NOTE 1. DESCRIPTION OF THE PLAN

The following description of the United TranzActions, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan administrator and trustee is United TranzActions, LLC (the "Company" or "Sponsor").

General

The Plan is a defined contribution plan covering all full-time and part-time employees of the Company who have completed at least one year of service and who are at least twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 60% of their pretax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes matching contributions equal to 20% of the participant contribution, up to a maximum match of 1% of employee compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the sponsor's contribution and earnings from participant directed investments, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution is based on years of continuous service. A participant is fully vested after six years of continuous service.

Forfeitures

At December 31, 2015 and 2014, the forfeited non-vested accounts totaled $538 and $3,026, respectively. The Plan agreement provides for forfeitures to be used to reduce future employer contributions or Plan expenses. During the 2015 plan year, $505 of forfeitures were used to reduce employer contributions.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan. The Plan allows participants to change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of $500 up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000. Participants may only have up to two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus one percent, based on the loan application date. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's vested account balance is greater than $1,000, but such balance is $5,000 or less at the date of death, disability, retirement or termination of employment, and the participant has failed to make a distribution election within 45 days, the participant's vested interest in his or her account will be automatically rolled over into an IRA. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Plan Administration

The Plan is administered by the Company. The Plan assets are maintained by its custodian, Great-West Life & Annuity Insurance Company ("Great-West"), which is operated under the brand name Empower Retirement. Florida Retirement Consultants serves as the record keeper of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Changes in Accounting Principle

The Plan has early adopted the amendments to accounting for defined contribution pension plans contained in Accounting Standards Updated 2015-12. Pursuant to retrospective application of the new guidance in 2015, the accompanying financial statements disaggregate the Plan's investment information only by general type, rather than by class (nature, characteristics and risks) and omit the previously required disclosure of individual investments that represent five percent or more net assets available for benefits as of the end of the years presented.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Units of pooled separate accounts are valued at net asset value based upon the underlying mutual funds for which quoted prices are available in active markets. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Certain administrative expenses, such as professional fees, are paid directly by the Company. Plan expenses are recorded when incurred.

Party-In-Interest Transactions

Certain Plan investments are managed by the Plan's custodian as defined and, therefore, these transactions qualify as party-in-interest transactions.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, mark and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentrations

All of the Plan's investment assets are held by the Plan's custodian, Great-West, located in Greenwood Village, Colorado.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY GREAT-WEST (UNAUDITED)

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared by and certified as complete and accurate by Great-West.

	2015	2014
Pooled separate accounts, at fair value	$ 1,230,217	$ 1,138,762
Notes receivable from participants	99,416	104,040
	$ 1,329,633	$ 1,242,802

During the year ended December 31, 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the Plan year) in pooled separate accounts depreciated in value by $31,766. During the year ended December 31, 2015, interest and dividends relating to the Plan's investments amounted to $126.

At December 31, 2015 and 2014, the interest rates on participant loans were 4.25%. Interest on notes receivable from participants amounted to $4,005 during the year ended December 31, 2015.

NOTE 4. FAIR VALUE MEASUREMENT

Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's assets measured at fair value as of December 31, 2015 and 2014:

ASSETS, at fair value as of December 31, 2015	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Pooled separate accounts	$ -	$ 1,230,217	$ -	$ 1,230,217

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

ASSETS, at fair value as of December 31, 2014	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Pooled separate accounts	$ -	$ 1,138,762	$ -	$ 1,138,762

There were no transfers between the levels of the fair value hierarchy during the year ended December 31, 2015.

NOTE 5. INCOME TAXES

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan assesses its tax positions in accordance with "*Accounting for Uncertainties in Income Taxes*" as prescribed by the ASC, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return's due date or the date filed) that remain subject to examination by the Plan's major tax jurisdictions. Generally, the Plan is no longer subject to income tax examinations by major taxing authorities for years before 2012.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.

NOTE 6. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through , which is the date the accompanying financial statements were available to be issued.
