INDEPENDENT AUDITORS' REPORT

To the Plan Committee
ABC Laboratories Retirement Savings Plan
Columbia, Missouri

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ABC Laboratories Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U. S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U. S. generally accepted auditing standards. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at the year ended December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Securities Act of 1974, is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referenced above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the ABC Laboratories Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution Plan covering employees of Analytical Bio-Chemistry Laboratories, Inc. (ABC) and subsidiary (the Company). The Plan was established November 1, 1990, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have attained the age of 18 are eligible to participate in the Plan. There is no service requirement for participation in the Plan. To receive an additional discretionary Company contribution, an employee must work 1,000 hours during the year and be employed on the last day of the year with certain exceptions.

Contributions: Participants may contribute up to 100% of pre-tax or post-tax annual compensation, as defined in the Plan, not to exceed maximum amounts specified by the IRS, in accordance with a participant deferral agreement. Participants who are at least 50 years of age may make an additional contribution to the Plan not to exceed $6,000 and $5,500 for 2015 and 2014, respectively, under certain conditions. Participants may also contribute amounts representing rollover distributions from other qualified Plans. The Company may contribute an amount of matching contribution determined annually at the discretion of the Company's Board of Directors. In 2015 and 2014, the Company's matching contributions were 50% of participant salary deferrals, not to exceed 3% of participant salary. Additional profit-sharing amounts may be contributed at the discretion of the Company. There were no additional Company contributions approved for 2015 and 2014. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any, (b) Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are automatically 100% vested in the portion of their accounts resulting from participant salary deferrals. Participants vest in Company matching and discretionary contributions at a rate of 20% after one year of service and in 20% increments each subsequent year with full vesting in Company contributions occurring after five years of service. A participant is considered to have one year of service for each one year period in which he or she has worked 1,000 hours or more.

Participants become automatically 100% vested in Company matching and discretionary contributions upon attaining age 65, qualifying for early retirement, upon total disability or death.

Forfeitures: Forfeitures are used to reduce the Plan's ordinary and necessary administration expenses for the Plan year. Any remaining forfeitures may be treated as a reduction of the Company's contributions otherwise made for the Plan year following the Plan year in which the forfeiture occurs. During the years ended December 31, 2015 and 2014, forfeitures used to pay Plan expenses totaled $17,368 and $44,337, respectively; to reduce Company contributions totaled $21,844 and $0, respectively; for a total of forfeitures used of $39,212 and $44,337, respectively. Remaining forfeitures to be used to reduce future Plan expenses totaled $4,696 and $3,706 at December 31, 2015 and 2014, respectively.

Revenue Holding Account: The Plan has a separate account established in the name of the Plan on August 2, 2013, for the purpose of collecting revenue from Plan investment options to be used to pay non-settlor Plan expenses. This account is considered a Plan asset and included in the cash balance. During the years ended December 31, 2015 and 2014, the Plan received revenue sharing of $83,069 and $56,323, respectively, and paid Plan expenses of $82,143 and $32,314, respectively. The ending balance available to pay future Plan expenses totaled $32,807 and $31,882, as of December 31, 2015 and 2014, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one loan may be outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are payable ratably through payroll deductions.

Distribution of Benefits: Upon termination of service, a participant or his/her beneficiary may receive benefit distributions in the form of a single lump sum payment, which may be in the form of a cash payout or rolled over into another qualified pension Plan. Accounts with balances under $5,000 are subject to mandatory distribution and will be rolled into an Individual Retirement Account unless the participant specifies otherwise.

