BLUE NILE 401(K) RETIREMENT SAVINGS PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 1 DESCRIPTION OF PLAN

The following description of the Blue Nile 401(k) Retirement Savings Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective March 18, 1999. The Plan has been amended throughout the years to comply with tax legislation. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan excludes interns, certain nonresident aliens, and employees covered by a collective bargaining agreement.

Eligibility

All full-time employees of Blue Nile, Inc. (the Company) age 18 and older are eligible to participate on the first day of the month in the salary deferral arrangement of the Plan. Participants must be 18 years old, have performed at least 1,000 hours of service, and be employed on the last day of the Plan year to be eligible to receive an allocation of matching contribution, unless severance of employment due to retirement, death, or disability.

Effective May 6, 2016, the Plan was amended to disallow participation in the Plan by seasonal employees effective January 1, 2016.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage or flat-dollar, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. The Plan provides for an automatic enrollment at 4% of compensation to be made for all eligible employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan also allows for the Company to make matching contributions. The Company's contributions are discretionary. During the years ended December 31, 2015 and 2014, the Company matched 50% of the participants' elective deferral up to a maximum of 4% of compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRAs. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of the Company's contribution and Plan earnings or losses, and charged with an allocation of administrative expenses, if any. Allocations are based on account balances. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant vests 25% after each year of service and becomes 100% vested after four years of credited service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. At December 31, 2015, the interest rate was 4.25%.

Benefit Payments

Upon termination of service, death, disability, or retirement, the participant will receive the value of the vested interest in his or her account in the form of a lump-sum distribution or periodic payments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent. There were no amounts owed to terminated and withdrawn participants at December 31, 2015 and 2014.

Forfeited Accounts

Forfeited nonvested accounts may first be used to reduce administrative expenses or to reduce future Company contributions. Forfeitures of \$12,034 and \$14,683 were used to reduce Company contributions for the years ended December 31, 2015 and 2014, respectively. The balance of forfeited nonvested accounts, less amounts applied as of December 31, 2015 and 2014, was zero.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

DECEMBER 31, 2015 AND 2014

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, which includes three parts. Part I of ASU 2015-12 eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Part III of the ASU provides employee benefit plans with a measurement-date practical expedient that is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to early adopt this ASU and has implemented the guidance on a retrospective basis to all periods presented, therefore, prior periods were retrospectively adjusted.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 5, 2016, the date the financial statements were available to be issued.

NOTE 3 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2010, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (the insurance company). The insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

BLUE NILE 401(K) RETIREMENT SAVINGS PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 3 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (the trustee and insurance company) have supplied a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2015.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 as compared to 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2015			
		Level 1	Level 2	Level 3	Total
Mutual Funds		\$ 10,606,347	\$ -	\$ -	\$ 10,606,347
Total Investments at Fair Value		\$ 10,606,347	\$ -	\$ -	\$ 10,606,347

		2014			
		Level 1	Level 2	Level 3	Total
Mutual Funds		\$ 9,822,959	\$ -	\$ -	\$ 9,822,959
Total Investments at Fair Value		\$ 9,822,959	\$ -	\$ -	\$ 9,822,959

During 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) in mutual funds appreciated (depreciated) by \$(784,802) and \$39,374, respectively.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company are the trustee and insurance company of the Plan. Certain fees are paid to the trustee and insurance and, therefore, qualify as party-in-interest transactions.

NOTE 9 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2008, received from the Internal Revenue Service (IRS) on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.
