CASTLEROCK COMMUNITIES, LP 401(k) PLAN

Notes to Financial Statements

1. Description of Plan

The following description of the CastleRock Communities, LP (the Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Greg Yakim and Robert L. Wright are the Trustees of the Plan, and they are responsible for oversight of the Plan.

The Plan's investments are held in trust by Mass Mutual Life Insurance Company (Mass Mutual). Mass Mutual is the recordkeeper for the investments. All of the Plan's investments are publicly traded mutual funds.

Effective January 1, 2014, Thompson Retirement Resources, Inc. dba Malcolm Thompson & Associates (Malcolm Thompson) provides certain administrative services to the Plan pursuant to a Volume Submitter Profit Sharing/401(k) Plan Adoption Agreement. Malcolm Thompson is the recordkeeper for the Plan. The Company pays Malcolm Thompson's administrative fees.

Contributions

Each year, participants may contribute up to $18,000 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund with goal models that most closely reflect their potential retirement date, until changed by the participant. The Company may make discretionary annual contributions to the Plan. During the year ended December 31, 2015 the Company made a $39,190 discretionary contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is one percent above the prime rate. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant receives a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled $5,745 and $5,040 respectively. These accounts will be used to increase future employer contributions. Also, in 2015, employer contributions were increased by $5,040 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ materially from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force)." This guidance is effective for the Plan for fiscal years beginning after December 15, 2015. However, earlier application is permitted. The Plan has elected to adopt

the guidance effective December 31, 2013. The guidance simplified investment disclosure requirements by eliminating the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type, so no such disclosure is presented. The net appreciation or depreciation in investments for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type, so the Plan has not done so. Net appreciation in investments for the year ended December 31, 2015 is presented on the face of the statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events and transactions up to and including August 30, 2016, the date the financial statements were issued, and where necessary has made the appropriate disclosure.

Effective August 1, 2016, the Plan selected Wells Fargo Bank NA (Wells Fargo) to hold the Plan's investments in trust. Wells Fargo became the recordkeeper for the investments. Wells Fargo was also appointed to provide certain administrative services to the Plan pursuant to a Volume Submitter Profit Sharing/401(k) Plan Adoption Agreement. Wells Fargo is the recordkeeper for the Plan. The Company pays Wells Fargo's administrative fees

3. Investments

The investments presented as of December 31, 2015 and 2014 were certified as complete and accurate by Mass Mutual. Mass Mutual also certified to the completeness and accuracy (including gains and losses on investments bought and sold, as well as held during the year) of ($39,943) of net (depreciation) in the fair value of investments for the year ended December 31, 2015.

4. Fair Value Measurements

The FASB's authoritative guidance for fair value measurements establishes a three-level hierarchy based upon the inputs to the valuation model of an asset or liability. All of the Plan's investments are publicly traded mutual funds, which are hierarchy level 1 – valuation is based on quoted prices in active markets for identical assets and liabilities. The Plan uses the daily closing price as reported by the funds to determine the fair value of its mutual funds.

5. Party In Interest Transactions

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The IRS has determined and informed Malcolm Thompson, the Plan's administrator, by a volume submitter plan letter dated March 31, 2014, that the Plan and the related trust is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Malcolm Thompson believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The IRS has determined and informed Wells Fargo, the Plan's administrator effective August 1, 2016, by a volume submitter plan letter dated March 31, 2014, that the Plan and the related trust is designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
