater than $1,000, and the participant has not elected to (a) receive their vested benefit in the form of a single lump-sum payment, or (b) has the payment paid as a "direct rollover" to an IRA or at another employer's tax qualified plan, the participant's vested account balance will automatically be rolled over to an IRA established by an IRA provided selected by the Company.

On termination of service, death, disability, or retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Plan Expenses

Certain administrative expenses are paid by the Plan as described in the Plan document and service agreements. The remaining expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

Note 1 – Description of Plan (Continued)

Termination of the Plan

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

Preparing the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification

Certain reclassifications have been made to the 2014 financial statement presentation to correspond to the current year's format. Total net assets available for benefits are unchanged due to these reclassifications.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Note 2 – Summary of Significant Accounting Policies

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. The Plan recognizes interest income from the notes receivable as earned.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events were evaluated through July 29, 2016, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investments certified by the Trustee, which included total investments as of December 31, 2015 and 2014, and the total investment income for the year ended December 31, 2015, and all information included in the supplemental schedule Form 5500, Schedule H, line 4i – Schedule of Assets Held for Investment Purposes at End of Year.

The following investment information was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Reliance Trust Company, the trustee and custodian of the Plan, as of December 31, 2015 and 2014 and for the year ended December 31, 2015:

	2015	2014
Investment values certified by the trustee	$ 1,336,423	$ 1,241,248

	Year ended December 31, 2015
Investment income certified by the trustee:	
Net appreciation (depreciation) in fair value of investments	$ (84,951)
Dividends	$ 53,754

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 provides a framework for measuring fair value under GAAP. FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. FASB ASC 820-10 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

Fair value accounting guidance requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the observability of the inputs employed in the measurement. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are observable inputs other than quoted prices included within Level 1 for the asset or liability, either directly or indirectly through market-corroborated inputs. Level 3 inputs are unobservable inputs for the asset or liability reflecting our assumptions about pricing by market participants.

There are three general valuation techniques that may be used to measure fair value, as described below:

A) Market approach – Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades, or other sources;

B) Cost approach – Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and

C) Income approach – Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices and are classified within Level 1 of the hierarchy.

Note 4 – Fair Value Measurements (Continued)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the FASB ASC 820-10 fair value hierarchy levels:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,336,423	$ -	$ -	$ 1,336,423
	$ 1,336,423	$ -	$ -	$ 1,336,423

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,241,248	$ -	$ -	$ 1,241,248
	$ 1,241,248	$ -	$ -	$ 1,241,248

Gains and losses, realized and unrealized, for the year ended December 31, 2015 are reported under net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Note 5 – Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The excess contributions as of December 31, 2015 and 2014 were distributed by the Plan to the applicable participants in April 2016 and July 2015, respectively.

Note 6 – Transactions with Parties-in-Interest

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted with the Trustee, the Third Party Administrator (TPA), and the Company qualify as party-in-interest transactions.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Prohibited Transactions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. Due to staff turnover of those responsible for contribution remittance, contributions during 2014 were not remitted to and accepted by the trustee in a timely manner. Total employee and Company matching contributions for applicable pay periods were $238,871. Contributions for these pay periods are considered prohibited transactions. The Company made a contribution of $617 to compensate the Plan for lost investment earnings relating to this prohibited transaction. Due to the amount of the income restored and delinquent contributions, the Plan used the Self-Correction Program (SCP) under the Employee Plans Compliance Resolution Program (EPCRS) and restored the $617 income to the respective participants' accounts on August 12, 2015.

Note 9 – Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor of the prototype plan by a letter dated March 31, 2008, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan was drafted as a Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred Arrangement Plan (CODA). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 10 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2015 and 2014:

	2015	2014
