NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Hunter Defense Technologies, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all of the employees of Hunter Defense Technologies, Inc. (the Company) who have completed 6 months of eligible service and attained age 18. During 2015, HDT Expeditionary Systems, Inc., and HDT Robotics, Inc., were merged into Hunter Defense Technologies, Inc. and as such their employees also continue to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute voluntary pre-tax and Roth contributions of up to 90% of their eligible compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company is required to make a safe harbor employer matching contribution equal to 100% of participant contributions up to 4% of compensation, as defined, plus 50% of contributions in excess of 4%, up to 6% of compensation, as defined. During May 2016, the Company suspended the safe harbor employer matching contribution. The Company may also elect to make a discretionary profit sharing contribution to the Plan for the related year. There were no discretionary profit sharing contributions authorized for the year ended December 31, 2015. Contributions are subject to certain IRS limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary pre-tax and Roth contributions, rollover contributions, and allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Company's profit sharing contributions are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year and are based on participants' compensation for the Plan year relating to the contribution. Plan earnings are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their contributions and the employer's contributions plus actual earnings thereon.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow money within certain limits from their individual accounts. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance is less than \$1,000, the plan administrator may direct the trustee to make a lump-sum distribution. Distributions of a participant's 401(k) account balance may be authorized at any time under certain hardship conditions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Adoption of ASU 2015-07

The Plan has elected to early adopt Financial Accounting Standards Board ASU 2015-07 for 2015. As such, the Plan has changed certain disclosures related to investments. Certain disclosures at December 31, 2014, have been retroactively adjusted to conform to the new standard.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Assets of the Plan are held in separate accounts of a trust administered by Fidelity as of December 31, 2015 and 2014, representing investments in mutual funds and common/collective trust funds.

Investments of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2015 and 2014, and for the year ended December 31, 2015, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through August 9, 2016, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity, the trustee.

NOTES TO THE FINANCIAL STATEMENTS

3. INFORMATION CERTIFIED BY TRUSTEE (Continued)

Fidelity has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2015 and 2014, and for the year ended December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust funds: Stable value funds that are composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are comprised of Level 1 mutual funds at December 31, 2015, totaling \$33,543,751 and stable value collective trust funds measured at NAV as a practical expedient which totaled \$4,388,610 at December 31, 2015.

Assets measured at fair value are comprised of Level 1 mutual funds at December 31, 2014, totaling \$33,198,252 and stable value collective trust funds measured at NAV as a practical expedient which totaled \$3,958,724 at December 31, 2014.

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The Plan adopted a standardized prototype plan document sponsored by Fidelity effective April 11, 2014. The Internal Revenue Service has determined and informed Fidelity, by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
