401(k) SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2015 AND DECEMBER 31, 2014

Note 1. DESCRIPTION OF THE PLAN:

The following brief description of the ALCAL Industries, Inc. 401(k) Savings Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General:

The Plan is a defined contribution 401(k) plan covering all the employees of ALCAL Industries, Inc. (the "Plan Sponsor") and California Service Tool, Inc.

The Plan is subject to the Provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code.

Eligibility:

Employees are eligible to participate in the Plan after completing 6 months of service and have attained age 21. Effective November 24, 2014, Employees are eligible to participate in the Plan after completing 6 months of service and have attained age 18. For the purposes of elective deferrals, the entry date will be the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the date the eligibility requirements are satisfied.

Participant contributions:

The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $18,000 and $17,500 for 2015 and 2014. For fiscal years beginning after December 31, 2001, individuals age 50 or over by the end of the plan year are allowed to make additional contributions to a 401(k) plan, in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount ($6,000 and $5,500 in 2015 and 2014) or the participant's compensation for the year reduced by the participant's other elective deferrals.

The Plan permits Roth Deferrals.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions:

The plan sponsor may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant elective deferrals each payroll period. The Employer will not match participant elective deferrals in excess of 4% of compensation each payroll period. The Plan Sponsor matched participant contributions at the rate of 50% up to 4% of compensation for the year ended December 31, 2015.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocation of the Plan Sponsor's contribution and the Plan earnings and charged with an allocation of administrative expenses.

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2015 AND DECEMBER 31, 2014

Note 1. DESCRIPTION OF THE PLAN (Continued):

Notes receivable from participants:

Under the terms of the Plan, participants may borrow from their account, a minimum of $1,000 up to a maximum of $50,000 or 50% of the participant's account balance, whichever is less. The loans are secured by the balance in the participant's account. Loans bear a fixed rate of interest determined on the date of advance. Principal and interest is paid ratably through payroll deductions.

Vesting:

Participants are immediately 100% vested in their contributions and earnings thereon.

Plan sponsor contributions are subject to a vesting schedule of 20% per year after the first year of service.

Payment of benefits:

Participant contributions are available for withdrawal at the participant's death, retirement, total disability, age 59 ½, or termination of employment with the Plan Sponsor. Participants who qualify for benefits and withdrawals may elect to receive their benefits in the form of a lump sum or in periodic installments. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account.

Forfeitures:

Forfeitures are retained in the Plan and allocated to the remaining participants as an additional plan sponsor contribution. During the plan year ended December 31, 2015, $1,592 from the forfeiture account was allocated as an additional plan sponsor contribution.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Method of accounting:

The financial statements are prepared using the accrual basis of accounting and in accordance with ERISA.

Investment valuation and income recognition:

Investments are generally included in the financial statements at fair value as reported to the Plan by the Plan asset custodian. Shares are stated at quoted market value. Gains and losses on investments are recognized in the period in which the appreciation or depreciation occurs. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains or losses and unrealized appreciation or depreciation on those investments.

As described in the Professional Accounting Standards, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Purchases and sales of securities are recorded on trade date basis.

Participant loans:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Accounting changes:

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully-benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Part III also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

In May 2015, FASB issued ASU 2015-07 Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent). The ASU removes the requirement to categorize investments measured at fair value using net asset value (NAV) as a practical expedient within the fair value hierarchy. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted and applied retrospectively. The plan's management has elected to adopt ADU 2015-07 early.

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2015 AND DECEMBER 31, 2014

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Reclassification of prior year presentation:

Certain prior year amounts have been reclassified for consistency with the current period presentation. These reclassifications had no effect on the reported results of operations and were necessary to comply with the early adoption of the accounting change mentioned above.

Subsequent events:

Management has evaluated subsequent events through August 10, 2016, the date which the financial statements were available for issue.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 4. SIGNIFICANT CONCENTRATION OF CREDIT RISK:

The Plan's investments are held in a trust fund administered by Empower Retirement. The Plan provides for various investment options in any one of a combination of mutual funds that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED):

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the custodian certified information regarding the cost and fair value of all investments and notes receivable from participants transactions held at December 31, 2015 and December 31, 2014 and investment and notes receivable from participants transactions entered into during 2015, which was used in the preparation of the accompanying financial statements and supplemental schedules.

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2015 AND DECEMBER 31, 2014

Note 6. FAIR VALUE MEASUREMENTS:

Professional accounting standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under professional accounting standards are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015.

Mutual fund: Valued at the net asset value (NAV) of shares held by the plan at year end.

Benefit responsive investments: Valued based on the credited rate or the underlying unit value communicated to the plan. Any market value adjustment or surrender charge will be based on the formulas and schedules in the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2015 AND DECEMBER 31, 2014

Note 6. FAIR VALUE MEASUREMENTS (Continued):

The following table sets forth by level, the Plan's assets at fair value as of December 31, 2015:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,233,643	$ -	$ -	$ 7,233,643
Total assets at fair value hierarchy	$ 7,233,643	$ -	$ -	7,233,643
Investments measured at NAV practical expedient				938,852
Investments at fair value				$ 8,172,495

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,499,451	$ -	$ -	$ 6,499,451
Total assets at fair value hierarchy	$ 6,499,451	$ -	$ -	6,499,451
Investments measured at NAV practical expedient				1,418,207
Investments at fair value				$ 7,917,658

Note 7. BENEFIT-RESPONSIVE INVESTMENT (STABLE VALUE FUND):

The Plan entered into a benefit-responsive investment contract with Wells Fargo Bank, N.A and Empower Retirement. Wells Fargo Bank and Empower Retirement maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Value investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to benefit-responsive investment. Contract value, as reported to the Plan by Wells Fargo Bank, N.A and Empower Retirement, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 7. BENEFIT-RESPONSIVE INVESTMENT (STABLE VALUE FUND) (Continued):

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a certain percentage.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

For the year ended December 31, 2015, the average yield earned by the Plan for benefit responsive investment was 1.83% and 1.20%. For the year ended December 31, 2014, the average yield earned by the Plan was 1.40% and 1.25%.

As of December 31, 2015 and December 31, 2014, the Plan had $938,852 and $1,418,207, respectively, in Investment Stable Value Fund, a benefit-responsive investment.

Early application of the FASB ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient, allow us to eliminate the requirement to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully-benefit responsive investment contracts. However, under FASB ASU 2015-12, the amount previously presented as contract value is now presented as fair value.

Note 8. INCOME TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the relate trust is tax-exempt.

Note 9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan Sponsor may, at its sole discretion, terminate the Plan in whole or in part at any time. In the event of termination, each participant’s account balance will be 100% vested.

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2015 AND DECEMBER 31, 2014

Note 10. RELATED PARTY TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by various brokerage houses and investment transactions are executed by Empower Retirement. Empower Retirement is the trustee as defined by the Plan. Fees paid by the Plan for the investment management services amounted to $3,369 for the year ended December 31, 2015. These transactions qualify as party-in-interest transactions, which are exempt from the ERISA, prohibited transaction rules.

Note 11. EXCESS CONTRIBUTIONS:

Contributions made by participants may be limited due to IRS regulations and computations done at the end of the plan year. Contributions which initially meet all IRS limitations may be found to be in excess of IRS limitations at the end of the year.

As of December 31, 2015 and December 31, 2014, the results of deferral limits testing, determined the amount of $23,629 and $11,372, respectively, to be contributions in excess of IRS limits.

Failure to meet the deferral limits can be corrected after the plan year end by recharacterization of the excess elective deferral as an employee after-tax contribution or catch-up contribution or by timely distribution of excess contributions to the appropriate participants. Recharacterization of the deferral must be made no later than 2½ months after the Plan's fiscal year end, and distribution of excess contributions must be made within 12 months of the Plan's year end. However, if the excess contributions are distributed later than 2 ½ months after the end of the plan year, the Plan Sponsor must pay a 10% excise tax.
