Independent Auditors' Report

To the Plan Administrator of and Participants in the
Shaw Industries Group, Inc. Retirement Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Shaw Industries Group, Inc. Retirement Savings Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Delaware Charter Guarantee & Trust Company (doing business as Principal Trust Company), the trustee of the Plan and Prudential Insurance Company of America, custodian of the Shaw Stable Value Fund, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustee and custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note B to the financial statements, the Plan adopted new accounting guidance related to the investments. Prior year disclosures have been revised to reflect the retrospective application of adopting these changes in accounting.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosures under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Shaw Industries Group, Inc. Retirement Savings Plan

Notes to Financial Statements

A. DESCRIPTION OF THE PLAN

The following description of the Shaw Industries Group, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General. The Plan was adopted by the board of directors of Shaw Industries Group, Inc. (the "Plan Sponsor" or the "Company") effective April 1, 1986. The Plan was formed under Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC") as a defined contribution, tax-exempt profit-sharing/savings plan. All employees of the Company, with the exception of leased employees, nonresident aliens and employees covered under a collective bargaining agreement are eligible to participate in the Plan. Eligible employees may elect to make tax-deferred contributions to the Plan and the Company matches these employee contributions on a percentage basis. Employees become eligible to participate in the Plan after three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Delaware Charter Guarantee & Trust Company, doing business as Principal Trust Company ("Principal"), is the trustee and Principal Life Insurance Company Retirement Plan Processing Services is the recordkeeper for the Plan. Prudential Insurance Company of America ("Prudential") is the custodian and investment manager for the Shaw Stable Value Fund (the "Stable Value Fund").

Contributions. Under the terms of the Plan, a participant may defer up to 25% of his or her annual salary, subject to certain IRC limits on pretax deferrals. The Company match is equal to 50% of the employee contribution not to exceed 6% of employee's annual compensation earned. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Any eligible employee hired, other than a former employee rehired by the Company, who has completed the eligibility requirements of the Plan and who fails to make an affirmative election whether to participate in the Plan will be automatically enrolled in the Plan and an election of 6% of the employee's annual compensation will be contributed to the Plan.

Participant Accounts. Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of Plan earnings, and is charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings (losses) or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments. Participant contributions are deducted from payroll and, as directed by the participants, are deposited in any combination of several investment options offered by the Plan as long as the allocations to each of the options are in 1% increments. The Company's matching contributions are directed in the same manner as the participant's contribution. The Plan currently offers seven mutual funds, a target date common collective trust fund (with twelve investment options), four pooled separate accounts offered under a group annuity contract, three common collective trust funds and one stable value fund as investment options for participants.

Notes to Financial Statements (Continued)

Vesting and Benefit Distribution. Participants are 100% vested and have nonforfeitable interests in their contributions and subsequent investment growth. Participants become 100% vested in the Company's matching contributions after completion of three years of service. Employees are fully vested upon attainment of age 65 or in the event of death or permanent disability. Upon retirement at age 65, early retirement at age 62, termination of employment, death, or permanent disability, the balance in the participant's account may remain in the Plan or will either be paid to the participant or his/her designated beneficiary or rolled over to another service provider. Benefit payments are made in a lump sum with the exception of age 70 1/2 minimum distributions which can be taken in a lump sum or installment payments. The Plan has established provisions for participants to make withdrawals from their accounts under certain "hardship" conditions, if approved by the Plan administrator, and for in-service withdrawals by participants who have reached the age of 59-1/2. Effective June 1, 2015, the Plan was amended to allow participants to take partial withdrawals from their vested account following their termination of employment.

Notes Receivable from Participants. Participants may not borrow from their fund accounts; however, the loans reflected in the 2014 financial statements represent loans transferred from plans that were merged into the Plan in prior years. The loans were collateralized by the balance in the participant's account and bore interest at rates commensurate with local prevailing rates at the time funds were borrowed. Principal and interest were paid ratably through payroll deductions. All outstanding loans were repaid as of December 31, 2015. Notes receivable from participants represented participant loans that were recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants was recorded when it was earned. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded as of December 31, 2014.

Administrative Expenses. Administrative expenses include mutual fund redemption fees, hardship and QDRO distributions fees which are paid directly from the participant's account that initiates the transactions. Substantially all other administrative costs of the Plan are paid by the Plan through a plan expense agreement with Principal.

Forfeited Accounts. At December 31, 2015 and 2014, forfeited nonvested accounts were immaterial.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates. The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties. The Plan uses various investment instruments, including mutual funds, pooled separate accounts, common collective trust funds, and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Notes to Financial Statements (Continued)

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds: Valued based on quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end.

Pooled separate accounts (offered under a group annuity contract) and common collective trust funds: Valued at NAV as determined by the issuer based on the fair market value of the underlying investments.

The Stable Value Fund includes a synthetic guaranteed investment contract ("GIC") issued by Prudential. The synthetic GIC holds a portfolio of units of a common collective trust fund held in the name of the Plan. The synthetic GIC or wrap contracts have features that provide for variable interest crediting rates which are credited to the contract value of the contracts' underlying holdings. The fair value of the Stable Value Fund is based on the NAV of its underlying investments. The contract value of the Stable Value Fund represents contributions made under the contract, plus interest earned at the crediting interest rate, less participant withdrawals and fees. Fair value of the synthetic GIC wrapper is valued by Prudential based on replacement cost for the contract. The fair value of the wrapper as of December 31, 2015 and 2014 was zero.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits. Benefit payments to participants are recorded upon distribution.

