NOTE 1 – DESCRIPTION OF PLAN

The following description of the Friar Tux Shop 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement, as amended and restated, for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1990 by its sponsor company, Friar Tux Shop ("Company"). The Plan is a single-employer defined contribution plan covering all employees of the Company, except unionized and nonresident employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees who have completed one year of service with 1,000 service hours and who are at least 21 years of age are eligible to participate in the Plan. The Plan allows employees to begin participating on the first day of the Plan year or first day of the seventh of the Plan year coinciding with or next following the date the eligibility requirements are met.

Contributions

The Plan permits eligible participants to contribute up to 100% of compensation, subject to certain Internal Revenue Code limitations ($18,000 and $17,500 for 2015 and 2014, respectively; $24,000 and $23,000 for employees over the age of 50 for 2015 and 2014, respectively). Participants may also contribute (transfer) amounts representing distributions from other qualified plans. All contributions to participants' accounts are participant-directed in the different investment options offered by the Plan. The Plan provides for discretionary matching contributions and discretionary profit sharing contributions by the Company. There were no such contributions for the year ended December 31, 2015.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and any employer contributions, as well as the participant's share of his investment income or loss, less an allocation of administrative expenses. Investment income allocations are based on the proportion of each participant's investment account balance to the total of the participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN, CONTINUED

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for up to five years. A loan term greater than five years is available for the purchase of a principal residence. The vested balance in the borrower's account secures the loan; interest rates currently range from 3.25% to 5.25% and reflect current rates on similar loans. Principal and interest is paid ratably through payroll deductions.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for reasons defined in the Plan document.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump-sum equal to the value of his or her vested account balance, to roll over the vested balance into another qualified plan, or to leave the vested balance in the plan if greater than $1,000. Participants may also elect an in-service distribution after attaining age 59½.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay administrative expenses of the Plan or to reduce future employer contributions. During the year ended December 31, 2015, no forfeitures were used to pay Plan expenses or allocated to eligible participants as discretionary employer contributions. As of December 31, 2015 and 2014, there were $1,120 and $3,854, respectively, of forfeitures that have not yet been applied to Plan expenses or allocated to eligible participants.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value on a recurring basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 - Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following information included in the accompanying financial statements was certified as complete and accurate by the custodian as of December 31:

	2015	2014
Investments, at fair value	$ 2,453,499	$ 2,762,150
Net depreciation in fair value of investments	12,260	
Dividend income	43,917	

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value on a recurring basis in the statement of net assets available for benefits in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820 - "Fair Value Measurements and Disclosures." This pronouncement defines fair value, establishes a framework for measuring fair value, enhances fair value disclosure requirements and creates a three-level valuation hierarchy for disclosure of fair value measurement. This valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels of the inputs to the valuation methodology are defined as follows:

- Level 1 – Observable, quoted market prices (unadjusted) in active markets for identical assets and liabilities that the reporting entity has the ability to access at the measurement date.

- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data. This input level includes those financial instruments that are valued using models or other valuation methodologies where substantially all of the assumptions are observable in the marketplace, can be derived from observable market data or are supported by observable levels at which transactions are executed in the marketplace.

- Level 3 – Unobservable inputs that are not corroborated by market data. This level of input includes financial instruments whose fair value is estimated based on internally developed models or methodologies utilizing significant inputs that are generally less readily observable from observable sources.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes that the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

Investment assets stated at fair value consist of the following as of December 31:

	2015	2014
Level 1 Fair Value Measurements:		
Mutual funds	$ 2,453,499	$ 2,762,150
Total investments at fair value	$ 2,453,499	$ 2,762,150

The mutual funds are considered to be Level 1 type assets, as defined; that is, their fair value is measured on a recurring basis using quoted prices in active markets for identical assets, which are considered to most reliably reflect fair value.

Realized and unrealized gains and losses, which are reported in net depreciation in fair value of investments, totaled $12,260 for the year ended December 31, 2015 and pertain the Level 1 investments.

NOTE 5 – EXCESS CONTRIBUTIONS PAYABLE

At December 31, 2015 and 2014, liabilities of $25,920 and $20,415, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service and were refunded in March 2016 and November 2015, respectively.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan sponsor and, therefore, these transactions qualify as party-in-interest transactions. No officer or employee of the Company receives compensation from the Plan. Certain Plan expenses are paid directly by the Plan sponsor.

Certain administrative functions are performed by the Plan's record-keeper and custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the record-keeper and custodian totaled $19,963 for the year ended December 31, 2015 and are included in administrative expenses on the statement of changes in net assets available for benefits.

NOTE 7 – TAX STATUS

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, eligible participants will become 100% vested in their account balances.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
