NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of The Scott Fetzer Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible salaried and certain eligible hourly employees of the companies listed in the next paragraph. Employees covered by the Plan become eligible to enter the plan immediately upon completion of 60 days of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An eligible employee must be a salaried or certain classification of hourly employee of The Scott Fetzer Company; Adalet/Scott Fetzer Company; Carefree/Scott Fetzer Company; SFEG Inc./Scott Fetzer Company; Halex/Scott Fetzer Company; Stahl/Scott Fetzer Company; Wayne/Scott Fetzer Company; Western/Scott Fetzer Company; United Consumer Financial Services Company; The Scottcare Corporation; World Book, Inc.; World Book Encyclopedia, Inc. or Altaquip LLC (collectively, the Companies). The employee must also not be a member of a unit of employees covered by a collective bargaining agreement and may not be a nonresident alien.

Contributions

Each year, non-highly compensated participants and highly compensated participants may contribute to the Plan up to 50% and 8%, respectively, of their pre-tax annual compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Non-highly compensated participants may also contribute up to 8% of their after-tax annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Hourly employees receive an employer match equal to 50% of their pre-tax contributions up to 6% of compensation. Salaried employees receive a minimum of 25% of their pre-tax contributions up to 6% of compensation, unless a greater amount is determined by the employer and communicated to all employees in writing. For 2015, salaried employees received an employer match equal to 35% of their pre-tax contributions up to 6% of compensation.

Contributions are subject to certain IRS limitations.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's pre-tax contributions, after-tax contributions, rollover contributions, allocations of the employer's contributions, and Plan earnings or losses as defined by the Plan agreement. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. When a participant leaves the employer due to retirement, death, or disability, the participant's employer contribution becomes fully vested and will be paid to the participant, along with the voluntary contribution accounts. If a participant leaves the employer for any other reason, the participant will be entitled to his or her voluntary contribution accounts and any vested employer contributions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic rollover provisions. In the absence of a different election made by a participant, and if the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Participants over the age of 70½, who are still employees of the Companies, must receive the entire balance of their vested account. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used to reduce future employer contributions or to reduce administrative expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately \$12,500 and \$10,100, respectively. During 2015, approximately \$180,100 was transferred to the forfeiture account and approximately \$156,100 was used to offset employer matching contributions and approximately \$21,900 was used to offset administrative expenses.

Transfers Out of Plan

During 2015, approximately \$57,300 was transferred out of the Plan and into a related plan for employees that were no longer salaried or eligible hourly employees.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Adoption of ASU 2015-12 and ASU 2015-07

The Plan has elected to early adopt Financial Accounting Standards Board ASU 2015-12 and ASU 2015-07 for 2015. As such, the Plan has eliminated certain disclosures related to investments. The statement of net assets available for benefits and certain related disclosures at December 31, 2014, have been retroactively adjusted to conform to the new standards.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Wells Fargo Bank, N.A. (Wells Fargo), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Scott Fetzer Company Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Wells Fargo as of December 31, 2015 and 2014, representing investments in mutual funds, a stable value collective trust fund, and self-directed brokerage accounts consisting of common stocks.

Investments of participants' contributions and the employer contributions into these investments are at the direction of each participant.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Companies as provided by the Plan agreement. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2015 and 2014, and for the year ended December 31, 2015, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through August 1, 2016, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Wells Fargo, the trustee.

Wells Fargo has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2015 and 2014, and for the year ended December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts (SDB Accounts): Valued at the appraised values of the underlying individual assets with the brokerage accounts. The brokerage accounts primarily include common stocks which are traded on an active market and valued at the closing price reported on the active market on which the individual securities are traded.

