WELLINGTON INSURANCE SERVICES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2015 and 2014

A. Description of the Plan

General

The following brief description of the Wellington Insurance Services 401(k) Plan and Trust (the “Plan”) is provided for general information purposes only. The Plan is sponsored by Wellington Insurance Services, Inc. (the “Company”). Participants should refer to the Plan document for more complete information. The Company’s corporate offices are located in Fort Worth, Texas.

The Plan was established effective January 1, 2000, restated effective March 15, 2014, and is a 401(k) salary deferred thrift plan covering substantially all employees of the Company who have attained age 21 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective March 15, 2014, the Plan changed its name from the Wellington Insurance Services 401(k) Profit Sharing Plan and Trust to the Wellington Insurance Services 401(k) Plan and Trust.

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of their annual compensation, as defined by the Plan on a pre-tax and/or after-tax basis, subject to limitations on total annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan. In 2013, the Plan was amended to enact automatic employee enrollment at 3% of annual compensation, as defined by the Plan, on a pre-tax basis after three months of service. The elective deferral rate increases by 1% per year up to a maximum of 6% for all participants who are automatically enrolled.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match 50% of participant contributions up to 6% of the participant’s eligible compensation. The Company may make profit sharing contributions to the Plan in the amounts determined each year by the Company. No profit sharing contributions were made by the Company during 2015 or 2014.

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	10%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of reaching normal retirement age, termination of the Plan, disability, or death the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2015 and 2014, interest rates equaled 3.25%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence for the participant; (3) for the payment of post-secondary tuition expenses for the participant, their spouse, or dependents; (4) to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for funeral expenses for the participant's parent, spouse, or dependents; or, (6) to repair the participant's principal residence that would qualify as a casualty loss deduction under the Code.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and non-elective contributions for the year. Approximately \$6,000 and \$16,000 of forfeitures were allocated to reduce employer matching contributions during the years ended December 31, 2015 and 2014, respectively. There were approximately \$8,000 and \$100 of unallocated forfeitures as of December 31, 2015 and 2014, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

WELLINGTON INSURANCE SERVICES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

Cash and Cash Equivalents

All highly-liquid investments with a maturity of three months or less when purchased are treated as cash equivalents. At December 31, 2015 and 2014, the Plan held such investments primarily in one financial institution, which at times exceeded amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation ("FDIC"). The Plan has not experienced any losses related to amounts in excess of FDIC limits.

New Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Plan management has elected to adopt Part II for the year beginning January 1, 2015.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in GAAP are as follows:

Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

NOTES TO FINANCIAL STATEMENTS (*continued*)

C. Fair Value Measurements – continued

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities. The Plan has no assets classified within the Level 2 or Level 3 of the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- The fair values of the mutual funds are considered Level 1, as the investments have readily available quoted prices in active markets.
- Money market funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.
- Self-directed accounts in which participants invest in publicly traded securities are considered Level 1, as the investments included in each account have readily available quoted prices in active markets.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2015 and 2014, there were no significant transfers between levels.

D. Information Certified by the Record Keeper on Behalf of the Trustee

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the investment information certified by the record keeper on behalf of the trustee, which included total investments as of December 31, 2015 and 2014, the total investment income (loss) for the years ended December 31, 2015 and 2014, and all information included in the supplemental Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

E. Tax Status

The Plan has adopted a non-standardized prototype plan and trust document for which the Internal Revenue Service has issued an opinion letter dated March 31, 2014 stating that the Plan, as then designated, was in compliance with the applicable requirements of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participants' accounts will become 100% vested.

G. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in self-directed funds managed by Merrill Lynch. Merrill Lynch acts as the Plan's investment advisor. Transactions in such investments, as well as notes receivable from participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rule.

H. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through August 17, 2016, the date the financial statements were available for issuance.
