REPORT OF INDEPENDENT AUDITORS

To the Trustees and Plan Administrator of
the Omnitex Corporation Profit Sharing 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Omnitex Corporation Profit Sharing 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2015 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 197 4 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan. Their report, dated October 24, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Omnitex Corporation Profit Sharing 401(k) Plan
Notes to Financial Statements
December 31, 2015

1. SIGNIFICANT ACCOUNTING POLICIES

The following is a description of significant accounting policies followed by the Omnitex Corporation Profit Sharing 401(k) Plan ("the Plan") in the preparation of its financial statements:

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Basis of Comparison

Certain prior-year amounts have been reclassified to conform with the current-year presentation.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

Most expenses incurred by the Plan are paid by the Company. The Plan incurred $3,092 in administrative fees in 2015.

Refundable Contributions
Amounts payable to participants totaling $5,690 as of December 31, 2015 for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as refundable contributions, with a corresponding reduction to contributions from participants. The Plan distributed the 2015 excess contributions prior to March 15, 2016.

Recent Accounting Pronouncements
In July 2015, the Financial Accounting Standards Board ("FASB") issued guidance intended to reduce complexity in employee benefit plan financial reporting and disclosure requirements. Upon adoption of the new standard, plans are no longer required to measure fully benefit-responsive investment contracts at fair value, disaggregate investments by nature, risks and characteristics, disclose individual investments that represent five percent or more of net assets available for benefits or disclose net appreciation or depreciation for investments by general type. The guidance is effective for the Plan on January 1, 2016; earlier application is permitted. The Plan adopted the guidance for the year beginning January 1, 2015.

In May 2015, the FASB issued guidance removing the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The guidance is effective for the Plan on January 1, 2017; earlier application is permitted. The Plan adopted the guidance for the year beginning January 1, 2015, as this accounting principle is preferred as it eliminates subjective classifications within the fair value hierarchy. The adoption of this standard did not impact the Plan's Statement of Net Assets Available for Benefits or Statement of Changes in Net Assets Available for Benefits. The investments in the pooled separate accounts were removed from the fair value hierarchy in Note 8 and presented separately in the table.

Date of Management's Review
The Plan has evaluated subsequent events through August 2, 2016, the date the financial statements were available to be issued.

2. DESCRIPTION OF PLAN

The following brief description of the Omnitex Corporation Profit Sharing 401(k) Plan (“the Plan”) is provided for general information purposes only. The Plan is sponsored by Omnitex Corporation (the “Plan Sponsor” or “Company”). Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan which provides for profit-sharing and other incidental benefits for eligible employees of Omnitex Corporation, A.H.I. Supply, LLC and Ameristeel Constructors, LLC who have completed one (1) year of service and attained the age of twenty-one (21) years. An employee's entry date is the first day of the quarter coinciding with or next following date eligibility requirements are met. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC") and subsequent related amendments and revisions. The Company is the designated administrator of the Plan and Great-West Life & Annuity Insurance Company is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer Safe Harbor and non-elective profit sharing contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Contributions

Participants may elect to defer a percentage or dollar amount of their salary at each pay period up to the maximum amount allowed for deferral under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a separate deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation. Participants may defer up to 100% of any bonuses paid during the year.

The Company may make non-elective profit sharing contributions in amounts determined by the Company. Profit sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. Eligible participants who are employed on the last day of the Plan year share in any discretionary profit sharing contributions. No non-elective profit sharing contributions were made for 2015.

ERISA and the IRC provide that plans such as Omnitex Corporation Profit Sharing 401(k) Plan cannot discriminate in favor of highly compensated individuals. To comply with these laws, certain highly compensated individuals may receive funds in the year that contributions were made in excess of the IRC Section 401(k) limit and all earnings attributable to such contributions. At December 31, 2015, there were $5,690 corrective distributions payable to participants.

Rollovers

Rollovers represent funds transferred to the Plan from other qualified plans. Participants may roll over certain qualifying funds into the Plan in accordance with the Plan document.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of pooled separate accounts and a group annuity contract. Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are fully vested in their voluntary contributions and safe harbor contributions plus actual earnings (losses) thereon. Vesting in the Company's non-elective profit sharing contributions and earnings thereon is based on years of continuous service. A year of service is defined as 1,000 hours of service during any plan year. Additionally, a participant will become fully vested in the Company's contributions account upon reaching normal retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company non-elective profit sharing contributions and earnings is determined as follows:

Years of Service for Vesting	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less. The maximum of $50,000 is reduced by the highest outstanding loan balance the participant had under the Plan during the previous twelve-month period. No more than three (3) loans can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% which was consistent with local prevailing rates at the time the loans were initiated as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years, unless the loan is used to purchase a primary residence, for which loan terms may range up to fifteen (15) years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a single lump-sum distribution equal to the value of the participant's vested account balance, a direct rollover distribution to another plan which qualifies under section 401(a) of the IRC, installment payments or and ad-hoc distribution of some or all of the participant's account balance. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Custodian that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need. In accordance with Internal Revenue Service ("IRS") regulations, participants must exhaust all other assets reasonably available to them prior to obtaining a hardship withdrawal. Participant's deferral contributions to the Plan will be suspended for six (6) months after the receipt of the hardship distribution.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay administrative expenses or reduce employer contributions to the Plan. Forfeited non-vested accounts amounted to $0 and $137 at December 31, 2015 and 2014, respectively.

