NOTE 1 - DESCRIPTION OF PLAN

The following description of the National Construction Rentals, Inc. (the "Company" or "Employer") 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of the Company. There is no age or service requirement for participation in the Plan; however, to participate in employer discretionary contributions, participants must be employed as of December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan entry dates are the first days of January, April, July and October. The Board of Trustees is responsible for oversight of the Plan.

Plan Restatement and Amendment
The Plan was amended and restated during 2014. The amendment related to restricting outstanding loans of a participant to one. Effective January 1, 2014, employee initiated loans require repayment of all existing loans prior to issuance.

The restated Plan conforms to a Volume Submitter Plan (VSP). The VSP has received a favorable determination letter from the Internal Revenue Service, and such letter may constitute reliance for an employer adopting the approved Plan.

Contributions
Participant contributions are made on a voluntary basis at the discretion of the participant, not to exceed 100% of the participant's gross compensation as defined as W-2 earnings received during the year. Rollover contributions from other plans are allowed.

The Company may make matching contributions to the Plan equal to such amounts as the employer shall determine for every dollar of elective yearly plan deferrals. No employer contributions were made for the periods ended December 31, 2015 and 2014.

Participant Accounts and Forfeitures
Each participant's account is credited with the participant's contribution, and allocations of the Employer's contribution and Plan earnings. Forfeitures of terminated participants' non-vested amounts, are used to offset future employer contributions allocated to participant accounts. Amounts of forfeitures available to offset future employer contributions were zero for both of the periods ended December 31, 2015 and 2014. Participants terminated before the end of the Plan year do not share in Employer contributions and forfeitures for such year.

Classification
Certain prior year amounts may be reclassified for purposes of comparison with the December 31, 2015 presentations.

Subsequent Events
The Plan has evaluated subsequent events through May 28, 2016, the date the financial statements were available to be issued and determined no events warranted disclosure.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Termination
The Employer expects the Plan to continue, but reserves the right to discontinue its participation in the Plan subject to the provisions of ERISA. In the event the Plan terminates, all participants will become fully vested.

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officers or employees received compensation from the Plan. Administrative expenses are paid directly by the Plan and include the fees of consultants and advisors.

Participant Loans (Notes receivable - participants)
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance with terms not to exceed 5 years, except for loans that are for the purchase of the participant's principal residence. Effective January 1, 2014, participants are allowed only one loan at a time, therefore all existing loans are required to be paid in full prior to issuance of a new loan.

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued, unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced and a benefit payment is recorded.

Loans outstanding for the Plan periods ended December 31, 2015 and 2014 were $522,435 and $510,253, respectively, bearing interest at rates between 3.25% and 10.25%.

Retirement and Death Benefits
The value of a participant's account becomes fully vested and can be distributed upon the latter of the participant's 65th birthday or fifth year of participation. However, if a participant continues in the employment of the Company after reaching age 65, payment of benefits shall be postponed until his or her actual retirement.

The participants or designated beneficiaries shall be entitled, at their choice, to payment by either:

1) A lump sum;
2) A nontransferable joint and 100% survivor annuity contract, or, if not married, a single life annuity;
3) Installments over a period of time.

Death benefits, early retirement, disability benefits, and benefits due upon termination are paid to Plan participants or their beneficiaries in the same manner as normal retirement benefits as soon as possible after the occurrence of the event.

Disability Benefits
In the event a participant becomes totally and permanently disabled, the value of the participant's account becomes fully vested.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. A participant becomes vested in the Employer's contributions in accordance with the following schedule:

Years of Service	*Vested Percentage*
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more years	100%

Years of service include all years the participant has worked for the Employer, regardless of the participant's date of enrollment in the Plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Plan's investments in a common collective trust fund, Wells Fargo Stable Value Fund, are based upon the value of the underlying assets in the funds held by the Plan. The Wells Fargo Stable Value Fund invests in fully benefit-responsive investment contracts. These contracts are recorded at fair value; however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statement of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amounts participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual result could differ from those estimates.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan utilizes various investments instruments. Investment securities, in general, are subject to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

Evaluation of Tax Position

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that as of December 31, 2015 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan may be subject to routine audits by the taxing jurisdictions. Currently, there are no audits in progress and the Plan Administrator believes the Plan is no longer subject to examinations for tax years prior to 2012.

NOTE 3 - INVESTMENTS

The Plan's investments are held in a trust fund. Investments that represent 5 percent or more of the Plan's net assets are separately identified as follows:

Year ended December 31	*2015*	*2014*
Investments at fair value as determined by quoted market price:		
Wells Value Stable Value Fund	$ 1,183,002	$ 1,313,022
Harbor Capital Appreciation Fund	1,109,599	998,928
Columbia Large Cap Index Fund	1,307,639	1,335,263
Fidelity Advisor Freedom 2030 Fund	861,513	832,716
Fidelity Advisor Freedom 2040 Fund	497,797	581,961
Metropolitan West Total Return Bond Fund	754,533	721,908
AF Europac Growth Fund	456,336	477,161
American Century Midcap Value	445,225	431,773

During the years ended December 31, 2015 and December 31, 2014, the Plan's investments(including gains and losses on investments bought and sold as well as held during the year) had net gains (losses) in value of $(341,278) and $148,123, respectively.

Average yield on fully benefit-responsive contracts for the year ended December 31, 2015 (Wells Fargo Stable Fund M) was .98%., which is the rate that was credited to participants.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities(Level 1 measurements) and the lowest priority to unobservable inputs(Level 3 measurements).

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical of similar assets in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified(contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds *(Level 1)*- Valued at the daily closing price as reported by the fund. Mutual Funds held by the plan are open-end mutual funds that are registered with the Security and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds *(Level 2)* - Valued at the net asset value of such fund, after adjustment to reflect all fund investments at fair value as reported in the audited financial statements. The fund invests primarily in stable value funds, specifically traditional, separate account, and guaranteed investment contracts(GICs). The fair value of GICs is determined based on the present value of the contract's expected cash flow, discounted by market interest rates for like-duration and like-quality investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS(Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at December 31, 2015 and 2014:

NOTE 5 - FINANCIAL INFORMATION PREPARED AND CERTIFIED BY TRUSTEE(UNAUDITED)

The following information included in the financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee, Fidelity Management Trust Company. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income & Security Act of 1974, auditing procedures were not performed with respect to these assets and the related income, gains and losses:

Investments, at fair value:	2015	2014
Mutual funds	$ 7,641,183	$ 7,491,079
Common collective trusts	1,188,917	1,331,404
Net investment income	91,596	557,538

NOTE 6 - EXCESS CONTRIBUTIONS PAYABLE

The Plan contains a restriction which requires that the actual deferral percentage (ADP) for participants who are highly compensated employees (HCEs) for each plan year not exceed the ADP for participants who are non-highly compensated employees by a percentage determined under IRC Sections 401(k) and 401(m). Excess contributions totaling $31,231 and $ 56,402, respectively, were refunded to HCEs during December 31, 2015 and 2014.

NOTE 7 - EMPLOYER CONTRIBUTIONS

The Employer made no contributions to the Plan for the years ended December 31, 2015 and 2014.

NOTE 8 - INCOME TAX STATUS

During 2014, the Internal Revenue Service issued a favorable determination letter stating that the Plan's document is designed in accordance with the applicable sections of the Code. Accordingly, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements as the Plan is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability(or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require the recognition of a liability(or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RELATED PARTY/PARTY-IN-INTEREST

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the third party administrator for $14,106 and $13,806 for the years ended December 31, 2015 and 2014 which was not covered by revenue sharing.

NOTE 10 - RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500
