Independent Auditor's Report

The Administrator
Van Wagner Group, LLC Retirement Savings Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of Van Wagner Group, LLC Retirement Savings Plan which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014; the related statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014; and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the Basis for Disclaimer of Opinion paragraph, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the Plan Administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Notes 4 and 5 which was certified by Boston Financial Data Services, Inc. as agent for State Street Bank and Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter - Report on Supplemental Schedule

The supplemental schedule as of the year ended December 31, 2015 as listed in the Table of Contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. It is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph herein, I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee has been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended.

Note 1 Description of Plan

The following description of the Van Wagner Group, LLC Retirement Savings Plan, formerly the Van Wagner Communications, LLC Retirement Savings Plan, (the "Plan," or "Retirement Savings Plan") provides only general information. Participants should refer to the Volume Submitter Plan and Trust document, related Adoption Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General Effective as of October 1, 2014,Van Wagner Group, LLC, replaced Van Wagner Communications, LLC, as the sponsoring employer of the Plan. The Plan is a defined contribution 401(k) plan covering all eligible employees of Van Wagner Group, LLC (the "Sponsor") and of affiliate employers (together the "Employer") that with the consent of the Sponsor have adopted the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Eligibility is limited to full-time employees who have completed six months of service and attained age eighteen. Employees covered by collective bargaining agreements, non-resident aliens, interns and leased, temporary and seasonal employees, are excluded from participation. Eligible employees may elect to begin participation in the Plan as of the first day of the calendar Plan year, or the first day of the seventh month of the Plan year coinciding with or next following the date that the age and service eligibility requirements are met.

Employee Contributions Each year, participants may authorize the Employer to withhold up to 100% (to a maximum of $18,000 in 2015 and $17,500 in 2014) of eligible compensation for contribution to the Plan. Participants over 50 years of age, may make an additional annual "catch-up" contribution. The maximum annual catch-up contribution for 2015 and 2014 is $6,000 and $5,500, respectively. Participants also may contribute rollover amounts representing distributions or distributable amounts from other tax qualified retirement plans. Participants may elect to contribute all or a portion of their elective contributions to the Plan as pre-tax elective deferrals or after tax Roth contributions.

Employer Contributions The Employer is obligated to contribute 3% of a participant's eligible compensation from the Employer as a safe harbor contribution. Eligible compensation is statutorily limited to $265,000 in 2015 and $260,000 in 2014. Additional discretionary profit sharing contributions may be made to the Plan solely at the option of the Employer.

Participant Accounts Each participant's Plan account is credited with the participant's contributions and allocations of the Employer's contributions, including any related earnings or losses, and may be charged with an allocation of certain administrative expenses, if any. Allocations of Employer contributions are based on participants' includible compensation. Allocations of Employer discretionary profit sharing contributions, if any, are made to participants who are employees of the Employer as of the last day of the Plan year. Allocations of earnings or losses are based on participants' account balances. The benefit to which a participant is entitled under the Plan as of a certain date is the amount of the participant's vested Plan balance.

Vesting Participants are immediately 100% vested in all their contributions and Employer safe harbor contributions, including any related earnings or losses. Employer discretionary profit sharing contributions and any related earnings or losses vest based on years of service. For these amounts, a participant becomes 100% vested, in 20% increments, over a period of two through six years of service. Also for these amounts, a participant becomes 100% vested upon normal retirement age 65, total disability, death, and termination or partial termination of the Plan. In general, a participant who terminates employment with the Employer before becoming fully vested in their Plan account balance will forfeit the unvested portion of their account balance.

Note 1 Description of Plan (continued)

Forfeitures Forfeitures of the non-vested portion of terminated participants' Plan accounts are applied to reduce Employer contributions. Activity arising from forfeitures of terminated participants' non-vested account balances for the years ended December 31, 2015 and 2014 was:

	2015	2014
Forfeiture balance available - beginning of year	$ 42,000	$ 30,000
Increase arising from forfeitures of terminated participants' non-vested account balances	1,000	43,000
Amount used to reduce Employer contributions	(42,000)	(31,000)
Forfeiture balance available - end of year	$ 1,000	$ 42,000

Participant Loans Participants may borrow from their Plan accounts, in general, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No more than two loans may be outstanding at any time. The minimum permitted loan is $1,000. Loans are collateralized by the balance in the participant's Plan account. Principal and interest are to be paid ratably through payroll deductions. Loan origination fees, if any, are charged directly to the participant's account.

