(1) DESCRIPTION OF PLAN

The following description of the **River Valley Bancorp, Inc. 401(k) Plan** (the "Plan") provides only general information. Participants should refer to the plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by River Valley Bancorp, Inc. (the "Company") effective as of December 1, 1996, covering substantially all employees of the Company and its affiliates who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may make pre-tax and after-tax Roth salary deferrals up to 100% of eligible compensation, as defined in the plan document, subject to limitations imposed by Internal Revenue Code ("IRC") regulations. Eligible participants are permitted to make special catch-up contributions in accordance with IRC regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit plans, defined contribution plans or individual retirement accounts.

The Company made matching contributions for the plan years ended December 31, 2015 and 2014 equal to 75% of each participant's deferrals, up to the first 6% of their eligible compensation. For 2015 and 2014, employees of the Company who were hired prior to September 1, 2005 were not eligible for employer matching contributions as they were eligible to participate in a multi-employer defined benefit plan to which the Company also makes contributions.

Company contributions may also include discretionary profit sharing contributions. The Company made no discretionary profit sharing contributions in 2015 or 2014.

Participant Accounts

Each participant's account is credited with the participant's salary deferrals, employer contributions, and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances or specific transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment elections at any time.

(1 - continued)

Vesting

Participants are immediately 100% vested in their salary deferral and rollover contributions, plus actual earnings thereon. Vesting in the employer contributions is based on years of continuous service as defined in the plan document. Participants are 100% percent vested in their employer contributions after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years, or longer terms (up to 30 years) for loans used to purchase a primary residence. The loans are secured by the remaining vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, participants may elect to receive either a lump sum amount equal to the value of their vested account balance or any form of payments agreed upon by the plan administrator and the participant. The Plan also provides for in-service distributions for participants that have attained the normal retirement age of 65. Separated participants with vested account balances exceeding $1,000 may elect to defer benefits until reaching normal retirement age.

Forfeited Accounts

Participants forfeit employer contribution accounts when terminating service prior to vesting in their employer contributions. These accounts will be used to reduce future employer contributions or pay Plan expenses. At December 31, 2015 and 2014, forfeited nonvested accounts totaled $17,382 and $14,686, respectively. No forfeited nonvested accounts were used to reduce employer contributions or to pay Plan expenses for the years ended December 31, 2015 and 2014.

Excess Contributions

The Plan is subject to certain contribution limits for highly-compensated participants as defined by the IRC. For the plan year ended December 31, 2015, there were no contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”). For the plan year ended December 31, 2014, contributions in excess of amounts allowed by the IRS totaled $4,187 and were distributed to the affected participants in 2015.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Capital gain distributions from mutual funds are included in net appreciation (depreciation) in fair value of investments. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for these investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. At December 31, 2015 and 2014, no allowance for credit losses has been recorded. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. The interest rate on notes receivable at December 31, 2015 was 3.25%.

Administrative Expenses

Some administrative expenses are paid by the Company and some are paid by the Plan. Those that were paid by the Plan are reflected in the accompanying financial statements.

Employees of the Company perform certain administrative functions for the Plan. Neither the Company nor its employees receive compensation from the Plan.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2015 and 2014, there were no allocated amounts to participants who had elected to withdraw from the Plan, but had not yet been paid.

(2 - continued)

Subsequent Events

Management has evaluated whether any subsequent events that require recognition or disclosure in the accompanying financial statements and related notes thereto have taken place through July 25, 2016, the date these financial statements were available to be issued.

Effective January 1, 2016, the Plan was amended to allow employees of the Company who were hired prior to September 1, 2005 to be eligible for employer matching contributions.

Effective March 1, 2016, the Company merged with and into German American Bancorp, Inc. The Plan is expected to continue operating until December 31, 2016 at which time it is expected to be terminated. At termination, the assets of the Plan are expected to be transferred into the German American Bancorp, Inc. 401(k) Savings Plan.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, which eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured using net asset value ("NAV") per share as a practical expedient. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan adopted ASU 2015-07 for the plan year ended December 31, 2015 and applied it retrospectively to 2014, and the fair value measurements disclosures (Note 3) have been modified accordingly as of December 31, 2015 and 2014.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965)*. The amendments in Part I of ASU 2015-12 eliminate the requirements that employee benefit plans measure the fair value of fully benefit-responsive investment contracts and provide the related fair value disclosures, including a reconciliation of contract value to fair value when the measures differ. Instead, these contracts are to be measured, presented and disclosed only at contract value. The amendments in Part II of ASU 2015-12 require plans to disaggregate investments measured using fair value only by general type, as opposed to further disaggregating the investment information by nature, characteristics and risks. Part II also eliminated the requirement to disclose the net appreciation or depreciation in fair value of investments by general type and the requirement to disclose individual investments that represent five percent or more of net assets available for benefits. The amendments in Part III of ASU 2015-12 provide a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date closest to the plan's fiscal year-end, when the fiscal year-end does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan adopted the relevant portions of ASU 2015-12 for the plan year ended December 31, 2015 and applied them retrospectively to 2014, resulting in the removal of certain disclosures presented for 2014 that are no longer required.

(3) FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices, unadjusted, for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observed for the asset or liability; or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities include financial instruments whose value is determined using discounted cash flow methodologies, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following table presents the balances of the Plan's investments within the fair value hierarchy measured at fair value as of December 31, 2015 and 2014:

	Level 1	Level 2	Level 3	Total
December 31, 2015:				
Mutual funds	$ 5,096,902	$ -	$ -	$ 5,096,902

	Level 1	Level 2	Level 3	Total
December 31, 2014:				
Mutual funds	$ 4,875,240	$ -	$ -	$ 4,875,240

Fair value is based upon quoted market prices, where available (Level 1). If quoted market prices are not available, fair value is obtained from third parties that primarily use, as inputs, observable market-based parameters or a matrix pricing model (Level 2). Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

(3 - continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation techniques and related inputs used for assets measured at fair value at December 31, 2015 and 2014.

Mutual Funds

The fair value of mutual funds is based on the quoted NAV of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the United States Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The fair value methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2015 and 2014, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

(4) RELATED PARTY TRANSACTIONS

Certain Plan investments are interests in mutual funds managed by The Vanguard Group, Inc. ("Vanguard"). Vanguard is the recordkeeper and investment manager for the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Administrative fees paid by the Plan to Vanguard were $2,151 and $2,784 for the years ended December 31, 2015 and 2014, respectively.

(5) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

(6) TAX STATUS

The Plan is based on a non-standardized prototype plan which has received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the IRC. The plan sponsor has not separately applied for a determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has implemented the accounting guidance for uncertainty in income taxes under the provisions of FASB ASC Topic 740, Income Taxes. Under that guidance, tax positions are recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities. As of December 31, 2015, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is not currently being examined and the Plan's management believes its tax-exempt status would be upheld under examination. Plan management believes that the Plan is no longer subject to income tax examinations for years prior to 2012.

(7) RISKS AND UNCERTAINTIES

The Plan invests in mutual funds that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2015 and 2014, and for the years then ended, included in the Plan's financial statements and supplemental schedule, which was prepared by or derived from information prepared by the trustee and furnished to the Plan's management. The Plan's administrator has obtained certifications from the trustee that such information is complete and accurate.