3. INCOME TAX STATUS

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

4. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The pooled separate accounts, insurance company general account amounts, and participant loan amounts included in the accompanying 2015 and 2014 Statements of Net Assets Available for Benefits and the earnings from these investments included in the Statement of Changes in Net Assets Available for Benefits have been certified as complete and accurate by Great-West Life & Annuity Insurance Company ("GWLA"), Greenwood Village, Colorado. In addition, the information contained in the Schedule of Assets (Held at End of Year) has also been certified as complete and accurate by GWLA.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a group annuity issued and managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company has been designated as the custodian as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by Great-West Life and Annuity Insurance Company qualifies as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

7. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in pooled separate accounts and a group annuity contract. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value, except for the insurance company general account, which is reported at contract value, in the accompanying financial statements. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date; Level 2 inputs consist of inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs consist of unobservable inputs for the asset or liability. Level 1 is given the highest priority while Level 3 is given the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Pooled separate accounts: Recorded at the net asset value ("NAV") reported by the trustee as a practical expedient to estimating fair value, as these instruments do not have readily determinable fair market values. Due to the nature of the investments held by the pooled separate accounts, changes in market condition and economic environment may significantly impact the net asset value of the pooled separate accounts and, consequently, the fair value of the fund's interest in the funds. The fair value of these investments has been measured using the net asset values per share of the Plan's ownership interest in the pooled separate accounts or an equivalent measure, where it is not probable that the fund will sell a pooled separate account at a price other than NAV. There are no pooled separate accounts with redemption restrictions or unfunded commitments as of December 31, 2015 or 2014.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015:

	(in $)			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	**0**	**0**	**0**	**0**
Investments measured at net asset value (1)				**1,927,126**
Investments at fair value				**1,927,126**

Assets at Fair Value as of December 31, 2014:

	(in $)			
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy	0	0	0	0
Investments measured at net asset value (1)				1,942,281
Investments at fair value				1,942,281

(1) Investments in the pooled separate accounts that are measured at net asset value per share equivalent are not classified in the fair value hierarchy. The fair value amounts presented are intended to reconcile the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

9. INVESTMENTS IN GROUP ANNUITY CONTRACT

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West") that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The contract is included in the financial statements at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2015 and 2014 was $55,465 and $46,244, respectively. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2015	2014
Average yields		
Based on actual earnings	1.20%	1.25%
Based on interest rate credited to participants	1.20%	1.25%

10. RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2015 and 2014:

		2015		2014
Net assets available for benefits per the financial statements	**$**	**2,074,019**	$	2,112,910
Participant contributions receivable		**(1,721)**		(4,995)
Other employer contribution receivable		**0**		(37,180)
Refundable contributions		**5,690**		-
Net assets available for benefits per Schedule H of form 5500	**$**	**2,077,988**	$	2,070,735

The following is a reconciliation of the net change in net assets available for benefits as reported in the financial statements to the net changes as reported on Schedule H of the Form 5500 as of December 31, 2015 and 2014:

		2015		2014
Net decrease in net assets available per the financial statements	**$**	**(38,891)**	$	121,973
Participant contributions receivable		**3,274**		(4,995)
Other employer contributions receivable		**37,180**		(37,180)
Refundable contributions		**5,690**		0
Net increase in net assets available per Schedule H of Form 5500	**$**	**7,253**	$	79,798

11. QUALIFIED NONELECTIVE CONTRIBUTIONS ("QNEC")

During 2014, it was discovered that certain of the Plan's provisions were not properly applied in the daily operation of the Plan. The definition of compensation for participant contributions as per the Plan document was not properly applied to certain types of compensation when calculating contribution amounts. As a result of this operational error, certain participants were not given the opportunity to contribute their entire elected amounts between plan years 2008 and 2014. The plan sponsor determined that the total qualified non-elective contributions including required earnings adjustment due to participants was $37,180 and is reflected as Other employer contributions receivable in the Statement of Net Assets Available for Benefits as of December 31, 2014. The Company took the appropriate correction action under the IRS' Employee Plans Compliance Resolution System.