Hardship Distributions Participants may request a distribution of all or a portion of their vested Plan account balance in the event of certain defined financial hardships. Participants must first exhaust all other reasonably available resources before becoming eligible for hardship distributions.

In-service Distributions Participants who have attained age 59 ½ may request an in-service distribution of all or a portion of their vested Plan account balance, provided such request is for at least $500.

Payment of Benefits Upon termination of service with the Employer, participants may receive their vested Plan account balance in substantially equal installments or as a lump sum payable in cash.

Tax Status The Internal Revenue Service has issued an advisory letter to the sponsoring organization of the volume submitter plan adopted by the Employer opining that the form of the volume submitter plan and related trust are designed in accordance with applicable tax qualification and tax exemption sections of the Internal Revenue Code of 1986, as amended (the "Code"). The volume submitter plan has been amended since receiving the advisory letter. The Employer is not required, and has not sought, to apply for its own determination letter with regard to the tax qualification of the Plan. The Employer believes that the Plan is designed and currently is being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Investment Options Upon enrollment in the Plan, participants may direct the investment of contributions made on their behalf and may transfer the investment of Plan account balances among approximately 35 investment options, primarily registered investment companies ("mutual funds"). The Sponsor, or its delegate, may add or subtract from the list of investment options from time to time, in accordance with its fiduciary duties under ERISA. When participants direct their own Plan account investments, their Plan accounts are allocated earnings or losses reflective of their chosen investments. A participant's Plan account does not share in the investment performance of other participants' Plan accounts.

Plan Termination Although it has not expressed any intent to do so, Van Wagner Group, LLC, as Plan Sponsor, has the right to permanently discontinue contributions and terminate the Plan subject to the provisions of ERISA and the Code. Should the Sponsor permanently discontinue contributions or terminate the Plan, participants will be 100% vested in all Plan accounts. Further, under some circumstances (such as a significant reduction in Plan participation from one Plan year to the next, resulting from certain events), Plan participants with respect to whom a partial Plan termination occurs will become 100% vested in all their Plan accounts.

Note 2 Summary of Significant Accounting Policies

The financial statements of the Plan are prepared using the accrual method of accounting.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America, requires the Plan Administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The effective date for non public entities is fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted for all entities. Management has elected to early adopt the provisions of this ASU effective 2015. There was no impact upon financial information currently or previously presented.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, which is part of the FASB's Simplification Initiative for employee benefit plans. Part I of the ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II of the ASU removes the requirement to disclose individual investments that represent five percent or more of net assets available for benefits; removes the requirement to disclose the net appreciation or depreciation for investments by general type; and removes the requirement to disclose investments by class of investments in the fair value disclosures prescribed by FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. Part III allows for certain amounts to be reported as of the month end date prior to the plan's year end for those year ends that do not fall on a month end. The ASU is effective for all entities for fiscal years beginning after December 15, 2015. Early adoption is permitted for all entities. Management has early adopted the provisions of this ASU effective 2015. Accordingly, (a) fully benefit responsive investments contracts are stated at contract value, (b) the disclosures in Part II for individual investments that represents five percent or more of net assets available for benefits, the net appreciation or depreciation for investments by general type and investments categorized by class in the fair value disclosures have been eliminated. Part III had no impact on the Plan's financial statements.

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Attributes that are specific to an asset or liability, such as restrictions on the asset's sale, need to be considered when measuring fair value, if market participants would take those attributes into account when pricing the item. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Boston Financial Data Services, Inc. as agent for State Street Bank and Trust Company, the Trustee of the Plan. See Note 3 for a discussion of fair value measurements.

Note 2 Summary of Significant Accounting Policies (continued)

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (or depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits are recorded when paid.

Mutual fund, money market fund and common collective trust expenses, including investment management and advisory services, are charges against the respective investment vehicle assets and are reflected in the respective investment's share/unit value, dividends and net appreciation or (depreciation) in value of investments.

Certain operating and administrative expenses are absorbed by the Employer, and to that extent, are not reflected in these financial statements.

Certain amounts, classifications and disclosures included in prior year financial statements, are, from time to time, restated to conform to the presentation of the current year.

Note 3 Fair Value Measurements

The Plan's investments except for fully benefit-responsive investment contracts, are reported at fair value in the accompanying Statements of Net Assets Available for Benefits . The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels.
Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 1 inputs have the highest priority.

