Notes to the Financial Statements

1. Description of the Plan

The following description of the Halfaker & Associates, LLC (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed one month of service and are age 21 or older. The Plan is subject to the provisions of ERISA. The Company's management is responsible for oversight of the Plan. The Company's management determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Eligible participants may contribute up to the maximum amount allowed by the Internal Revenue Code. In addition, the Plan allows for catch up contributions by employees 50 years and older. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company's management. For the year ended December 31, 2015, the Company elected to match 100% of the first 3% of each employee's elective deferrals during the Plan year, which totaled \$32,838, and will be utilizing forfeitures. Both employee and employer contributions are subject to the nondiscrimination requirements of the Internal Revenue Code.

An aggregate of \$55,944 was rolled into the Plan during the year ended December 31, 2015, and is included in participant contributions in the statement of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, the Company's matching contributions, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings and losses thereon. Vesting in the employer contributions is based on years of continuous service. A participant is 100% vested ratably after five years of credited service or in the event of death or total and permanent disability.

Notes Receivable from Participants

Notes receivable from participants are not permitted under the Plan.

Halfaker & Associates, LLC 401(k) Plan

Notes to the Financial Statements

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary with an account balance of \$1,000 or greater may elect to receive either a lump sum payment or periodic payments. A participant with an account balance of less than \$1,000 is required to take a lump sum payment upon termination of service. For termination of service for other reasons, a participant may either directly roll over their vested balance to an individual retirement account or another employer plan, or receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Amounts

At December 31, 2015 and 2014, forfeited accounts totaled \$153,394 and \$103,292, respectively. Forfeited accounts are utilized first to reduce Plan expenses and second to reduce employer contributions. No forfeitures were used to reduce Plan expenses or to reduce employer contributions during the year ended December 31, 2015. The balance as of December 31, 2015 will be utilized in 2016, when the 2015 employer contribution is remitted to the plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements and supplemental schedule are prepared on the accrual basis of accounting, in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 5 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Halfaker & Associates, LLC 401(k) Plan

Notes to the Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments.

Accounting Pronouncements Not Yet Adopted

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value (NAV) per share practical expedient under ASC 820. ASU 2015-07 is effective for reporting periods beginning after December 15, 2016 with early adoption permitted. The amendment should be applied retrospectively to all periods presented. The Plan's management is currently evaluating the impact on the Plan's financial statements.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965; Part (I) Fully Benefit Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. ASU 2015-12 (i) requires fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value, not fair value; (ii) simplifies investment disclosure requirements; and (iii) provides a measurement date practical expedient for employee benefit plans. ASU 2015-12 is effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. The Plan's management is currently evaluating the impact on the Plan's financial statements.

4. Information Certified by State Street Bank and Trust Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company (State Street) has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2015	2014
Mutual funds	\$ 1,919,043	\$ 1,686,963
Collective trust	576,639	451,079
Money market fund	209,451	150,847

Net depreciation in fair value of investments	\$	(153,073)
Interest and dividends		85,166

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

Halfaker & Associates, LLC 401(k) Plan

Notes to the Financial Statements

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: The Plan's investments in money market funds are valued at the NAV of shares held by the Plan at year end based upon quoted market prices.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

Halfaker & Associates, LLC 401(k) Plan

Notes to the Financial Statements

Fair Value of Investments in Entities that Use Net Asset Value (NAV)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015 and 2014, respectively:

<i>Description</i>	2015 Fair Value	2014 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
SSGA S&P 500 Index Fund	\$ 403,173	\$ 313,011	N/A	Daily	15 days

SSGA International Index Fund	\$ 7,835	\$ 5,480	N/A	Daily	10 days

6. Investment in Collective Trust Funds

The Plan holds investments in a collective trust. The collective trust invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities, money market funds and may include derivative instruments such as futures contracts and swap agreements to provide daily liquidity. The investment contract issuers seek to preserve the principal investment and earnings, but cannot guarantee that they will be able to do so. The collective trust is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract values for credit risk of the contract issuers or otherwise. There are no unfunded commitments and the redemption frequency is daily.

Certain events limit the ability of the Plan to transact at contract value with the participants. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (d) the failure of the Plan to qualify for exemption from federal income taxes or any other prohibited transaction exception under ERISA. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with the participants are probable of occurring.

7. Related Party Transactions and Party-in-Interest Transactions

Certain investments held by the Plan are shares of mutual funds, a collective trust fund, and a money market fund that are managed by State Street. State Street is the custodian/trustee and as defined by the Plan and, therefore, transactions with these investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

Halfaker & Associates, LLC 401(k) Plan

Notes to the Financial Statements

8. Income Tax Status

Effective February 1, 2007, the Plan adopted a prototype plan sponsored by ADP Retirement Services. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Partial Plan Termination and Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

During 2014, there was a partial plan termination due to one of the Company's contracts ending, which resulted in employees being terminated. As a result, subsequent to December 31, 2014, the Plan reinstated and vested the forfeitures of all affected participants and vested all affected Plan assets associated with the 2014 partial plan termination that were still included in the Plan participant accounts at December 31, 2014.