Stable value collective trust fund: A stable value fund that is composed primarily of a fully benefit-responsive investment contract is valued at the NAV of units of the bank collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2015:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$57,828,890	\$	\$	\$57,828,890
Self-directed brokerage accounts	402,157			402,157
Total assets in the fair value hierarchy	58,231,047			58,231,047
Investments measured at NAV				16,233,008
Investments at fair value	<u>\$58,231,047</u>	<u>\$</u>	<u>\$</u>	<u>\$74,464,055</u>

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2014:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$62,140,378	\$	\$	\$62,140,378
Self-directed brokerage accounts	710,258			710,258
Total assets in the fair value hierarchy	62,850,636			62,850,636
Investments measured at NAV				18,998,743
Investments at fair value	<u>\$62,850,636</u>	<u>\$</u>	<u>\$</u>	<u>\$81,849,379</u>

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Wells Fargo provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Companies and Wells Fargo receives revenue from mutual fund and collective trust fund service providers for services Wells Fargo provides to the funds. This revenue is used to offset certain amounts owed to Wells Fargo for its administrative services to the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Companies by a letter dated June 25, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

General

The Plan is a defined contribution plan covering all eligible salaried and certain eligible hourly employees of the companies listed in the next paragraph. Employees covered by the Plan become eligible to enter the plan immediately upon completion of 60 days of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An eligible employee must be a salaried or certain classification of hourly employee of The Scott Fetzer Company; Adalet/Scott Fetzer Company; Carefree/Scott Fetzer Company; SFEG Inc./Scott Fetzer Company; Halex/Scott Fetzer Company; Stahl/Scott Fetzer Company; Wayne/Scott Fetzer Company; Western/Scott Fetzer Company; United Consumer Financial Services Company; The Scottcare Corporation; World Book, Inc.; World Book Encyclopedia, Inc. or Altaquip LLC (collectively, the Companies). The employee must also not be a member of a unit of employees covered by a collective bargaining agreement and may not be a nonresident alien.

Contributions

Each year, non-highly compensated participants and highly compensated participants may contribute to the Plan up to 50% and 8%, respectively, of their pre-tax annual compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Non-highly compensated participants may also contribute up to 8% of their after-tax annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Hourly employees receive an employer match equal to 50% of their pre-tax contributions up to 6% of compensation. Salaried employees receive a minimum of 25% of their pre-tax contributions up to 6% of compensation, unless a greater amount is determined by the employer and communicated to all employees in writing. For 2015, salaried employees received an employer match equal to 35% of their pre-tax contributions up to 6% of compensation.

Contributions are subject to certain IRS limitations.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's pre-tax contributions, after-tax contributions, rollover contributions, allocations of the employer's contributions, and Plan earnings or losses as defined by the Plan agreement. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. When a participant leaves the employer due to retirement, death, or disability, the participant's employer contribution becomes fully vested and will be paid to the participant, along with the voluntary contribution accounts. If a participant leaves the employer for any other reason, the participant will be entitled to his or her voluntary contribution accounts and any vested employer contributions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic rollover provisions. In the absence of a different election made by a participant, and if the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Participants over the age of 70½, who are still employees of the Companies, must receive the entire balance of their vested account. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used to reduce future employer contributions or to reduce administrative expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately \$12,500 and \$10,100, respectively. During 2015, approximately \$180,100 was transferred to the forfeiture account and approximately \$156,100 was used to offset employer matching contributions and approximately \$21,900 was used to offset administrative expenses.

Transfers Out of Plan

During 2015, approximately \$57,300 was transferred out of the Plan and into a related plan for employees that were no longer salaried or eligible hourly employees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Adoption of ASU 2015-12 and ASU 2015-07

The Plan has elected to early adopt Financial Accounting Standards Board ASU 2015-12 and ASU 2015-07 for 2015. As such, the Plan has eliminated certain disclosures related to investments. The statement of net assets available for benefits and certain related disclosures at December 31, 2014, have been retroactively adjusted to conform to the new standards.

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2015 and 2014, and for the year ended December 31, 2015, the Plan did not have a liability for unrecognized tax benefits.

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Wells Fargo, the trustee.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Stable value collective trust fund: A stable value fund that is composed primarily of a fully benefit-responsive investment contract is valued at the NAV of units of the bank collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2015:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$57,828,890	\$	\$	\$57,828,890
Self-directed brokerage accounts	402,157			402,157

