NOTE 1 – PLAN DESCRIPTION

The Gullo Companies 401(k) Savings Plan (the "Plan") provides retirement savings benefits to eligible employees of Tony Gullo Motors, I, L.P. dba Gullo Toyota of Conroe; Gullo Cars of Conroe, I, L.P. dba Gullo Ford of Conroe; Lakeside Imports dba Lakeside Toyota; and Northshore Motors, I., L.P. dba Northshore Toyota (collectively the "Companies" or "Employer"). Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Companies through pre-tax voluntary contributions by employees and contributions by the Companies. Employees are eligible to participate in the Plan after the employee has reached 21 years of age and completed one year of service. The entry date for all eligible employees is the first day of the following calendar quarter after becoming eligible. The Plan, which commenced effective July 1, 1997, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodian and Trustee – The Companies contract with New York Life Insurance Company (the "Custodian") to maintain custody of all investments held by the Plan. Plan assets were invested in New York Life funds. State Street Bank and Trust Company serves as Trustee (the "Trustee"). Boston Financial Data Services, Inc., as service provider to DST Retirement Solutions, LLC, provided recordkeeping services to the Plan.

Participants' Accounts – Participant accounts consist of voluntary and rollover contributions by employees, discretionary matching contributions by the Employer, and profits or losses of the investments of the accounts, and are charged with an allocation of plan expenses. Separate investment accounts are maintained for each participant for all contributions. Each participant's account is credited with employee and employer contributions and is invested among a family of investment options as directed by the participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions – Employees electing to participate in the plan may elect to contribute amounts up to IRC limits, which is $18,000 for 2015. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions, which is $6,000 for 2015. The Companies make matching contributions of 50% of the first 7% of participant's compensation. The amount of the Companies matching contribution is at the discretion of the Board of Directors of the Companies, and may be reduced or suspended at any time. The annual maximum matching contribution is $2,000 per participant.

Rollovers – Rollovers represent funds transferred to the Plan from other qualified defined contribution plans.

Vesting – Participants are immediately vested in their pre-tax deferred contributions, rollover contributions, and any income or loss thereon. Matching contributions and other discretionary employer contributions to the Plan, plus any income or loss thereon, are vested as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1 – PLAN DESCRIPTION – continued

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Vested account balances not exceeding $1,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution or to rollover the distributions into another retirement plan. If a terminating employee has a vested account balance exceeding $1,000, the participant may elect to maintain their balances within the Plan.

The Plan permits automatic rollover of distributions into an Individual Retirement Account ("IRA") if the following criteria are met: i) the distribution amount is at least $1,000; and ii) the participant has not elected to receive or roll over the distribution.

The Plan allows hardship withdrawals in accordance with IRC regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes. Active participants age 59 ½ or older may also withdraw all or any part of their vested account.

Forfeited Accounts – At December 31, 2015, and 2014, forfeited nonvested accounts totaled $1,493 and $7,223, respectively. These accounts will be used to pay Plan administrative expenses or may be used to offset future employer contributions as determined allowable under the provisions of the Plan. During 2015, $11,690 was used to pay administrative expenses of the Plan.

Notes Receivable from Participants – Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Notes receivables from participants are secured by the balance in the participant's account and bear interest between 4.25% per annum and 6.00% per annum. Loan terms range from one to five years, except for loans used for the purchase of a principal residence, which may be repaid over a reasonable period of time. The Administrator will determine a reasonable rate of interest by reviewing the interest charged for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements have been prepared on the modified cash basis of accounting. Under this basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. No allowance for credit losses has been recorded at December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, a deemed distribution is recorded.

Payments of Benefits – Benefit payments are recorded when paid.

Administrative Fees – Loan origination fees associated with notes receivable from participants and certain expenses incurred maintaining the Plan are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in net depreciation of fair value of investments. All other expenses of the Plan are paid by the Company.

Recent Accounting Pronouncements – In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. The amendments in this update remove the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and to simplify certain investment disclosures required for employee benefit plans. The update designates contract value as the only required measure for fully benefit responsive investment contracts and eliminates certain disclosures (Part I). Additionally, the update eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits, the net appreciation or depreciation for investments by general type, and the investment information disaggregated based on nature, characteristics and risks (Part II). The update also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month-end (Part III). The amendments in this update are effective for fiscal years beginning after December 15, 2015 and should be applied on a retrospective basis for the periods presented for Parts I and II and on a prospective basis for Part III. Early adoption is permitted. The Plan elected to early adopt ASU 2015-12 Parts I and II and has applied the provisions retrospectively. Part III was not applicable to the Plan.

In May 2015, the FASB issued ASU 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 additionally removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 will be effective for interim and annual reporting periods beginning after December 15, 2015. Early application is permitted. The Plan has early adopted this update, and its investment in the Stable Value Fund that is measured at fair value using the NAV per share (or its equivalent) as a practical expedient has not been categorized in the fair value hierarchy (see Note 3 for additional information).

Retrospective Application of Accounting Standard Updates – The retrospective application of adopting ASU No. 2015-12 on prior years' financial statements and applicable notes was made to conform to the current year presentation. The impact of these changes is described above.

Subsequent Events – The Plan has evaluated all events and transactions that occurred through August 18, 2016, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified in level 1 of the valuation hierarchy.

Stable Value Fund –A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the pooled separate account. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. If the Plan initiates a full redemption of the stable value fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.

The Plan holds an interest in the New York Life Anchor Account, a stable value fund ("SVF") that is a pooled account with New York Life Insurance Company, made available to participating plans through a group annuity contract. Contributions to the SVF are directed to a New York Life pooled separate account that invests primarily in a diversified portfolio of high-quality, fixed income securities, which are owned by New York Life Insurance Company. The SVF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer, New York Life, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. NAV, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at NAV.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2015			
December 31, 2015	**Level 1**	**Level 2**	**Level 3**	**Total**
Mututal Funds	$ 12,741,706	$ -	$ -	$ 12,741,706
Total assets in the fair value hierarchy	12,741,706	-	-	12,741,706
Investments measured at net asset value (a)	-	-	-	820,287
Investments at fair value	$ 12,741,706	$ -	$ -	$ 13,561,993

	Assets at Fair Value as of December 31, 2014			
December 31, 2014	**Level 1**	**Level 2**	**Level 3**	**Total**
Mututal Funds	$ 11,990,998	$ -	$ -	$ 11,990,998
Total assets in the fair value hierarchy	11,990,998	-	-	11,990,998
Investments measured at net asset value (a)	-	-	-	697,517
Investments at fair value	$ 11,990,998	$ -	$ -	$ 12,688,515

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits

NOTE 4 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Custodian, and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to service providers.

The Plan has notes receivable from participants at December 31, 2015 and 2014. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 6 – TAX STATUS

The Plan has received a favorable volume submitter determination letter, dated September 1, 2012, from the Internal Revenue Service ("IRS") stating the volume submitter Plan qualifies under section 401 (a) of IRC and, therefore, has made no provision for federal income taxes. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE AND CUSTODIAN

The plan sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee and Custodian have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

December 31,	**2015**	**2014**
Investments, at fair value	$ 13,561,993	$ 12,688,515
Notes receivable from participants	425,513	408,700

Year Ended December 31,	**2015**
Net depreciation in fair value of investments:	$ (918,272)
Dividends	902,644
Interest income on notes receivable from participants	18,574

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 9 – SUBSEQUENT EVENTS

The Plan was amended and restated on March 1, 2016, to comply with the latest rules and regulations. Effective July 1, 2016, John Hancock Life Insurance Company is the trustee of the Plan.
