INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of and Participants in
PPG Industries, Inc. Defined Contribution Retirement Plan for Employees Covered by Collective
Bargaining Agreements:

We have audited the financial statements of PPG Industries, Inc. Defined Contribution Retirement Plan for Employees Covered by Collective Bargaining Agreements (Plan), which comprise the statements of net assets available for benefits as of January 1, 2016, December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the one-day period ended January 1, 2016 and the years ended December 31, 2015 and 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

AS OF AND FOR THE ONE-DAY PERIOD ENDED JANUARY 1, 2016 AND THE YEARS ENDED DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF THE PLAN

The PPG Industries, Inc. Defined Contribution Retirement Plan for Employees Covered by Collective Bargaining Agreements (the "Plan") is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established in 2006 for employees covered by certain bargaining agreements. Eligible participants include employees of PPG Industries, Inc. (the "Company" or "PPG"). The named fiduciary for the operation and administration of the Plan (the "Plan Administrator") is the PPG Global Director, Compensation and Benefits. The named fiduciary with respect to control and management of the assets of the Plan is the PPG Executive Committee and the PPG Benefits Investment Committee. Their responsibilities include, but are not limited to, approval of trustees, investment options, and investment managers and establishing performance benchmarks. The Employee Benefits Committee of PPG has responsibility for establishing, maintaining and amending the Plan. The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan. The Plan document is available from the Plan Administrator.

Plan Termination — In 2015, the Company approved a plan of merger and termination that resulted in this Plan terminating effective December 31, 2015 and merging with the PPG Industries Employee Savings Plan. Employees who were previously eligible and participating in this Plan had their participant account balances transferred to the PPG Industries Employee Savings Plan as part of the merger on January 1, 2016.

Administrative Expenses — The Plan pays all reasonable and necessary costs to manage and operate the Plan as determined by the Plan Administrator. These expenses, including recordkeeping fees, administrative charges, professional costs and trustee fees, are paid from the assets of the PPG Industries Master Trust (the "Master Trust"). The Plan Administrator has adopted uniform and nondiscriminatory procedures to allocate these expenses to participant accounts.

Trustee of the Plan Assets — Fidelity Management Trust Company ("FMTTC") was the trustee for all of the Plan assets as of December 31, 2015 and 2014. The Plan ceased participation in the Master Trust on January 1, 2016.

Eligibility to Participate in the Plan — The Plan document describes eligibility requirements under Appendices 1 through 10. The following is a description of the eligibility requirements.

The individuals eligible to participate under the requirements of Appendix 1 are employees covered by the collective bargaining agreement between PPG and the General Drivers, Warehouseman, and Helpers, Local Union No. 89, Affiliated with the International Brotherhood of Teamsters who are hired or rehired on or after October 8, 2006.

The individuals eligible to participate under the requirements of Appendix 3 are (1) employees covered by the collective bargaining agreement between PPG and the Local Union No. 579 Brotherhood of Painters and Allied Trades, AFL-CIO who are hired or rehired on or after October 22, 2007 and (2) effective January 1, 2016, all employees covered by the collective bargaining agreement between PPG and the Local Union No. 579 Brotherhood of Painters and Allied Trades AFL-CIO, regardless of hire date.

The individuals eligible to participate under the requirements of Appendix 4 are (1) employees covered by the collective bargaining agreement between PPG and the Local Union No. 1 of the Allied Chemicals and Alkali Workers of America Brotherhood of Painters and Allied Trades, AFL-CIO who are hired or rehired on or after March 3, 2008 and (2) effective January 1, 2012, employees who were eligible to participate in Appendix 1 of the RPP whose accrued benefits under the RPP were frozen as of December 31, 2011.

The individuals eligible to participate under the requirements of Appendix 5 are (1) employees covered by the collective bargaining agreement between PPG and the Local Union No. 776C, International Chemical Workers Union Council who are hired or rehired on or after July 20, 2009 and (2) effective January 1, 2013, employees who were eligible to participate in Appendix 2 of the RPP whose accrued benefits under the RPP were frozen as of December 31, 2012.

The individuals eligible to participate under Appendix 6 are (1) employees covered by the collective bargaining agreement between PPG and the Local Union No. 112-G, United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial Service Workers International Union, AFL-CIO, CLC who are hired or rehired on or after June 30, 2008 and (2) effective January 1, 2012, employees who were eligible to participate in Appendix 22 of the RPP whose accrued benefits under the RPP were frozen as of December 31, 2011.

The individuals eligible to participate under Appendix 7 are employees covered by the collective bargaining agreement between PPG and Local No. 45C International Chemical Workers Union Council who are hired, rehired or transferred on or after August 19, 2010.

