INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the National Corporate Research, Ltd. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of National Corporate Research, Ltd. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2015 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2015 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2015 Financial Statements

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note 4, which was certified by John Hancock Life Insurance Company of New York, the insurance company of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the Plan administrator that the insurance company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the insurance company as of December 31, 2015, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the insurance company is complete and accurate.

Disclaimer of Opinion on 2015 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2015 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2015 financial statements.

ACCOUNTANTS & ADVISORS

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2015, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2015 Financial Statements* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

The financial statements of the Plan as of December 31, 2014, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the insurance company. Their report, dated July 15, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the 2014 financial statements taken as a whole, and (b) the form and content of the information included in the 2014 financial statements, other than that derived from the information certified by the insurance company, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the insurance company have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NATIONAL CORPORATE RESEARCH, LTD. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A – Description of Plan

[1] The Plan

The National Corporate Research, Ltd. 401(k) Plan, (the "Plan") was adopted on January 1, 2000. Effective January 1, 2009, National Corporate Research, Ltd. (the "Company"), amended and restated its 401(k) profit sharing plan (except for those specific provisions that have an earlier effective date). The amended and restated Plan is intended to comply with the requirements of the Employee Retirement income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended by subsequent legislation, including the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA") and the Job Creation and Workers Assistance Act of 2002, and it is also intended to comply with all applicable rulings and Regulations promulgated thereafter. The Plan was completely restated as mandated by the Internal Revenue Service ("IRS") and the Department of Labor ("DOL") under EGTRRA. There were no changes made to the provisions of the Plan, but it was a mandated plan reinstatement to update the Plan language in accordance with EGTRRA.

The following description of the Plan is provided for informational purposes only. Participants should refer to the Plan document for more complete information.

[2] Eligibility

The Plan is a defined contribution and salary reduction plan covering all full-time employees upon reaching the age 21 and completing three months of service. The Plan contains a cash or deferred arrangement, and once an employee is eligible to participate, the employee can contribute to the Plan on a tax deferred basis through payroll deductions.

[3] Contributions

Each year, participants may elect to make contributions of pre-tax annual compensation, up to the legal maximum allowable amount as defined by the Internal Revenue Code ("IRC"). In 2015, participants could contribute up to a maximum of $18,000 with an additional $6,000 catch-up contribution for employees over 50 years old. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will match the participant's contribution up to a maximum of 4% of compensation of an employee who contributed 5% of salary or up to $18,000. All employee contributions are 100% vested.

[4] Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer contributions, (b) plan earnings (losses), and (c) administrative expenses. Allocations are based on participant earnings (losses) or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[5] Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans that are less than $1,000 will not be granted. Terms range from one to five years and have interest rates of 4.25% APR. The notes are secured by the balance in the participant's account and bear a reasonable interest rate (determined at the time the loan is made). Notes are repayable through bi-weekly payroll withholding of principal and interest. Participants have the right to repay notes, in whole or in part, without premium or penalty and with accrued interest on the principal being paid to the date of such payment.

Note A – Description of Plan (continued)

[6] Vesting

Participants vest immediately in both their contributions and the Company contributions made after 2006 plus the actual earnings (losses) thereon. Vesting in the Company's contributions made before 2007 is based on completion of the following number of years of service. A participant is 100% vested after six years of credited service according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	0
1	0
2	20
3	40
4	60
5	80
6	100

[7] Investment Options

Upon enrollment in the Plan, a participant may direct how their Elective Deferral Account, Matching Contribution Account, Non-Elective, Contribution Account and Rollover Contribution Account will be invested. Subject to any rules or procedures established by the Administrator, a participant may choose from any investment alternatives approved by the Trustees, including but not limited to savings and/or money market accounts, stocks, bonds and mutual funds. A participant can switch between investment alternatives as often as is permitted under the investment alternatives you choose.

[8] Payment of Benefits

Participants separating from service due to retirement, death or disability, will receive 100% of the account balance in a lump sum payment. Upon termination of service, a participant may elect to receive a lump sum amount equal to the vested value of his or her account or have such payment deferred until the participant has attained age seventy and one-half years.

[9] Administrative Expenses

The Plan routinely incurs expenses for the services of lawyers, actuaries, accountants, third party administrators, and other advisors. Some of these expenses may be paid directly by the Company while other expenses may be paid from the assets of the Plan. The expenses that are paid from Plan assets will either be charged to all Participants or will be charged directly to the account of the Participant on whose sole behalf the expense is incurred.

[10] Forfeited Accounts

At December 31, 2015 and 2014, there were $2,969 of forfeitures available to be used to reduce future employer contributions. For 2015 and 2014 no forfeitures were utilized to reduce the Company's contributions to the plan.