Recent Accounting Pronouncements. In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments that Calculate Net Asset Value per Share (or Its Equivalent)*. The purpose of ASU 2015-07 was to address the diversity of how these investments are categorized in the fair value hierarchy. ASU 2015-07 eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted ASU 2015-07 as of December 31, 2015 and retrospectively applied the amendments of ASU 2015-07 as of December 31, 2014.

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts,*

Notes to Financial Statements (Continued)

(Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient ("ASU 2015-12"). The purpose of ASU 2015-12 is to simplify plan accounting.

The amendments in Part I of ASU 2015-12 designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

The amendments in Part II of ASU 2015-12 will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in Part III of ASU 2015-12 reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. Part III is not applicable to the Plan.

ASU 2015-12 may be adopted in whole or by part (I, II, and III), as applicable. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Parts I and II of ASU 2015-12 as of December 31, 2015 and retrospectively applied the amendments in Parts I and II of ASU 2015-12 as of December 31, 2014. Prior year disclosures in Note C have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements and the accompanying notes.

C. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820") established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities inputs (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

Notes to Financial Statements (Continued)

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

<u>December 31, 2015</u>	
	<u>Level 1</u>
Mutual funds	\$ 115,944,072
Total Assets in the Fair Value Hierarchy	115,944,072
Investments measured at net asset value (a) (b)	<u>623,775,517</u>
Investments at Fair Value	<u>\$ 739,719,589</u>

<u>December 31, 2014</u>	
	<u>Level 1</u>
Mutual funds	\$ 181,792,146
Total Assets in the Fair Value Hierarchy	181,792,146
Investments measured at net asset value (a) (b) (c)	<u>561,759,286</u>
Investments at Fair Value	<u>\$ 743,551,432</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(b) Measured using the NAV per unit (or its equivalent) as a practical expedient and held in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity.

(c) There are no participant redemption restrictions or unfunded commitments for these investments. These investments are eligible to be redeemed daily.

D. INFORMATION CERTIFIED BY PLAN TRUSTEE/CUSTODIAN (unaudited)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2015 and 2014 and for the year ended December 31, 2015, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Principal, trustee of the Plan, and Prudential, custodian of the Stable Value Fund, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee and custodian noted above that such information is complete and accurate.

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The total contract value of each type of fully-benefit responsive contract is:

	<u>December 31,</u> <u>2015</u>	<u>2014</u>
Synthetic investment contract	<u>\$ 262,026,588</u>	<u>\$ 265,006,788</u>

F. SYNTHETIC GUARANTEED INVESTMENT CONTRACT

The Plan holds an investment in a synthetic GIC with Prudential as part of the Stable Value Fund (the "Fund"). A synthetic GIC simulates the performance of a GIC through an issuer's guarantee of a specific interest rate (the wrapper contract) and a portfolio of financial instruments that are owned by the Plan. This synthetic GIC includes underlying investments in a common collective trust fund which is held in trust and owned by the Plan. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Although Plan management believes such events are not probable, the contract has certain restrictions that may impact the ability to collect the full contract value; for example, a

Notes to Financial Statements (Continued)

request by the fund manager to terminate or partially terminate the contracts at market values, termination of the trust, the replacement of the trustee without the consent of the wrapper provider, breach of contract by a counterparty, or legal or regulatory events, such as an adverse ruling by a regulatory agency.

The issuer is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. The wrapper agreements generally provide that the crediting rate will not be below 0%. Such interest rates are reviewed on a quarterly basis for resetting. The wrapper contract provides that realized and unrealized gains and losses on the underlying fixed-income portfolio are not reflected immediately in the net assets of the fund, but rather are amortized over the duration of the underlying assets through adjustments to the future interest crediting rate. Primary variables impacting future crediting rates of the Fund include the current yield, duration, and existing difference between market and contract value of the underlying assets within the wrap contract.

G. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company, by a letter dated May 22, 2014, that the Plan and related trust were designed in accordance with applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. The Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

H. PARTY-IN-INTEREST TRANSACTIONS

During 2015 and 2014 the Plan held investments which were units of collective trust funds and pooled separate accounts managed by Principal, Plan trustee, and Prudential, custodian of the Stable Value Fund, therefore these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Administrative fees paid to Principal were \$891,600 in 2015.

I. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	<u>2015</u>	<u>2014</u>
Net assets available for benefits per the financial statements	\$ 1,001,746,177	\$ 1,008,559,116
Adjustment from contract value to fair value for fully benefit-responsive synthetic guaranteed investment contracts	<u>1,857,488</u>	<u>5,278,428</u>
Net assets available for benefits per Form 5500	<u>\$ 1,003,603,665</u>	<u>\$ 1,013,837,544</u>

Notes to Financial Statements (Continued)

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements at December 31, 2015 to net loss per the Form 5500:

<i>Net decrease in net assets available for benefits per the financial statements</i>	\$ (6,812,939)
Net change in adjustment from contract value to fair value for fully benefit-responsive synthetic guaranteed investment contracts	<u>(3,420,940)</u>
<i>Net loss per Form 5500</i>	<u><u>\$ (10,233,879)</u></u>

K. SUBSEQUENT EVENTS

The Plan was amended effective January 1, 2016, to change the existing beneficiary definition, and to add an annual auto-enrollment and an auto-increase feature.

Management has evaluated subsequent events through August 15, 2016, which is the date the financial statements were available to be issued, and have determined that, except as disclosed in the paragraph above, there are no additional subsequent events that require disclosure under ASC 855, *Subsequent Events*.