The individuals eligible to participate under Appendix 9 are employees covered by the collective bargaining agreement between PPG and Local Union 193G, United Steel Paper, and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union who are hired, after June 16, 2009, or were on layoff as of June 15, 2009 and called back from layoff on or after June 16, 2009 and employed in a Level IV or higher occupation.

The individuals eligible to participate under Appendix 10 are employees covered by the collective bargaining agreement between PPG and the International Union, United Automobile, Aerospace, and Agriculture Implement Workers of America and its Local Union No. 1588 who are hired, rehired or transferred on or after February 2, 2014.

As part of the completed separation and merger transaction of the commodity chemicals business on January 28, 2013, the Company remeasured the RPP and reorganized the Plan as of that date into multiple plans. As a result of the reorganization, participants who previously accrued benefits under the RPP were transferred to either one of the newly created plans, the PPG Industries, Inc. Retirement Plan C, Plan D or Plan F, or to the PPG Industries, Inc. Retirement Plan A, which prior to the reorganization was known as the PPG Industries Retirement Income Plan.

Effective January 1, 2015, employees at the Reading, RI facility and that are covered by the collective bargaining agreement between PPG and the International Union of the Painters and Allied Trades AFL-CIO, District Council 21, Local No. 1269 and employees at the Chicago, IL facility, that are covered by the collective bargaining agreement between PPG and International Association of Machinists, AFL-CLO, District 15, Local 447 became eligible to participate in the Plan.

Contributions — Contributions under the Plan are made by the Company. The amount of the contribution ranges from 2% to 5% of the participant's eligible Plan compensation, depending on the participant's points as calculated as of the end of the Plan Year. Points are the quotient obtained by dividing the sum of the participant's age as of the last day of the Plan Year (measured in months) and months of benefit service as of the last day of the Plan Year and dividing by 12. Contributions are made to participant accounts monthly, typically on the last business day of the month.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the Company's contribution and allocations of fund earnings and charged with an allocation of fund losses and administrative expenses. Company contributions are deposited into the participant's account based upon the participant's investment election.

Vesting — Company contributions and their related earnings are 100% vested upon the occurrence of one of the following events: a participant completes three years of vesting service, an active participant dies or is approved for PPG-sponsored long-term disability payments, or the participant retires and/or separates from service and is within 10 years of normal Social Security benefits. Amounts allocated to participants that are not 100% vested shall become forfeitable as soon as administratively possible upon termination of employment by the participant, except as listed above.

Forfeited nonvested account balances are used to pay Plan expenses or to reduce Company contributions. At December 31, 2015 and 2014, the forfeiture account balance was approximately \$370 and \$14,000, respectively. Forfeited nonvested accounts in the amount of approximately \$28,000 and \$15,000 were used to reduce the Company's contributions for Plan years 2015 and 2014, respectively.

Payment of Benefits — Upon termination from service as a result of a voluntary or involuntary separation, retirement, or being approved for a Company-sponsored long-term disability program, a participant may elect how to receive payment of his or her account among several options, including a total distribution, a partial lump-sum distribution, or recurring payments. The benefit to which a participant is entitled is the participant's vested account balance. Participants who separate from service with a vested balance between \$1,000 and \$5,000 will have their vested account balance rolled over into an individual retirement account, unless they make a different decision within 90 days of their separation from service. Those participants with vested balances of less than \$1,000 will receive a taxable cash distribution, unless they make a different decision within 90 days of their separation from service.

Payments to designated beneficiaries upon the death of the participant are made as a lump-sum distribution as soon as administratively possible from the date such payments are requested by the designated beneficiary(ies).

Transfers — In 2016, transfers of \$1,634,953 were made from this Plan to the PPG Industries Employee Savings Plan.

In 2015 and 2014, net transfers of \$22,216 and \$10,987, respectively, were made to the PPG Industries, Inc. Defined Contribution Retirement Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND RELATED MATTERS

Basis of Accounting — The financial statements of the Plan are prepared on the accrual basis of accounting.

On April 16, 2015, the PPG Board of Directors approved a 2-for-1 split of PPG's common stock for all shareholders. On June 12, 2015, following payment of the quarterly per-share dividend, each shareholder received a stock dividend of one additional share of common stock for each share held. To reflect the split in the PPG Stock Fund, on June 12, 2015, the equivalent shares of PPG stock were also increased for a 2-for-1 basis. PPG common stock began trading on a split-adjusted basis on June 15, 2015.

Payment of Benefits — Benefits are recorded when paid.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties — The Plan invests in various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could be material in relation to the amounts reported in the financial statements.

