NOTES TO FINANCIAL STATEMENTS

December 31, 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the T.Y. Lin International Employees' Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established by T.Y. Lin International (the "Company") on October 1, 1985 and was most recently restated on January 6, 2016. The Plan is a voluntary defined contribution plan that covers substantially all salaried and hourly domestic employees of the Company who have met the eligibility requirements. The Plan allows the employees of the Company for immediate entry upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan is administered by the Company and a Retirement Committee appointed by the Board of Directors of the Company. They are responsible for keeping accurate and complete records with regard to the Plan, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations and providing participants with any reports and documents required by law. The assets of the Plan are held by the custodian and trustee, Fidelity Management Trust Company ("Fidelity").

In April 2015, the Company acquired Lindbergh and Associates, LLC. In connection with this business acquisition, the employees of Lindbergh and Associates, LLC became eligible for participation in the Plan effective April 19, 2015.

Participant Contributions – Participants may elect to contribute up to 90% of pre-tax annual compensation, as defined in the Plan, with maximum contributions of \$18,000 for 2015. The Plan allows participants who are 50 years of age or older by the end of the calendar year and who are making contributions to the Plan, to also make a catch-up contribution of up to \$6,000 for 2015. Participants may also designate a portion or all of their contributions as Roth contributions. Roth contributions are post-tax contributions of compensation, maintained in separate accounts in the Plan. Participant contributions are vested and nonforfeitable at all times.

Employer Contributions – The Company may make discretionary matching contributions to the Plan. For 2015, the discretionary employer matching contribution was equal to \$.50 for each \$1.00 of salary deferral up to the first 6% of each participant's eligible compensation. The Company made approximately \$1,765,000 of matching contributions to the Plan for the year ended December 31, 2015.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions (Continued) – The Company may also elect to make discretionary profit sharing contributions to the Plan. Such contributions are allocated in the ratio that each participant's eligible compensation bears to the total compensation paid to all eligible participants for the Plan year. There were no such contributions for the year ended December 31, 2015.

Participant Accounts – Each participant's account is credited with the participant's contribution and the Company's matching contribution and allocations of (a) the Company's profit sharing contribution and (b) Plan investment earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon.

Participants in the Plan vest in the Company's discretionary matching and profit sharing contributions according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than one year	0%
1 year	50%
2 years	100%

Participants of plans that were merged prior to 2011 as a result of acquisitions should refer to the Plan agreement for more specific vesting schedules of the Company's discretionary and profit sharing contributions.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of their account balance among the funds available through Fidelity.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants – Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate as established by Fidelity. Principal and interest are paid ratably through bi-weekly payroll deductions. At December 31, 2015, the interest rate on outstanding loans was 5.25% and maturity dates ranged from January 2016 to October 2025. Any outstanding loan will become due and payable upon termination of employment.

Payment of Benefits – Upon termination of service due to death, disability, retirement or other reasons, a participant may receive a lump-sum distribution, a direct rollover distribution, a life annuity, or a combination of cash and a direct rollover distribution equal to the value of the participant's vested interest in his or her account or a life annuity. Participants may withdraw at any time their employee contributions, both pre-tax and Roth contributions, for certain financial hardships, subject to a \$500 minimum. Participants may withdraw their entire vested account balance upon attaining the age of 59 1/2. Participant accounts are payable at age 65 or upon disability, death, or termination of employment with the Company. If the value of the participant account is less than \$1,000, the payment will be made in a lump-sum distribution. If the value of a terminated participant's account is less than \$5,000 but more than \$1,000, the balance will be automatically distributed to the Plan's designated individual retirement plan or annuity for the participant's benefit.

Forfeitures – Any portion of a terminated employee's account that is not vested is forfeited, subject to the possibility of reinstatement. Such forfeitures are offset against future Company contributions or the administrative expenses of the Plan. The forfeitures are held in a money market fund pending such application. Forfeited non-vested accounts amounted to \$28,950 and \$0 as of December 31, 2015 and 2014, respectively. For the year ended December 31, 2015, the Company's matching contributions were reduced by \$28,950 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements under the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year and are reflected in the statement of changes in net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Administrative expenses include service fees paid to the custodian and costs associated with certain participant directed transactions, such as participant loan fees. Fees paid by the Plan for investment management services are netted against net appreciation in fair value of investments. The Company has chosen to fund certain administrative costs of the Plan other than those associated with certain participant directed transactions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of Recent Accounting Pronouncements – Effective January 1, 2015, the Plan adopted the Financial Accounting Standards Board (“FASB”) Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient.

Effective January 1, 2015, the Plan adopted the FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments.

Reclassifications – Certain accounts in the 2014 financial statements have been reclassified for comparative purposes to conform with the presentation in the 2015 financial statements. These reclassifications have had no effect on previously reported net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The FASB ASC Topic *Fair Value Measurements and Disclosures* defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC Topic *Fair Value Measurements and Disclosures* are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are recorded at fair value and are valued using Level 1 inputs as of December 31:

	<u>2015</u>	<u>2014</u>
Investments at Fair Value		
Money Market Funds	\$ 7,374,202	\$ 7,072,388
Mutual Funds	<u>99,519,921</u>	<u>96,845,402</u>
	<u>\$ 106,894,123</u>	<u>\$ 103,917,790</u>

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified the completeness and accuracy of all investments presented on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment and interest income presented in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

NOTE 5 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the Internal Revenue Code. A favorable determination letter from the Internal Revenue Service was received on July 8, 2010, regarding the qualified status of the prototype plan on which the terms of the Plan are based. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Federal and State taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for recordkeeping and administrative services are netted against net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Certain administrative fees related to the Plan are funded by the Company.

Certain administrative fees incurred by the Plan other than those associated with certain participant directed transactions are funded by the Company and are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE 7 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination among the funds sponsored by Fidelity. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Subsequent events were evaluated through August 3, 2016, which is the date the financial statements were available to be issued.