Note 3 Fair Value Measurements (continued)

Level 2 inputs include:

- quoted prices for similar, but not identical, assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets (i.e., markets in which there are few transactions for the asset or liability, the prices are not current, price quotations vary substantially, either over time or among market makers, or in which little information is publicly available - for example, a principal-to-principal market);
- inputs other than quoted prices that are observable for the assets or liabilities; and
- inputs that are derived principally from, or corroborated by, observable market data, either by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs have the lowest priority. Level 3 inputs, which are unobservable and significant, are used for fair value measurement only when observable inputs are not available. Thus, these inputs apply when there is little or no market activity for the asset or liability at the measurement date.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used, maximize the use of observable inputs and minimize the use of unobservable inputs.

Appropriate valuation techniques based on the available inputs are used to measure the fair value of the Plan's investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Level 1 Fair Value Measurements - The fair value of all Plan investments in money market funds and mutual funds is based on year-end quoted net asset values of the shares held by the Plan, as certified by the Trustee. (See Note 4.) Gains and losses, realized and unrealized, included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014, are reported in net appreciation (or depreciation) in fair value of investments. The Plan's investments in money market funds and mutual funds are deemed to be actively traded.

Level 2 and 3 Fair Value Measurements - No Level 2 or Level 3 inputs were used by the Plan.

For the years ended December 31, 2015 and 2014 there were no transfers among Levels 1, 2 or 3.

The methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Further, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 Investments and Participant Loans - Certified by Trustee

The December 31, 2015 and 2014 Statements of Net Assets Available for Benefits, the investment and participant loan activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2015 and 2014, and the accompanying notes to financial statements were prepared in part or entirely from information certified by Boston Financial Data Services, Inc. as agent for State Street Bank and Trust Company, the Trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified (in addition to participant loans and interest on participant loans) includes total investments of $22,623,626 and $24,277,461 at December 31, 2015 and 2014, respectively; and investment activity of:

	2015	2014
Appreciation (depreciation) in value of investments		
Mutual funds	$ (1,038,943)	$ 438,273
Common collective trusts	- 0 -	- 0 -
	(1,038,943)	438,273
Dividends and interest		
Money market account	2	4
Mutual funds	1,074,449	924,922
Common collective trusts	27,434	25,937
	1,101,885	950,863
	$ 62,942	$ 1,389,136

Note 5 Investments at Contract Value - Fully Benefit-Responsive Investment Contracts

Investments include the contract value, $1,685,306 at December 31, 2015 and $1,510,390 at December 31, 2014 of the Plan's investment in the T. Rowe Price Stable Value Common Trust Fund (“Stable Value Fund” or “Fund”), a direct filing entity for a common collective trust whose investment portfolio includes fully benefit responsive investment contracts, as reported by the Stable Value Fund to the Plan Trustee. For a stable value trust fund, contract value is original cost plus accrued income and deposits minus withdrawals. For a particular participant in the fund, contract value is equal to the sum of benefits owed to the participant.

The investment objectives of the Stable Value Fund are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty or adjustment. The Fund attempts to achieve these objectives by investing primarily in guaranteed investment contracts (“GIC’s”) issued by insurance companies; investment contracts issued by banks (“BIC’s”); structured or synthetic investment contracts (“SIC’s”) issued by banks, insurance companies, and other issuers, as well as the securities supporting such SIC’s (underlying assets); separate account contracts (“SAC’s”); and other similar instruments that are intended to maintain a constant net asset value (collectively, “investment contracts”).

The Fund’s ability to receive amounts due pursuant to these investment contracts is dependent upon the issuers' ability to meet their financial obligations. The Plan's ability to receive amounts due in accordance with the fully benefit responsive investment contract is dependent on the Fund’s ability to meet its financial obligations. The Fund’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 Investments at Contract Value - Fully Benefit-Responsive Investment Contracts (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the Fund. Nevertheless, certain events might limit the ability of the Plan to transact at contract value with the Fund. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

Certain events allow the Fund to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

Note 6 Parties in Interest and Related Party Transactions

Certain investments of the Plan are in shares of mutual funds, money market funds and common collective trusts. These investment vehicles may pay fees for investment advisory services, management or similar services, both to their own related mutual fund family umbrella companies and to other service providers, some of which may do business with the Plan, the Employer, the Plan Administrator, the Trustee, the custodian, or with the Plan investment advisors.

