HARRISON RETIREMENT AND SAVINGS PROGRAM

Notes to Financial Statements

For the Period Ended January 1, 2016 and the Year Ended December 31, 2015

Note 1 - Description of the Plan

The following description of Harrison Retirement and Savings Program (the Plan) provides general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, established by Harrison Medical Center (the Employer) under the provisions of Section 403(b) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Merger - Effective January 1, 2016, the Plan was merged with the Catholic Health Initiatives (ERISA) Employee Savings Plan (CHI 403(b) Plan) and legal control of the Plan's assets transferred to the CHI 403(b) Plan at that time. Total assets transferred included \$119,126,400 in investments, \$2,080,081 in notes receivable from participants, and \$5,145,407 in contributions receivable.

Plan Administration - Lincoln Retirement Services Company, LLC is the recordkeeper of the Plan and Lincoln Financial Group Trust Company, Inc. is the custodian of the Plan.

Eligibility - All employees other than leased employees and nonresident aliens may participate in the deferral portion of the Plan. There are no age or service requirements to participate in the deferral portion of the Plan. All employees other than leased employees, nonresident aliens, employees covered by a collective bargaining agreement, employees accruing a benefit under the Harrison Medical Center Retirement Plan, per diem employees, on-call employees, interns, and individuals who become employees as a result of an asset or stock acquisition, merger, or other similar transaction unless and until the Employer shall declare such employment be covered under the Plan, are eligible to participate in the employer matching and employer nonelective portion of the Plan. There are no age or service requirements to participate in the employer matching portion of the Plan. Employees are initially eligible to receive an employer nonelective contribution after completing 1,000 hours of service in a 12 consecutive month period. Eligible employees must also complete 1,000 hours of service during the plan year and be employed on the last day of the plan year to be eligible to receive the employer nonelective contribution.

Contributions - Eligible employees may elect to defer up to 100% of their compensation as pre-tax contributions. Participants who have attained age 50 before the end of the plan year and participants completing 15 years of service with the Employer are eligible to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Employer matches 50% of a participant's contribution not to exceed 4% of eligible compensation. On an annual basis, the Employer may make an additional discretionary nonelective contribution based on each participant's years of eligible service. For the year ended December 31, 2015, the employer nonelective contribution allocated to participant accounts was 3% of eligible compensation for employees with 0 to 4 credited years of service for the Employer and 5% of eligible compensation for employees with 5 or more credited years of service for the Employer. The employer nonelective contribution was approximately \$5,000,000 for the year ended December 31, 2015 and was funded subsequent to year-end. Contributions are subject to certain IRC limitations.

Participant Accounts - Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited with any contributions made to the account as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

For the Period Ended January 1, 2016 and the Year Ended December 31, 2015

Note 1 - Continued

Plan Transfers - At the direction of the Employer, for a class of employees who are participants or beneficiaries in another plan under Code Section 403(b), the Employer may permit a transfer of assets into the Plan. Plan transfers are recorded with employee rollover contributions on the statements of changes in net assets available for benefits.

Payment of Benefits - Upon termination of service, death, disability, retirement, or attainment of age 59 ½, a participant may elect to receive a distribution of his or her vested account balance. The distribution may be in the form of a lump-sum payment. The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan document.

Vesting - Participants are immediately vested in their contributions and employer matching contributions plus earnings. Employer discretionary contributions vest ratably over five years.

Forfeitures - Forfeitures of the nonvested portion of terminated participants' accounts are to be used to pay plan expenses and then to reduce future employer contributions. There was approximately \$49,000 in forfeitures used to pay plan expenses for the year ended December 31, 2015. At December 31, 2015 and 2014, there was \$115,720 and \$55,183 in unapplied forfeitures available for the Employer to use as described above.

Notes Receivable From Participants - A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance, with a minimum loan amount of \$1,000. Loans are payable through payroll deductions over periods ranging from one to five years, unless the loan is used to acquire a principal residence, in which case the limitation is 15 years. The interest rate applied to new loans is based on prime plus 1%. Participants may only have one loan outstanding at a time.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Continued

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Investment and Administrative Expenses - Administrative costs for recordkeeping and asset custodian services are paid by the Plan. Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Transaction based fees for loans and distributions are charged directly to participant accounts. The Employer may elect to pay other expenses related to the Plan's administration.

Subsequent Events - Plan management has evaluated subsequent events through August 25, 2016, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 107,003,573	\$ -	\$ -	\$ 107,003,573

	Fair Value Measurements as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 105,794,348	\$ -	\$ -	\$ 105,794,348

Note 4 - Fully Benefit-Responsive Fixed Annuity Contract

Participants may choose to invest in the Lincoln National Life Insurance Company (Lincoln National Life) Stable Value Account which is a fully benefit-responsive group fixed annuity contract and, therefore, is reported at contract value. Participants may ordinarily direct the withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. The account is credited with participant contributions, plus interest, and charged for participant withdrawals. Lincoln National Life is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Participants are able to take 100% of the value of their account for bona fide plan benefits, such as retirement, termination, or hardship. Some restrictions apply to the free transferability from the group fixed annuity contract to other investment options and withdrawals for reasons driven by the plan sponsor, such as a business shutdown. If the plan sponsor decides to terminate the contract, the payout amount may be lower than contract value based on a formula in the contract. The contract was terminated as a result of the merger described in Note 1 and all amounts were transferred to the CHI 403(b) Plan at full contract value.

Note 5 - Federal Income Taxes

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). Management believes it has operated the Plan in a manner that did not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 7 - Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2015 and 2014, and investment income or loss and transactions for the year ended December 31, 2015, that is disclosed in the accompanying financial statements, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Note 8 - Party-in-Interest Transactions

Plan investments include a fixed annuity contract issued by Lincoln National Life, which is an affiliate of the Plan's recordkeeper and custodian. Therefore, transactions with this investment and fees paid by the Plan to Lincoln National Life or its affiliates qualify as party-in-interest transactions which are exempt from prohibited transaction rules. During 2015, Lincoln National Life and its affiliates were paid \$121,681 from plan assets.

Note 9 - Plan Termination

As described in Note 1, the Plan was merged into the CHI 403(b) Plan on January 1, 2016.