NATIONAL CORPORATE RESEARCH, LTD. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note B - Summary of Significant Accounting Policies

[1] Basis of Accounting

The accompanying financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

[2] Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America requires management to make estimates and assumption that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

[3] Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of Benefits

Benefit payments are recorded when paid.

[5] Subsequent Events

These financial statements were approved by management and available for issuance on August 26, 2016. Subsequent events have been evaluated through this date.

[6] Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

[7] Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, an amendment to Fair Value Measurement Topic 820. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. For non-public business entities, ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years, with early application permitted. The Plan elected to adopt ASU No. 2015-07 as of and for the year ended December 31, 2014. Accordingly, investments measured using the net asset value per share practical expedient have not been categorized within the fair value hierarchy. The amendment has been applied retrospectively to all periods presented.

Note B - Summary of Significant Accounting Policies (continued)

[7] Recent Accounting Pronouncements (continued)

In July 2015, the FASB issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*, amendments to Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965). ASU 2015-12 (i) designates contract value as the only required measure for fully benefit-responsive investment contracts, (ii) simplifies investment disclosure requirements, and (iii) allows an employee benefit plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments using the month end closest to its fiscal year end. The amendments are effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. The Plan elected to adopt ASU 2015-12 as of and for the year ended December 31, 2014. The applicable amendments of ASU 2015-12 have been applied retrospectively to all periods presented.

Note C - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, the Plan uses various valuation techniques. A fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs are to be used when available. Valuation techniques that are consistent with the market or income approach are used to measure fair value. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on inputs, other than quoted prices included in Level 1, that are observable either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Fair value is a market-based measure, based on assumptions of prices and inputs considered from the perspective of a market participant that are current as of the measurement date, rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date.

The availability of valuation techniques and observable inputs can vary from investment to investment and are affected by a wide variety of factors, including the type of investment, whether the investment is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the investments existed. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

Note C - Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at net asset value as a practical expedient, based on the market value of the underlying investments. The net asset value is not a publicly quoted price in an active market. The pooled separate account is comprised of mutual funds as the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled separate accounts totaling $10,373,562 and $9,724,445 at December 31, 2015 and 2014, respectively are measured at fair value using the net asset value per share (or its equivalent) practical expedient and have not been classified in the fair value hierarchy. There are no unfunded commitments, limits on redemption frequency, or required redemption period notices related to these pooled separate accounts.

Note D – Tax Status

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

The Plan obtained its latest determination letter on March 31, 2006 in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

Note E – Information Prepared and Certified by John Hancock Life Insurance Company of New York

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, John Hancock Life Insurance Company of New York has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the statement of changes in net assets available for benefits for the year ended December 31, 2015 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015.

NOTES TO FINANCIAL STATEMENTS

Note F - Guaranteed Investment Contract

The Plan entered into a benefit-responsive guaranteed investment contract with John Hancock Life Insurance Company of New York. John Hancock Life Insurance Company of New York maintains the contributions in a general account. The contract is reported at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by John Hancock Life Insurance Company of New York, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed periodically for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit- responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events, which are not probable, include, but may not be limited to, the following: (i) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code, (ii) Plan termination, (iii) replacement of the contract issued with terms available under a different contract.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include, but may not be limited to, the contract failing to qualify as an annuity.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Note H - Parties-in-Interest

The assets of the Plan are invested with and valued by John Hancock Life Insurance Company of New York, which is considered a party-in-interest as a provider of administrative investment management and accounting services to the funds. These transactions are exempt from the prohibited transaction rules.

Note I - Concentration of Credit Risk

In the normal course of business, all of the Plan's assets are transacted with and held by John Hancock Life Insurance Company of New York. The Plan is subject to credit risk to the extent John Hancock Life Insurance Company of New York is unable to fulfill contractual obligations on their behalf. The Company has not experienced and does not anticipate any losses from this arrangement.

NOTES TO FINANCIAL STATEMENTS

Note I - Concentration of credit risk (continued)

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections. Additionally, the investments within each participant-directed fund are further diversified into varied instruments.

Note J – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possibly that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2015 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Note K - Noncompliance with Plan Terms

For the years ended December 31, 2006 through 2015, the Plan had an operational deficiency with the definition of compensation, which resulted in incorrect withholding of contributions. The Company is currently evaluating the significance of this noncompliance and is taking corrective action in accordance with IRS procedures. As of the filing of Form 5500, the Plan has determined that an approximately $125,000 is due to the Plan to correct identified errors. This amount has been reflected on both the books of the Company and the Plan and is expected to be deposited before December 31, 2016. The Plan Sponsor will also submit excise tax forms and will remit the required excise tax to the IRS in 2016.
