Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by State Street Bank and Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Other Matter – Report on Supplementary Information

The supplemental schedule of assets [(Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year)] is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013 were audited by other auditors whose report, dated October 7, 2014, did not express an opinion on the 2013 financial statements for the same reason described above in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information in the 2013 financial statements, other than that derived from the information certified or provided by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content of the 2014 Financial Statements in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements as of and for the year ended December 31, 2014 and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ferco Tech Corporation 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Ferco Tech Corporation 401(k) Profit Sharing Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of Ferco Tech Corporation (Ferco Tech), its wholly owned subsidiaries GGF Heritage Manufacturing LLC and Ferco West Corporation (Ferco West), (collectively, the Employer and the Plan sponsor) who are 21 years of age and have completed one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Participants may contribute from 1% to 85% of their compensation as defined by the Plan. Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer makes matching contributions equal to 20% of a participant's elective deferrals, not to exceed 15% of eligible compensation as defined by the Plan. The Plan also allows for additional discretionary contributions by the Employer. Contributions are subject to certain limitations under the Internal Revenue Code.

Participant accounts: Each participant's account is credited with the participant's contribution, the Employer's matching contribution, the Employer's discretionary contribution (if applicable) and an allocation of Plan earnings. Allocations are based on participant account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately and distinctly, into which investment the participant contribution and Employer contributions are to be invested.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant becomes 20 percent vested for each year of credited service. After five years, a participant is 100 percent vested. Earlier vesting may occur upon death or disability.

Payment of benefits: If a participant's employment ceases as a result of normal retirement, death or disability, the participant or participant's beneficiaries are entitled to receive the entire value of the participant's account. If a participant terminates for any other reason, the participant is entitled to receive only the value of the vested interest in their account. Distributions are made in lump sum payments. Participants may also withdraw their vested interest in the Plan under certain hardship conditions, as defined in the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts. Loans may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance and the repayment period shall not exceed five years (unless it is to purchase a primary residence). Each loan is collateralized by the remaining balance in the participant's account. Interest charged to participants is reviewed by the loan administrator and is based upon prevailing interest rates for similar loans in the surrounding community. Interest rates on participant loans ranged from 5.25% to 6.0% as of December 31, 2014 and 2013.

Forfeited accounts: Forfeited, non-vested accounts totaled \$979 and \$35 at December 31, 2014 and 2013, respectively. These amounts will be used to reduce future Employer matching contributions or will be allocated to the remaining participants' accounts. During 2014, \$3,618 of forfeitures were used to reduce Employer matching contributions.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Contributions: Participant contributions are recognized when withheld. Employer matching contributions are recognized concurrently with participant contributions. Employer discretionary contributions are recognized on an annual basis. There were no Employer discretionary contributions in 2014.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The expenses of administering the Plan and the related Plan assets may be paid either by the Employer or from the assets of the Plan. A significant portion of the Plan's administrative expenses are paid by the Employer.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through November 12, 2015, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2014 and 2013 and for the year then ended December 31, 2014 was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to these Plan assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 6 and 7 and supplemental schedule related to the Plan's assets.

The trustee of the Plan also certified to the completeness and accuracy of \$93,644 of net depreciation in fair value of investments and \$263,752 of dividends related to investments and \$764 of interest income from notes receivable from participants for the year ended December 31, 2014.

Ferco Tech Corporation 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

Note 5. Income Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by ADP Inc. The prototype plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan opinion letters have been relied upon by the Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2011.

Note 6. Investments

During the year ended December 31, 2014, the Plan's investments in mutual funds (including investments bought, sold, as well as held, during the year) depreciated in fair value by \$93,644.

The fair values of the individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2014	2013
Allianz Global Investors NFJ Dividend Value Fund	*	\$ 347,922
Fidelity Advisor Leveraged Company Stock Fund	*	440,849
Janus Balanced Fund	*	188,565
Janus Forty Fund	*	311,732
PIMCO Total Return Fund	*	411,827
Thornburg International Value Fund	*	194,797
Victory Diversified Stock Fund	*	464,599

* The fair value of the fund did not exceed 5% of the Plan's net assets.

Ferco Tech Corporation 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Note 7. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund: Valued at the net asset value (NAV) of the underlying assets. A fund's NAV reflects an exit price, is the same for all holders of the fund and provides the basis for current transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value. There were no assets measured at fair value at December 31, 2014.

	2013			
	Total	Level 1	Level 2	Level 3
Mutual funds:				
Value funds	\$ 439,828	\$ 439,828	\$ -	\$ -
Growth funds	1,773,091	1,773,091		
Bond funds	496,652	496,652		
International stock funds	72,316	72,316		
Other funds	18,678	18,678		
	2,800,565	2,800,565	-	-
Money market fund	115,669	-	115,669	
Total assets	\$ 2,916,234	\$ 2,800,565	\$ 115,669	\$ -

Note 8. Related-Party Transactions

Certain Plan investments include a money market fund, which is managed by the Plan's trustee, State Street Bank and Trust Company. Therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for trustee services amounted to \$6,614 for the year ended December 31, 2014.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 10. Subsequent Events

Effective January 1, 2015 the Plan was amended to change to American Pension Advisors, Ltd. as its recordkeeper and Nationwide Trust Company as its trustee from ADP (recordkeeper) and State Street Bank and Trust (trustee). The investments of the Plan were liquidated and pending settlement with the broker at December 31, 2014 and transferred to Nationwide Trust Company on January 2, 2015.

Note 11. Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

Ferco Tech Corporation 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Note 11. Recent Accounting Pronouncements (Continued)

The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this Update will have on the Plan's financial statements.

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position.

The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.