Master Trust — The Master Trust was established pursuant to a trust agreement between PPG and FMTC in order to permit the commingling of trust assets in multiple PPG-sponsored employee benefit plans for investment and administrative purposes.

Investment Valuation and Income Recognition — Investments are stated at fair value. See Note 4 for further information pertaining to fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends on the PPG Industries, Inc., common stock are recorded as investment income on the ex-dividend date.

Recent Accounting Pronouncements — In May 2015, the Financial Accounting Standards Board (FASB) issued accounting standards update (ASU) 2015-07-Fair Value Measurement (Topic 820). This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at net asset value per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. This ASU is effective for nonpublic entities for fiscal years beginning after December 15, 2016 and interim periods within those fiscal years. A reporting entity should apply the amendments retrospectively to all periods presented. Early application is permitted. PPG elected to early-adopt this ASU and retroactively recast all periods presented. Adoption of this ASU did not have a material impact on the financial position and results of operations of the Plan.

In July 2015, the FASB issued ASU 2015-12 Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. This ASU reduces the complexity in employee benefit plan reporting. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Currently, fully benefit-responsive investment contracts are required to be measured at contract value with a reconciliation of contract value to fair value, when these measures differ, on the face of the plan financial statements. Part II eliminates the requirement to disclose individual investments representing 5% or more of net assets available for benefits for both participant-directed investments and nonparticipant-directed investments. Additionally, net appreciation or depreciation in investments for the period is no longer required to be disaggregated and disclosed by general type, however, should still be presented in the aggregate. Part II also requires that investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. This ASU is effective for nonpublic entities for fiscal years beginning after December 15, 2015. A reporting entity should apply the amendments to Parts I and II retrospectively to all periods presented, while Part III should be applied prospectively. Early application is permitted. PPG elected to early-adopt this ASU and retroactively recast all periods presented. Adoption of this ASU did not have a material impact on the financial position and results of operations of the Plan.

3. PPG INDUSTRIES MASTER TRUST

The Master Trust assets are held by FMTC. Each participating employee benefit plan is entitled to an allocable share of the net assets and changes therein of each of the Master Trust investment options in which the respective plan participates. The Plan's assets are included in the Master Trust together with other PPG-sponsored plans.

The net investment income of the commingled Master Trust investment funds is allocated by the trustee to each participating plan based on that plan's interest in each commingled Master Trust investment fund, as compared with the total interest of all the participating plans in each commingled Master Trust investment fund at the beginning of the month.

The Plan had no interest in the Master Trust as of January 1, 2016. As of December 31, 2015 and 2014, the Plan had approximately a 0.05% and 0.03%, respectively, interest in the Master Trust. The net assets available for benefits of the Master Trust are summarized as follows:

	2015	2014
Investments at fair value:		
PPG Industries Inc. common stock	\$951,378,976	\$1,148,460,916

The net change in value of investments of the Master Trust for the years ended December 31, is summarized as follows:

	2015	2014
Net (depreciation) appreciation in fair value of investments	\$(177,725,571)	\$320,654,220

Total net (loss) income from investments	<u>\$(130,935,784)</u>	<u>\$369,991,432</u>

4. FAIR VALUE MEASUREMENT

Accounting guidance on fair value measurements establishes a hierarchy of inputs employed to determine fair value measurements, which has three levels.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets and liabilities. Level 1 inputs are considered to be the most reliable evidence of fair value, as they are based on unadjusted quoted market prices from various financial information service providers and securities exchanges.

Level 2 inputs are directly or indirectly observable prices that are not quoted on active exchanges, which include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs are unobservable inputs employed for measuring the fair value of assets or liabilities.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques might require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. PPG evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no transfers between levels.

The financial assets that are reported at fair value on a recurring basis as of December 31, 2015, were as follows:

	Level 1	Level 2	Level 3	Total
Master Trust assets:				
PPG Industries Inc.				
common stock	\$951,378,976	-	-	\$951,378,976
Mutual funds	523,644,177	-	-	523,644,177
Money market funds	<u>8,183,699</u>	<u>-</u>	<u>-</u>	<u>8,183,699</u>

Investments at fair value	<u>\$1,483,206,852</u>	<u>-</u>	<u>-</u>	<u>\$2,715,820,973</u>

(a) Certain investments that are measured at net asset value per share (or its equivalent) are not required to be classified in the fair value hierarchy.