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Wells Fargo provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Companies and Wells Fargo receives revenue from mutual fund and collective trust fund service providers for services Wells Fargo provides to the funds. This revenue is used to offset certain amounts owed to Wells Fargo for its administrative services to the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Companies by a letter dated June 25, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of The Scott Fetzer Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible salaried and certain eligible hourly employees of the companies listed in the next paragraph. Employees covered by the Plan become eligible to enter the plan immediately upon completion of 60 days of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An eligible employee must be a salaried or certain classification of hourly employee of The Scott Fetzer Company; Adalet/Scott Fetzer Company; Carefree/Scott Fetzer Company; SFEG Inc./Scott Fetzer Company; Halex/Scott Fetzer Company; Stahl/Scott Fetzer Company; Wayne/Scott Fetzer Company; Western/Scott Fetzer Company; United Consumer Financial Services Company; The Scottcare Corporation; World Book, Inc.; World Book Encyclopedia, Inc. or Altaquip LLC (collectively, the Companies). The employee must also not be a member of a unit of employees covered by a collective bargaining agreement and may not be a nonresident alien.

Contributions

Each year, non-highly compensated participants and highly compensated participants may contribute to the Plan up to 50% and 8%, respectively, of their pre-tax annual compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Non-highly compensated participants may also contribute up to 8% of their after-tax annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Hourly employees receive an employer match equal to 50% of their pre-tax contributions up to 6% of compensation. Salaried employees receive a minimum of 25% of their pre-tax contributions up to 6% of compensation, unless a greater amount is determined by the employer and communicated to all employees in writing. For 2015, salaried employees received an employer match equal to 35% of their pre-tax contributions up to 6% of compensation.

Contributions are subject to certain IRS limitations.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's pre-tax contributions, after-tax contributions, rollover contributions, allocations of the employer's contributions, and Plan earnings or losses as defined by the Plan agreement. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. When a participant leaves the employer due to retirement, death, or disability, the participant's employer contribution becomes fully vested and will be paid to the participant, along with the voluntary contribution accounts. If a participant leaves the employer for any other reason, the participant will be entitled to his or her voluntary contribution accounts and any vested employer contributions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic rollover provisions. In the absence of a different election made by a participant, and if the participant's account balance is between \$1,000 and \$5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Participants over the age of 70½, who are still employees of the Companies, must receive the entire balance of their vested account. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used to reduce future employer contributions or to reduce administrative expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately \$12,500 and \$10,100, respectively. During 2015, approximately \$180,100 was transferred to the forfeiture account and approximately \$156,100 was used to offset employer matching contributions and approximately \$21,900 was used to offset administrative expenses.

Transfers Out of Plan

During 2015, approximately \$57,300 was transferred out of the Plan and into a related plan for employees that were no longer salaried or eligible hourly employees.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Adoption of ASU 2015-12 and ASU 2015-07

The Plan has elected to early adopt Financial Accounting Standards Board ASU 2015-12 and ASU 2015-07 for 2015. As such, the Plan has eliminated certain disclosures related to investments. The statement of net assets available for benefits and certain related disclosures at December 31, 2014, have been retroactively adjusted to conform to the new standards.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Wells Fargo Bank, N.A. (Wells Fargo), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Scott Fetzer Company Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Wells Fargo as of December 31, 2015 and 2014, representing investments in mutual funds, a stable value collective trust fund, and self-directed brokerage accounts consisting of common stocks.

Investments of participants' contributions and the employer contributions into these investments are at the direction of each participant.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Companies as provided by the Plan agreement. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2015 and 2014, and for the year ended December 31, 2015, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through August 1, 2016, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Wells Fargo, the trustee.

Wells Fargo has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2015 and 2014, and for the year ended December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts (SDB Accounts): Valued at the appraised values of the underlying individual assets with the brokerage accounts. The brokerage accounts primarily include common stocks which are traded on an active market and valued at the closing price reported on the active market on which the individual securities are traded.

Stable value collective trust fund: A stable value fund that is composed primarily of a fully benefit-responsive investment contract is valued at the NAV of units of the bank collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2015:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$57,828,890	\$	\$	\$57,828,890
Self-directed brokerage accounts	402,157			402,157

Mutual funds	\$62,140,378	\$	\$	\$62,140,378

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Wells Fargo provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Companies and Wells Fargo receives revenue from mutual fund and collective trust fund service providers for services Wells Fargo provides to the funds. This revenue is used to offset certain amounts owed to Wells Fargo for its administrative services to the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Companies by a letter dated June 25, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
