To Mr. Charles McGinnis
Henry H. Ottens Manufacturing 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of the Henry H. Ottens Manufacturing 401(k) Plan (the "Plan") for the year ended December 31, 2015 and have issued our report thereon dated August 8, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements as a whole. We did, however, audit the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 15, 2016. Professional standards also require that we communicate to you the following information related to our audit.

To Mr. Charles McGinnis

We have conducted a DOL limited-scope audit of the financial statements of the Henry H. Ottens Manufacturing 401(k) Plan (the "Plan") for the year ended December 31, 2015 and have issued our report thereon dated August 8, 2016. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements as a whole. We did, however, audit the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. All significant transactions have been recognized in the financial statements in the proper period.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

HENRY H. OTTENS
MANUFACTURING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION:

The following description of the Henry H. Ottens Manufacturing 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General -

Henry H. Ottens Manufacturing Co., Inc. (the "Company") established the Henry H. Ottens Manufacturing 401(k) Plan (the "Plan") and related trust for the benefit of eligible employees. Substantially all of the Plan's participants were employees of the Company. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On May 1, 2015, the Company was acquired by International Flavors & Fragrances Inc. ("IFF"). Effective December 31, 2015, the Plan was merged into the IFF Retirement Investment Fund Plan ("IFF Plan"). On December 31, 2015, the net assets were transferred and recognized in the accounts of the IFF Plan, at the balances as previously carried in the accounts of the Plan. The total net assets transferred amounted to \$7,389,946 and consisted of investments in registered investment companies, money market funds and participant loans.

Contributions -

The Plan was a defined contribution plan to which participants could contribute up to 92% of their compensation, as defined in the Plan, subject to certain limitations. In addition, participants could contribute "rollover" contributions from other qualified plans. The participant, upon application, specified the available funds into which his or her own contributions should have been invested. Participants could elect to change the manner in which contributions were allocated and could also transfer contributions from one fund to another. Employees were covered by the Plan after completing six months of service with the Company.

HENRY H. OTTENS MANUFACTURING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan, unless they affirmatively elected not to participate, with a default deferral rate set at 2% of eligible compensation. Contributions were automatically invested in a designated balanced fund until changed by the participant.

The Company matched, on a per-pay basis, 100% of the first 3% of the amount contributed into the Plan by eligible participants and 50% of the next 2% contributed. Highly compensated participants were not eligible for this safe harbor match. The Company made a discretionary matching contribution (4% of compensation in 2015 and 2014, respectively), to each eligible highly compensated participant's elective deferral, subject to certain limitations. The Company could also make an additional profit sharing contribution to predetermined allocation groups as specified in the Plan agreement. There were no profit sharing contributions for the years ended December 31, 2015 and 2014.

Participant Accounts -

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's matching contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participant contributions, Company matching contributions and earnings thereon were fully vested at all times and were not subject to forfeiture.

Vesting in profit sharing contributions was as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	33%
2	66%
3	100%

Participants became fully (100%) vested in any profit sharing contributions upon the occurrence of death, total or permanent disability, or normal retirement.

HENRY H. OTTENS MANUFACTURING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts -

At December 31, 2014, forfeited accounts totaled \$24 and were transferred to the IFF Plan on December 31, 2015. In 2015 and 2014, no forfeitures were used to reduce Company matching contributions.

Notes Receivable from Participants -

Prior to the merger of the Plan, participants could borrow from their fund accounts. Maximum terms of loans to participants were generally five years. Monthly interest payments by participants were based on rates determined by the Plan administrator considering market interest rates in effect at the time of making the loan. Loans were secured by the participant's account balance and were limited to the lesser of \$50,000 or 50% of the amount vested in the participant's account.

Payment of Benefits -

Prior to the merger, payment of participant benefits was made upon the participant attaining normal retirement age, disability, death, or termination of employment. Benefits were distributed to a participant or their designated beneficiary in a lump-sum payment.

Administrative Expenses -

Substantially all expenses of the Plan were paid by the Company except for fees associated with participant loans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates -

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and

HENRY H. OTTENS MANUFACTURING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties -

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Effective December 31, 2015, all investments were transferred to the IFF Plan.

Notes Receivable from Participants -

Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income from notes receivable was recorded on the accrual basis. Related fees were charged directly to the borrowing participant's account. As of December 31, 2015 and 2014, no allowance for credit losses had been recorded. If a participant did not make loan repayments and the Plan administrator considered the participant loan to be in default, the entire outstanding principal and accrued interest was immediately due and payable based on the terms of the Plan document.

Investment Valuation and Income Recognition -

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All Plan assets were transferred to the IFF Plan before close of business on December 31, 2015. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

HENRY H. OTTENS MANUFACTURING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Payment of Benefits -

Benefits were recorded when paid.

Date of Management's Review -

Subsequent events were evaluated through August 8, 2016, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The Plan's investments were reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may have produced an amount that may not have been indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could have resulted in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable inputs and have the lowest priority. The Plan used the appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measured fair value using Level 1 inputs because they generally provided the most reliable evidence of fair value. No Level 2 or Level 3 inputs were used by the Plan.

Level 1	The fair values of the registered investment companies and money market funds were based on the closing price reported on the active market where the individual securities were traded.

4. INVESTMENTS - CERTIFIED FINANCIAL INFORMATION:

All investment information disclosed in the accompanying financial statements including investments held at December 31, 2014, and net depreciation in fair value of investments and interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

The following summarizes the fair value of participant-directed investments that represented 5% or more of the Plan's net assets as of December 31, 2014:

Fidelity Contrafund	\$ 652,298
Fidelity Freedom 2020	825,382
Fidelity Freedom 2030	512,218
Fidelity Freedom 2035	620,037
Fidelity Retirement Money Market	1,559,826
Invesco Diversified Dividend R5	584,662
PIMCO Total Return Admin	533,669

5. RELATED PARTY TRANSACTIONS:

During 2015 and 2014, certain Plan investments consisted of shares of registered investment companies and money market funds managed by Fidelity Management Trust Company ("Fidelity"). Fidelity was the trustee, as defined by the Plan; therefore, these transactions qualified as party-in-interest transactions.

6. FEDERAL TAX STATUS:

The Company adopted the Plan using the Volume Submitter Plan Document prepared by Fidelity Management & Research Company. An opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008 stated that the form of the Plan was designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Volume Submitter Plan Document had been amended since receiving the opinion letter. The Company had not obtained a separate determination letter from the IRS; however, the Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC through the date of the transfer of assets into the IFF Plan. Therefore, no provision for taxes has been made in the accompanying financial statements.

HENRY H. OTTENS MANUFACTURING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
