PROFIT SHARING & 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN

The following description of Boutwell Owens & Co., Inc. (the "Company") Profit Sharing & 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have six months of service, are twenty-one years of age or older and who are not an excluded employee as defined in the Plan agreement. Participants are eligible to participate with deferred contributions on the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the completion of eligibility. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover), subject to certain requirements. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan, by law, cannot recognize annual compensation in excess of \$265,000 and \$260,000 for the 2015 and 2014 Plan years, respectively.

Participant deferral contributions may be matched by the Company at the discretion of the Company. The Company elected not to match employee contributions for the year ending December 31, 2015. The Company's Board of Directors may elect to contribute a discretionary profit sharing amount in addition to matching contributions. Profit sharing contributions are allocated based on the ratio of each eligible participant's compensation to total eligible participants' compensation for the Plan year. The Company made a \$100,000 profit sharing contribution for the years ended December 31, 2015 and 2014, which was paid the following year. Contributions are subject to certain IRS limitations.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. If a participant incurs a severance from employment as a result of death, they become 100 percent vested. A participant shall have a non-forfeitable right to the accrued benefits of the Plan as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate, as defined in the Plan document. Principal and interest is paid ratably through monthly payroll deductions. Loans typically must be paid off within five years, unless it is for the purchase of a residence.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon termination, a participant may elect to receive the balance of his or her account in the form of an annuity payable over a period of time based on certain life expectancies after their retirement, disability, death, or termination or they experience financial hardship and satisfy the requirements for a withdrawal. A participant may also elect either a lump sum payment or installments.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$425 and \$507, respectively. These accounts will be used to reduce future employer contributions. Also, in 2015, \$406 from forfeited nonvested accounts was allocated to existing participants in the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for plan benefits at the dates of the financial statements and the changes in net assets available for plan benefits during the reporting period and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. All operating expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

3. INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets.

3. INVESTMENTS (Continued)

During 2015, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$235,020. There was no appreciation or depreciation of the fixed annuity insurance contracts.

* Investment was not greater than 5 percent of the Plan's total net assets.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

4. FAIR VALUE MEASUREMENTS (Continued)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Annuity Funds: The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract as calculated by the annuity provider.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

6. RELATED-PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Great-West Trust Company LLC. Great-West Trust Company LLC is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and administration amounted to \$1,338 for the year ended December 31, 2015.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to modify, suspend, or terminate the Plan, in whole or in part (including the provisions relating to contributions), subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

At December 31, 2015 and 2014, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2015 and 2014, as reported by the Trustee is summarized as follows:

10. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan IS designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving that determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan,

BOUTWELL OWENS & CO., INC.
PROFIT SHARING & 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

10. TAX STATUS (Continued)

and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12. SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 26, 2016, which is the date the financial statements were available to be issued.
