1. Description of Plan

The following description of the Sunland Fire Protection, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan available to eligible employees of the Company. To be eligible to participate in the Plan, an employee must have attained the age of 21 and completed one year of service with more than 1,000 hours. Employees may begin participation as of January 1, April 1, July 1 or October 1 of the year in which they meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to contribute a percentage of their pre-tax annual compensation, as defined in the Plan, not to exceed the limits set by the Internal Revenue Service ("IRS"). Effective January 1, 2015, the Plan was amended to also allow for after-tax ("Roth") contributions. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. For 2015 and 2014, the Company matched 50% of the first 6% of base compensation that each participant contributed to the Plan. The Company may also make a discretionary profit sharing contribution to be determined annually by the Board of Directors. The profit sharing contribution is allocated to participants based upon the percentage of their compensation to total compensation for all eligible participants. Participants must complete 1,000 hours of service and be employed on the last day of the plan year in order to receive Company contributions. There was no discretionary profit sharing contribution in 2015 or 2014.

Upon enrollment in the Plan a participant may direct employee and Company contributions in any of the investment options offered through the Plan. Participants may change their options at any time. Participants may change their deferral percentages quarterly on January 1, April 1, July 1 and October 1.

Participants' Accounts – Each participant's account is credited with the participant's and the Company's contributions and an allocation of the Plan's net earnings and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Concluded)

Vesting – Participants are immediately vested in their voluntary contributions, plus any income or loss thereon. Vesting in the Company's discretionary matching and profit sharing contributions, plus any income or loss thereon, is based on years of continuous service according to the following schedule:

Years of Continuous Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits – Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive a lump-sum payment or installment payments. In-service distributions may be made to participants who have reached age 59½. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeitures – Forfeitures from non-vested participant accounts may be used to offset future Company contributions. For 2015 and 2014, forfeitures in the amount of $1,143 and $2,209 were used to reduce the Company's contributions.

Notes Receivable from Participants – A participant may borrow from the Plan only to meet a financial hardship, as defined by the Plan. Loans can be requested from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Terms are up to five years and only one note may be outstanding at a time. The notes are secured by the vested account balance in the participant's account and bear interest at the prime rate plus 1% at the date of the application. Principal and interest are paid through payroll deductions.

Administrative Expenses – The Company absorbs certain expenses incidental to the administration of the Plan, including internal administrative costs. Distribution and loan fees are paid from participant accounts. Other fees, including trustee, recordkeeping and asset fees, are paid by the Plan.

See accompanying independent auditor's report.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to present investments for which the practical expedient is used to measure the fair value at net asset value ("NAV") within the fair value hierarchy table. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value

investment balance on the statements of net assets available for benefits. The ASU is effective for periods beginning after December 15, 2015, with early adoption permitted. Management is currently assessing the impact this guidance will have on future financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, which simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts, including common and collective trust assets. Contract value is the only required measure for fully benefit-responsive contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure information about fair value of investments shall be provided by general type of plan asset. Part III allows plans to measure investments using values from the end of the calendar month closest to the Plan's fiscal year end. The ASU is effective for periods beginning after December 15, 2015, with early adoption permitted. The Plan elected to early adopt ASU 2015-12 Parts I and II as of December 31, 2015 and has applied the provisions retrospectively. The provisions of ASU 2015-12 Part III are not applicable to the Plan.

Reclassifications – Certain reclassifications have been made to the prior year's reported amounts in order to conform to the current year presentation. These reclassifications include the adjustment for the common collective trust funds to contract value from fair value that was made as a result of the Plan's adoption of ASU 2015-12 as described above. This reclassification was made on the statements of net assets available for benefits and did not impact the statements of changes in net assets available for benefits.

See accompanying independent auditor's report.

2. Summary of Significant Accounting Policies (Concluded)

Subsequent Events – Management has evaluated events occurring subsequent to the date of the financial statements through July 18, 2016, the date the financial statements were available to be issued, and has determined that no additional events have occurred that require adjustments to or additional disclosure in the financial statements.

3. Information Certified by the Plan's Trustee

The plan sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2015 and 2014, and investment income (loss) and interest income on notes receivable from participants for the years ended December 31, 2015 and 2014, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information certified as complete and accurate by Branch Banking and Trust Company ("BB&T").

4. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

5. Income Tax Status

The Plan has adopted a non-standardized plan document sponsored by BB&T. The IRS has determined and informed BB&T by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC and is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

See accompanying independent auditor's report.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable.

7. Party-In-Interest Transactions

Administrative fees paid by the Plan to BB&T for trustee and recordkeeping services amounted to $25,989 and $24,581 for 2015 and 2014. BB&T is the trustee and recordkeeper of the Plan. As such, these transactions qualify as party-in-interest.

Administrative fees paid to ProNvest for investment advisory services were $7,754 and $6,707 for 2015 and 2014.

8. Fair Value Measurements

The Plan has adopted Accounting Standards Codification 820, "Fair Value Measurements and Disclosures" ("ASC 820") which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are as follows:

Basis of Fair Value Measurements

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

See accompanying independent auditor's report.

8. Fair Value Measurements (Concluded)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015 and 2014.

Mutual funds: Valued at NAV of shares held by the Plan at year-end. The NAV for these investments is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Common collective trust funds: Valued at NAV as determined by the issuer using the estimated fair value of the underlying assets, minus liabilities, which are valued primarily through the use of directly and indirectly observable inputs. These investments are classified within Level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2015.

	Investment Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