Certain officers and employees of the Employer are members of the Retirement Savings Plan Committee that is designated as the Plan Administrator and is charged with the interpretation, administration and operation of the Plan. They, along with Plan service providers, the Employer and Trustee, are considered "parties in interest" pursuant to definitions within ERISA (and "disqualified persons" within the Code). In general, individuals and companies that do business with the Plan may be defined as parties in interest. Parties in interest may be restricted in their ability to be involved in transactions with the Plan and Plan fiduciaries.

Note 7 Risks, Concentrations and Uncertainties

Future Employer contributions to the Plan are subject to risk arising from concentration in, and the availability of, the sources providing those contributions.

Benefits provided by the Plan are not insured by the Pension Benefit Guaranty Corporation under ERISA. Also, the Plan’s investments are not equivalent to bank deposits and are not insured or guaranteed by the FDIC. Further, all of the Plan’s investments are exposed to various risks, such as interest rate and foreign exchange rate fluctuation, market volatility and credit risk. Accordingly it is at least reasonably possible in the near term, that risks would materially affect future amounts reported in the Statements of Net Assets Available for Benefits, and in the Statements of Changes in Net Assets Available for Benefits; and consequently impact participants’ Plan account balances, including vested account values at retirement date or upon another distributable event.

Note 7 Risks, Concentrations and Uncertainties (continued)

Plan investments may directly or indirectly invest in securities with contractual cash flows. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Also see Note 5.

Note 8 Income Taxes

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize tax liabilities or assets if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination of the applicable governmental authorities. The Plan Administrator believes there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.

The Plan's income tax returns are subject to examination by taxing authorities. The Internal Revenue Service, by letter dated June 6, 2016 has selected the Plan for examination of Plan year 2014. With few exceptions, the Plan is no longer subject to examinations by taxing authorities for years before 2012. The application of tax laws and regulations to many types of transactions is susceptible to varying interpretations, and accordingly, amounts and disclosures reported in the financial statements could be changed at a later date upon final determination by the taxing authorities.

Note 9 Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 at December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per financial statements	$ 23,488,447	$ 25,261,346
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	1,340	22,218
Net assets available for benefits per Form 5500	$ 23,489,787	$ 25,283,564

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2015 and 2014:

	2015	2014
Net increase (decrease) in net assets available for benefits per financial statements	$ (1,772,899)	$ (714,569)
Change in adjustment from contract value to fair value for fully benefit-responsive investment contracts	(20,878)	2,637
Net income (loss) per Form 5500	$ (1,793,777)	$ (711,932)

Note 10 Transfer of Net Assets into the Plan

In late 2013, the then Sponsor of the Plan, Van Wagner Communications, LLC ("Communications"), decided to merge into the Plan the tax-qualified defined contribution plans of other entities that Communications had acquired and which became members of the Communications controlled group. These plans included (1) The Lightship Group 401(k) Plan; (2) the American Blimp Corporation Retirement Savings 401(k) Plan; and (3) the Fuel Outdoor and Van Wagner Miami LLC Retirement Savings Plan. Effective January 1, 2014 all of such plans were merged into the Plan and assets of the related plan trusts were transferred to the Plan trust. At the time of the asset transfers, the three plans had net assets (market value basis) of $2,756,129, $1,043,609 and $221,547, respectively.

Note 11 Sale Transaction and Change of Sponsor

Effective October 1, 2014, Van Wagner Twelve Holdings, LLC ("Holdings"), the parent of the then Sponsor of the Plan, Communications, sold its outdoor advertising business (including the membership units of Communications and a number of its affiliates}, to an independent third party. Prior to or concurrent with such sale transaction, Communications spun off certain assets and liabilities of the outdoor advertising business, including Plan liabilities, to a newly formed subsidiary of Holdings, Van Wagner Group, LLC ("Group"). As a result, effective as of the October 1, 2014 closing: (1) Communications ceased to be the Sponsor of the Plan, and Group adopted the Plan as Sponsor; (2) the number of employers participating in the Plan was reduced; and (3) the number of Plan participants was reduced. Management has assessed whether such changes were significant enough to have resulted in a partial termination of the Plan and has determined, based on fluctuations in participant levels during Plan Year 2014 and other factors, that no partial termination of the Plan occurred during Plan Year 2014.

Note 12 Subsequent Events

Management has evaluated subsequent events through August 15, 2016, the date on which the financial statements were available to be issued.