Administration: Reliance Trust Company (Reliance) acts as the Plan's trustee. Reliance holds the Plan's assets, administers investment activity, and invests contributions into funds designated by each participant. DailyAccess Corporation (DailyAccess) acts as the Plan's third-party administrator. DailyAccess maintains the individual participant accounts and provides records of balances and transactions to the Plan administrator and participants. DailyAccess also provides professional and administrative services to the Plan. UBS Financial Services (UBS) provides investment advisory services to the Plan and acts as the Plan's investment manager. Certain administrative costs are being absorbed by the Company, while other fees such as professional, contract administration, investment advisory and custodian fees are paid by the Plan. The Company's Board of Directors is responsible for oversight of the Plan. The Plan's Retirement Committee reviews the appropriateness of the Plan's investment offerings, monitors investment performance, identifies ongoing participant needs, reviews Plan design, reviews and analyzes fees, and other issues related to the Plan and reports to the Company's Board of Directors as needed.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events: Events that have occurred subsequent to December 31, 2015, have been evaluated through August 19, 2016, which represents the date the Plan's financial statements were approved by management and therefore available to be issued.

Accounting standards updates: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share.* The main impact of this ASU is to remove the requirement to categorize investments that are valued using the net asset value per share (or its equivalent) practical expedient as described in ASC 820-10-35-59 within the fair value hierarchy table and revise certain disclosures. This ASU is effective for non-public business entities for fiscal years beginning after December 15, 2016, with early application allowed and applied retrospectively.

In July 2015, the FASB issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. As a result, fully benefit-responsive contracts are reported at contract value in the statements. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements will be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively.

The Plan elected to early adopt both ASUs. As a result, certain disclosures and amounts have been restated from prior years.

3. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed DailyAccess by a letter dated March 31, 2014, that the volume submitter profit sharing Plan is in a form acceptable under section 401 of the Internal Revenue Code (IRC). The Company adopted this volume submitter profit sharing Plan effective January 1, 2015. This Plan is an amendment and restatement of an existing Plan originally established on November 1, 1990. The prior year's plan was also provided by DailyAccess and covered by an opinion letter.

The Company may rely on the opinion letter issued by the IRS for this non-standardized prototype Plan as evidence that the Plan is qualified to the extent provided by the IRS in Announcement 2001-77, 2001-30 I.R.B. The Plan is relying on this determination letter. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is designed and currently operated in compliance with the applicable requirements of the IRC.

4. TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2015 and 2014 include $4,319,912 and $4,099,484, respectively, allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from

actively participating in the Plan, generally as a result of terminating employment. These amounts may be paid within the next year, at the request of the participant. These participants receive no further contributions but do receive allocations of investment income.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments at fair value as shown in the statements of net assets available for benefits.
- Investments at net asset value as shown in the statements of net assets available for benefits.
- Investment income as shown in the statements of changes in net assets available for benefits.
- Schedule of assets held at year end.

7. FAIR VALUE OF FINANCIAL INSTRUMENTS

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of balances that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund on an active market, which is based on the underlying net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common and collective trusts: Valued at the net asset value (NAV) of units of a bank or trust company collective trust. The Plan is invested in a collective trust, which is invested in stable value funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Investments in common and collective trust can generally be redeemed without restrictions; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading. If the Plan initiates a full redemption of the common and collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that the securities liquidations will be carried out in an orderly business manner. The fund contains synthetic investment contracts comprised of both underlying investments and contractual components and has an investment objective of providing a moderate level of stable income without principal volatility.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below presents the Plan's assets measured at fair value on a recurring basis as of December 31, aggregated by the level in the fair value hierarchy within which those measurements fall:

	Level 1	Level 2	Level 3	Total
2015				
Registered investment companies:	$ 20,630,716	$ -	$ -	$ 20,630,716
Total assets in the fair value hierarchy	$ 20,630,716	$ -	$ -	$ 20,630,716
Investments measured at net asset value				1,013,923
Investments at fair value				$ 21,644,639

	Level 1	Level 2	Level 3	Total
2014				
Registered investment companies:	$ 19,233,942	$ -	$ -	$ 19,233,942
Total assets in the fair value hierarchy	$ 19,233,942	$ -	$ -	$ 19,233,942
Investments measured at net asset value				915,845
Investments at fair value				$ 20,149,787

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.