The financial assets that are reported at fair value on a recurring basis as of December 31, 2014, were as follows:

	Level 1	Level 2	Level 3	Total
Master Trust assets:				
PPG Industries Inc.				
common stock	\$1,148,460,916	-	-	\$1,148,460,916

Investments at fair value	<u>\$1,673,685,179</u>	<u>-</u>	<u>-</u>	<u>\$2,917,319,842</u>

(a) Certain investments that are measured at net asset value per share (or its equivalent) are not required to be classified in the fair value hierarchy.

Common Collective Trusts

The investment in Common Collective Trusts is comprised of investments in the BlackRock Institutional Trust Company ("BlackRock") S&P 500 Index Fund, the Mellon Capital Management Company ("Mellon") International Equity Fund, BlackRock LifePath Portfolio Funds, the Mellon Bond Index Fund and the BlackRock U.S. Treasury Inflation Protected Securities (TIPS) Index Fund. The BlackRock S&P 500 Index Fund's objective is to provide a total return that closely corresponds to the investment performance of the S&P 500 with dividends reinvested. The BlackRock S&P 500 Fund is invested in the Equity Index Fund T, which is not a mutual fund and is only available to qualified institutional investors. The Mellon International Equity Fund is a pooled separate account consisting of institutionally managed commingled pools. Mellon's international fund is invested in the Mellon EB Daily Liquidity ACWI ex-U.S. Fund and is available only to qualified institutional investors. The objective of the BlackRock LifePath Portfolio Funds is to maximize total return while maintaining an investment mix of stocks and fixed income instruments relative to a participant's retirement time frame. The Mellon Bond Index Fund's objective is to provide a total return that closely corresponds to the investment performance of the Index. The BlackRock U.S. TIPS Index Fund's objective is to provide a total return that seeks to match the investment performance of the TIPS index. This commingled pool is not a mutual fund and is only available to qualified institutional investors. The fair value of the common collective trust is based upon the net asset value of the underlying investments held by each of the funds. These investments are valued at their respective net asset value per share or unit on the valuation date.

5. STABLE VALUE FUND

The objective of the Stable Value Fund is to preserve the invested principal and accumulated interest, while earning a competitive level of income over time. The Stable Value Fund is a separate account managed by FMTC. The Stable Value Fund is fully benefit-responsive and consists of synthetic guaranteed investment accounts.

The Stable Value Fund invests in a diversified portfolio of short-term bonds and other fixed-income securities, such as U.S. Treasury bonds, government agency securities, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, and asset-backed securities. The Stable Value Fund also invests in money market funds to provide daily liquidity and purchases third-party wrap contracts that are designed to permit the fund to use contract (book) value accounting to provide for the payment of participant directed withdrawals and exchanges at contract (book) value under most circumstances. Interest is credited to the Stable Value Fund under the wrap contracts. There is no immediate recognition of gains and losses on the fixed-income securities. Instead, gains or losses are recognized over time by adjusting the interest rate credited to the Stable Value Fund.

The wrap contracts have been issued by State Street Bank and Trust, J.P. Morgan Chase, Prudential Insurance Company of America, American General Life and Bank of Tokyo - Mitsubishi. The S&P credit rating at December 31, 2015 of the issuing financial institutions is AA-, A+, AA-, A+ and A+, respectively. The S&P credit rating at December 31, 2014 of the issuing financial institutions is AA-, A+, AA-, A+ and A+, respectively. The underlying investments of the Stable Value Fund are stated at contract value.

The third-party wrap contracts provide that participant fund transactions are executed at contract value. Contract value represents contributions made to the fund, plus net investment income, less participant withdrawals. The interest crediting rates are reset quarterly based upon market rates of similar investments, the current yield of the underlying investments, and the spread between market value and contract value, but the rate cannot be less than -0-%.

Certain events, such as a Plan termination or Plan merger initiated by the Plan Administrator, may limit the ability of the Plan to transact at contract value or may allow for the termination of the wrap contract at less than contract value. The Plan Administrator does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

FMTC manages the Stable Value Fund. Transactions in the Stable Value Fund qualify as exempt party-in-interest transactions.

The Master Trust holds common shares of PPG, the Plan Sponsor, and these qualify as party-in-interest transactions.

7. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan sponsor by a letter dated May 15, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan, prior to its termination, was designed, and was being operated in compliance with the applicable requirements of the IRC, and has no income subject to unrelated business income tax.

Participants in the Plan are not liable for federal income tax on amounts allocated to their accounts resulting from employer contributions or investment income until such time as a withdrawal is requested.

GAAP requires the Plan to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of January 1, 2016, December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Company pays for interest and penalties related to uncertain tax positions, if incurred. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2012.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, and the net increase in net assets per the financial statements to the net income per the Form 5500 for the years ended December 31 is as follows:
