INDEPENDENT AUDITORS' REPORT

To The Board of Trustees
MAOS, Inc. 401(k) Salary Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MAOS, Inc. 401(k) Salary Savings Plan (the "Plan") which comprise the statements of net assets available for benefits at December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Ascensus Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee at December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the Plan has adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part II: Plan Investment Disclosures*, and has applied the standard retrospectively to all periods presented, as required. Part II of this ASU eliminates the requirement to disclose: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Our opinion is not modified with respect to this matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) at December 31, 2015, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the MAOS, Inc. 401(k) Salary Savings Plan (the “Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 2005, and restated on January 1, 2015, is a defined contribution plan under Internal Revenue Service Code (the “Code”) Section 401(k) covering all eligible partners and employees of Medical Arts Office Services, Inc. (the “Sponsor”). Partners and employees of the Sponsor are eligible to participate in the Plan for pre-tax elective deferrals and Roth deferrals upon completion of one month of service and attaining the age of 21, and are eligible for discretionary matching contributions and discretionary profit sharing contributions upon completion of 1,000 hours of service in a consecutive 12-month period beginning on the date of hire.

During 2015 the Company acquired a company, Collins Rentals, LLC (“Collins”), and opened the Collins Rental 401(k) Salary Savings Plan for Collins employees and those employees of the Sponsor who were transferred to Collins. See also Note 8.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Investments of the Plan are held by a trust established with Ascensus Trust Company (the “Trustee”), a subsidiary of Ascensus, Inc. The Trustee invests all contributions and allocates to each participant account a proportionate share of investment income. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute a minimum of 1% up to a maximum of 70% of eligible compensation, as defined in the Plan, as a pre-tax deferral or Roth deferral. A participant’s total contributions in any year may not exceed the maximum amounts for that year as specified by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Note 1 - Description of Plan (cont'd.)

Contributions (cont'd.)

The Sponsor may make a discretionary matching contribution of a percentage of eligible compensation that participants contribute to the Plan. In 2015, the Sponsor made matching contributions of $29,964.

The Sponsor also may make discretionary profit sharing contributions to the Plan, in such amount, if any, as determined by the Sponsor in its sole discretion. There were no profit sharing contributions recorded in 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their own contributions plus actual earnings. Participants are vested in the Sponsor's contributions portion of their accounts based on years of service as follows:

Years of Service	Vesting Percentage
Less than 1	0%
At least 1 but less than 2	20%
At least 2 but less than 3	40%
At least 3 but less than 4	60%
At least 4 but less than 5	80%
At least 5 or more years	100%

A participant becomes 100% vested in all Sponsor's contributions upon death, disability or the attainment of age 65.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate, as defined. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence. Upon termination from the Sponsor, a participant must repay the outstanding balance immediately.

Note 1 - Description of Plan (cont'd.)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or their beneficiaries, has four options for their vested balance in the Plan. The participant may elect to receive a lump sum amount equal to the participant's vested account or in installments over a period of up to ten years, defer distribution and retain their funds in the former employer`s plan, roll the funds over to an IRA account, or transfer the funds to another employer`s plan. For participant loans in which the participant has a distributable event, such as employment termination, death, or disability, the loan would be considered a distribution.

Forfeited Accounts

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. At December 31, 2015 and 2014, forfeited nonvested accounts related to the Sponsor's contributions totaled $3,363 and $3,576, respectively. Nonvested forfeitures are used to reduce future Sponsor contributions. At December 31, 2015, $3,000 was used to reduce Sponsor contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Amounts allocated to accounts of participants who have elected to withdraw from the Plan are recorded as distributions when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment adviser. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2015 or 2014. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. During 2015, administrative expenses of $13,961 were deducted from participant accounts. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Reclassification

Certain amounts in the statement of net assets available for benefits as of December 31, 2014 have been reclassified to conform to the current year's presentation.

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendments were applied retrospectively to all periods presented, resulting in changes to the prior-period information to eliminate the disclosure of: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Parts I and III are not applicable to this Plan.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

New Accounting Pronouncements

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management is still evaluating the effects of the ASU and has not adopted as of December 31, 2015.

Note 3 - Information Prepared and Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Ascensus Trust Company, as trustee of the Plan, at December 31, 2015 and 2014 and for the year ended December 31, 2015. This information has not been audited by the independent auditors.

	2015	2014
Investments, at fair value:		
Mutual funds	$ 4,011,627	$ 4,320,566
Money market funds	376,234	146,733
Total Investments	$ 4,387,861	$ 4,467,299
Notes receivable from participants	$ 67,224	$ 75,316
Investment income:		
Interest and dividend income	$ 46,902	
Interest on notes receivable from participants	$ 2,208	
Net appreciation in fair value of investments	$ 10,234	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price as reported by the fund. The BlackRock Ready Asset Government Liquid Fund held by the Plan is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (cont'd.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015 and 2014:

	Assets at Fair Value at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,011,627	$ -	$ -	$ 4,011,627
Money market funds	376,234	-	-	376,234
Total Investments	$ 4,387,861	$ -	$ -	$ 4,387,861

	Assets at Fair Value at December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,320,566	$ -	$ -	$ 4,320,566
Money market funds	146,733	-	-	146,733
Total Investments	$ 4,467,299	$ -	$ -	$ 4,467,299

Note 5 - Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Ascensus Trust Company. Ascensus Trust Company is the trustee and its parent Ascensus, Inc. is the record keeper for the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services amounted to $5,062 for the year ended December 31, 2015.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Transfers From Plan

The Plan account balances of participants who were transferred to the payroll of Collins (see Note 1) were transferred to Collins Rental 401(k) Salary Savings Plan (the "Collins Plan"). During the year ended December 31, 2015, such transfers from the Plan to the Collins Plan amounted to $21,548.

Note 8 - Tax Status

The Plan has adopted the Ascensus non-standardized profit sharing plan. Accordingly, the Plan is permitted to rely on Ascensus's opinion letters. The Internal Revenue Service ("IRS") has determined and informed Ascensus by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2015 through the date of these financial statements, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.
