JENNE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Jenne, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan began January 1, 2000 and is a defined contribution plan covering significantly all employees of Jenne, Inc. (the "Company") who have completed at least 90 days of eligible service and are age 19 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions:

Participants may make pre-tax or Roth 401(k) contributions in any amount up to 100% of their compensation, subject to certain limits imposed by the Internal Revenue Service ("IRS"). The Plan also provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make catch-up contributions, subject to certain IRS limitations.

The Company may make discretionary matching contributions, other discretionary contributions, and qualified non-elective contributions to the Plan. Discretionary matching contributions may be made for all participants contributing at any time during a payroll period. Other discretionary contributions may be made for employees who are active participants on the last day of the Plan year and have completed at least 1,000 hours of service during that Plan year. Qualified non-elective contributions may be made for employees who were active participants at any time during the Plan year.

Discretionary matching contributions at a rate of 50% of the first 5% of a participant's contributions were made for 2015 and 2014. Effective during 2014, the Plan also implemented a true-up matching provision, which was eliminated effective January 1, 2016. No other discretionary contributions or qualified non-elective contributions were made for 2015 or 2014.

Participant Accounts:

Each participant's account is credited with the participant's contribution and an allocation of any Company contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants direct their investment fund options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to the extent of one-half of their vested account balance under the Plan, not to exceed \$50,000. The loans are secured by the balance in the participant's account. A participant may have two loans approved in any twelve-month period, but may only have one outstanding loan balance at any time. The loan interest rates will be based on the rates available for similar loans from commercial lending institutions. Principal and interest is paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service (0% in year one, 20% each year thereafter).

Funding:

The employer's funding policy is to remit participant contributions and employer matching contributions to the Plan as soon as they can be reasonably segregated from the Company's general assets within the time limits set by the Department of Labor.

Payment of Benefits:

A participant or his/her beneficiary, upon termination, death, or retirement, receives payment of his/her vested account balance in the form of a lump sum or annuity options. Additionally, the Plan has provisions for an active participant to make in-service and hardship withdrawals from his/her account, subject to limitations and restrictions.

Forfeited Accounts:

Any forfeited non-vested accounts may first be used to pay administrative fees, and then shall be applied to reduce future employer contributions. At December 31, 2015 and 2014, there was \$-0- and \$439, respectively, of unutilized forfeited non-vested accounts. During 2015, \$165 of administrative fees was paid using forfeited non-vested accounts, and employer contributions were reduced by \$2,651 from forfeited non-vested accounts. During 2014, \$802 of administrative fees was paid using forfeited non-vested accounts, and employer contributions were reduced by \$23,401 from forfeited non-vested accounts. During 2015, \$430 of forfeited non-vested accounts was used to reduce 2014 employer contributions and is netted with employer contributions receivable at December 31, 2014.

Note 2. Summary of Significant Accounting Policies

- A. **Basis of Accounting** – The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").
- B. **New Accounting Pronouncements** – In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; or (3) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

- C. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- D. Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.
- E. Administrative Fees – Fees of the Plan are paid by the Company or the Plan at the discretion of the Company. In addition, any participants who elect to receive a loan, distribution, or withdrawal are charged a processing fee. Also, in certain cases, participants may be charged a redemption fee.
- F. Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- G. Benefit Payments – Benefits are recorded when paid.
- H. Reclassifications – Certain prior year amounts have been reclassified to conform to the current year presentation.
- I. Subsequent Events – The Plan has evaluated subsequent events through August 16, 2016, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will receive a total distribution of their account.

Note 4. Unaudited Information

Principal Trust Company, Trustee of the Plan, holds the Plan's investment assets and executes transactions therein. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2015 and 2014, the supplemental schedule at December 31, 2015, the related investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exist

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The fair value of investments held in the mutual funds is determined based on their quoted closing market prices in active markets for identical investments, and is classified as Level 1.
- The investments in the common/collective trusts, which include fully benefit-responsive investment contracts, are valued at their closing net asset values as a practical expedient to estimate fair values since these values are the probable selling prices of the investments. There are no redemption restrictions on these investments. The net asset values are based primarily on quoted prices of the actual underlying assets or similar assets and are classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total	<u>\$7,673,568</u>	<u>\$ 750,966</u>	<u>\$ -</u>	<u>\$8,424,534</u>

Note 6. Income Tax Status

The Plan has adopted an approved volume submitter Plan document. This Plan document has obtained a determination letter dated March 31, 2014 from the IRS in which the IRS stated that the document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2012.

Note 7. Party-in-Interest Transactions

Certain Plan investments are held in mutual funds managed by Principal Funds. The Plan also has common/collective trusts held by Principal Trust Company and Union Bond & Trust Company. Principal Trust Company is Trustee as defined by the Plan and is related to both Principal Funds and Union Bond & Trust Company and, therefore, these transactions qualify as party-in-interest transactions.

Administrative expenses in the amount of \$1,163 and \$3,205 were paid to the Trustee of the Plan during the years ended December 31, 2015 and 2014, respectively; therefore, these transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
